

SOLID WASTE FACILITY PERMIT

Facility Number:

33-AA-0017

12. Legal Description of Facility: 80 Acres in S1/2, SE 1/4, Sec.25, T5S, R22E and approximately 255 acres in NW 1/4 and N1/2, SW 1/4 of Sec.31, T5S, R23E,(S.B.B.&M).

Assessor Parcel Number(s) (APN) :812-341-003, 812-340-003, 815-171-001 and 815-172-001.

13. Findings:

- a. This permit is consistent with the County Siting Element, pages (4-9) of the Riverside County Integrated Waste Management Plan, approved by the California Department of Resources Recycling and Recovery, pursuant to Public Resources Code, Section 50001 (a) 5 amended 9/23/98.
- b. This permit is consistent with the standards adopted by the California Department of Resources Recycling and Recovery pursuant to Public Resource Code 44010.
- c. The design and operation of the facility is consistent with the State Minimum Standards for Solid Waste Handling and Disposal as determined by the enforcement agency, pursuant to Public Resource Code 44009.
- d. The Riverside County Fire Department has determined that the facility is in conformance with applicable fire standards, pursuant to PRC, 44151.
- e. A Mitigated Negative Declaration (MND) was filed with the State Clearinghouse (SCH #93022043) and adopted by the Riverside County Board of Supervisors on December 13, 1994. The MND describes and supports the design and operation, which will be authorized by the issuance of this permit. A Notice of Determination was filed with the State Clearinghouse on December 21, 1994.
- f. NOE 09-06, for the reduction of Saturday operating hours from every Saturday schedule to the first Saturday of each month (filed with County Clerk on October 27, 2009). NOE 11-01, landfill operator to conduct ancillary activities and landfill maintenance/management 24 hours per day, 7 days a week, as necessary (filed with County Clerk on January 3, 2011). NOE 16-09, Joint Technical Document (JTD) 6 updates the site capacity and estimated closure date for the Blythe landfill with no proposed major changes in design or operation of the landfill (date: June 23, 2016).

14. Prohibitions:

The permittee is prohibited from accepting any waste sludge, medical waste, non hazardous waste requiring special handling, designated waste, or hazardous waste unless the acceptance of such waste is authorized by all applicable permits.

The permittee is additionally prohibited from the following activities:

- a. Acceptance of any material after proposed grade is met.
- b. Conducting any landfill activities in darkness without adequate lighting.
- c. Burning of wastes.
- d. Scavenging.
- e. Dispose of waste beyond the maximum permitted daily tonnage.

15. The following documents describe and/or restrict the operation of this facility:

	Date		Date
Joint Technical Document	Aug. 2016	Preliminary Closure and Postclosure Maintenance Plan (PCMP)	Aug. 2016
Waste Discharge Requirements	Jan. 2002	Closure Financial Assurance Documentation	Aug. 2016
MND/ EA 36440 (SCH#93022043)	Dec. 1994	Operating Liability Certification	May 2007

SOLID WASTE FACILITY PERMIT

Facility Number:

33-AA-0017

NOE: 09-06; 11-01; 16-09

Date: Oct. 2009; Jan. 2011; June 2016

16. Self Monitoring:

The owner/operator shall submit the results of all self monitoring programs to the Enforcement Agency within 30 days of the end of the reporting period. The following environmental measurements shall be reported to the LEA on a **quarterly** basis:

- Number and type of vehicles utilizing the site each day (collection and public “loads”).
- Quantities (in tons) and types of waste received each day.
- Results of the hazardous waste load checking program, including the quantities and types of hazardous waste, medical waste or otherwise prohibited wastes found in the waste stream and the disposition of the materials.
- Results of the landfill gas monitoring program.

REPORTING PERIOD

REPORT DUE

January through March	May 1
April through June	August 1
July through September	November 1
October through December	February 1

17. Enforcement Agency (EA) Conditions:

- a. The operator shall comply with all State Minimum Standards for solid waste handling and disposal as specified in Title 27, California Code of Regulations.
- b. The operator shall maintain a log of special/unusual occurrences. This log shall include, but is not limited to, fires, explosions, the discharge and disposition of hazardous or unpermitted wastes, and significant injuries, accidents or property damage. Each log entry shall be accompanied by a summary of any actions taken by the operator to mitigate the occurrence. The log shall be available to site personnel and the EA at all times.
- c. Additional information concerning the design and operation of the facility shall be furnished upon request and within the time frame specified by the EA.
- d. The maximum permitted daily tonnage for this facility is 400 tons per day and shall not receive more than this amount without a revision of this permit.
- e. This facility is permitted to accept the following wastes: agricultural, construction and demolition, dead animals, inert, mixed/municipal solid waste, triple rinsed and punctured empty pesticide containers, single tires commingled with refuse load, liquid waste, contaminated soils, and non-hazardous industrial wastes.
- f. Metals, white goods, e-waste and universal waste may be collected for recycling.
- g. Adequate artificial lighting must be provided when natural lighting is insufficient to safely conduct landfill operations.
- h. The site shall maintain a formal hazardous waste monitoring program that is approved by this agency. The operator shall provide an employee training program to address the recognition, and proper response to hazardous material incidents. At a minimum, the program shall include the following:
 - Inspection of all incoming loads for fugitive hazardous wastes at the fee booth/scales.
 - Training of all staff responsible for waste handling/management in hazardous waste recognition and site procedures in managing detected hazardous wastes.
 - Provide signs listing materials prohibited from this facility.
 - Maintain approved load checking program.
- h. The EA reserves the right to suspend or modify waste receiving and handling operations when deemed necessary due to an emergency, a potential health hazard, or the creation of a public nuisance.

SOLID WASTE FACILITY PERMIT

Facility Number:

33-AA-0017

- i. Any change that would cause the design or operation of the facility not to conform to the terms and conditions of this permit is prohibited. Such a change may be considered a significant change, requiring a permit revision. In no case shall the operator implement any change without first submitting a written notice of the proposed change, in the form of an RFI amendment, to the EA at least 180 days in advance of the change.
- j. A copy of this permit shall be maintained at the facility.
- k. A copy of the current Report of Disposal Site Information shall be maintained at the site.
- l. To comply with Title 27, Section 20590 (Personnel Health and Safety), the operator shall maintain onsite a copy of the Injury, Illness and Protection Program (IIPP) for review by local and state inspectors.
- m. This permit is subject to review by the EA and may be suspended, revoked, or revised at any time for sufficient cause.
