Dear Acting Director DaRosa:

Attached is the California Mattress Recycling Plan, submitted by the Mattress Recycling Council (MRC). This plan is submitted in compliance with the requirements of the Used Mattress Recovery and Recycling Act, codified beginning at Section 42985 of the California Public Resources Code (the Act).

MRC is a tax-exempt non-profit corporation under Section 501(c)(3) of the Internal Revenue Code that was established for the express purpose of designing, implementing and administering a mattress recycling plan for California and for other states that have enacted mattress recycling laws. Pursuant to Section 42987 of the Act, your agency has certified MRC as the “mattress recycling organization.”

MRC would like to thank you and your staff for your assistance, cooperation and feedback in the development of this document, submitted electronically on July 1, 2015. We look forward to working with your agency to implement a successful and sustainable mattress recycling program for California residents.

Please contact me should you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Ryan Trainer".
