CONSENT AGENDA

On June 29, 1994, the Board authorized the Local Assistance and Planning Committee to utilize a consent agenda for the approval of planning elements due to the large number of documents that the Committee will have to consider. The following items have been reviewed by Board staff and have been recommended to the Committee for consent. The Committee will be asked to approve these items at one time without discussion. At the beginning of the meeting, the Chair of the Committee will ask Committee members or other interested parties or staff who wish to address an item on the Consent Agenda to state their names and the items they wish to address for the record. The Chair or an individual Committee Member may request that an item be removed from the Consent Calendar for full hearing. [Items removed from the Consent Calendar will be heard in the originally scheduled order.]

Note: An asterisk indicates that not all planning elements for that jurisdiction are on the consent agenda.

AGENDA ITEM 17

ITEM:

CONSIDERATION OF STAFF RECOMMENDATIONS ON THE GLENN COUNTY REGIONAL AGENCY AGREEMENT; AND ADJUSTMENT OF THE GLENN COUNTY REGIONAL AGENCY'S BASE-YEAR FROM THE BASE-YEAR PREVIOUSLY APPROVED FOR THE SOURCE REDUCTION AND RECYCLING ELEMENTS FOR THE CITIES OF ORLAND AND WILLOWS AND UNINCORPORATED GLENN COUNTY

I. SUMMARY

Glenn County and its two incorporated Cities of Orland and Willows, expanded an existing Joint Powers Agreement (JPA) in March 1998 to meet the requirements to become the Glenn County Waste Management Regional Agency (Regional Agency). For years, the Glenn County JPA has been acting as one entity and have Board approved multi-jurisdictional Source Reduction and Recycling Elements (SRRE), Nondisposal Facility Elements (NDFE) and Household Hazardous Waste Elements (HHWE).

Public Resources Code (PRC) Sections 40970 et seq. allow cities and counties to form Regional Agencies for the purpose of meeting the mandates of the Integrated Waste Management Act. The County recognized that becoming a Regional Agency would increase numerical accuracy for disposal reporting purposes and simplify the reporting process.

PRC Section 40975(a) requires that any agreement for formation of a regional agency shall be submitted to the Board for review and approval at the time the Regional Agency Integrated Waste Management Plan (RAIWMP) is submitted to the Board for review and approval. Board staff and legal counsel did a preliminary review of the draft agreement in August of 1997 and found it met all of the statutory requirements of the Government Code. The County has submitted the JPA prior to submittal of the RAIWMP which is scheduled to be submitted by August 7, 1998. All three jurisdictions have submitted 1995 and 1996 Annual Reports.

Along with the Regional Agency Agreement, the Glenn jurisdictions also submitted a request to correct the base-year numbers. This request is being considered concurrently with formation of the Region in order to provide the Region with accurate data to use in determining what programs should be implemented and expanded.

II. PREVIOUS COMMITTEE ACTION

There has been no previous action taken on the Regional Agency Agreement or base-year correction request.

III. OPTIONS FOR THE COMMITTEE

1. Approve the Glenn County and Cities of Orland and Willows JPA as a Regional Agency Agreement.
2. Approve the requested correction to the base-year for the Regional Agency.
3. Direct staff to analyze additional information as determined by the Committee, and provide a revised recommendation at a future committee meeting.

IV. STAFF RECOMMENDATION

The County's Agreement as submitted with amendments meets all of the statutory requirements of PRC Section 40975.

Staff recommends that the Board:

1. Approve Options 1 and 2 above and authorize the formation of this Regional Agency under the provisions of PRC Section 40973(d)(1) and corrections to the base-year.

V. ANALYSIS

Regional Agency Formation

The required regional agency formation agreement provisions are followed by description of how the Authority will comply:

1. A listing of the cities and counties which are members;

The members of the Regional Agency include Unincorporated Glenn County and the Cities of Willows and Orland.

2. A description of the method by which any civil penalties imposed by the Board will be allocated among the member jurisdictions;

The members of the Regional Agency agree that the responsibility for any civil penalties incurred upon the Regional Agency pursuant to the Act shall be apportioned to the member jurisdictions in direct proportion to their population for the year in which the penalties are incurred. Populations will be based upon the most recent report prepared and released by the California Department of Finance.

3. A contingency plan detailing how the member agencies will comply with the requirements of the Integrated Waste Management Act (Act) in the event the Regional Agency is abolished;

In the event that the Agreement is terminated, each Member shall assume responsibility for any civil penalties incurred by their jurisdiction. Each member jurisdiction will assume the responsibility for implementing integrated waste management programs as

identified in the multi-jurisdictional SRRE, HHWE, NDFE, Siting Element (SE), and Summary Plan (SP) and preparing and submitting to the CIWMB the required annual reports.

4. A description of the duties and responsibilities of each member jurisdiction;

The Regional Agency will be responsible for the following:

Implementation of the multi-jurisdictional SRRE, HHWE, and NDFE, SE, SP and any other related elements or plans that may be required, to revise or prepare any elements as necessary, to serve as the single agency responsible for the local approval and public review process of these elements, to prepare annual reports, and to serve as the agency responsible for compiling the disposal information from haulers and facility operators for compliance with PRC Sections 41780 and 41821.5.

The member jurisdictions shall be responsible for the following:

Participating in the Regional Agency, assisting the Regional Agency with any subsequent revisions to the SRRE, HHWE, NDFE, and any other related AB 939 planning elements, and reviewing the development of solid waste disposal fees to fund the solid waste planning and disposal programs.

5. A description of source reduction, recycling, and composting programs to be implemented by the regional agency which shall be at least as comprehensive as the programs chosen by individual jurisdictions in their SRRE;

The Regional Agency has the primary responsibility for funding and implementation of the source reduction, recycling and composting programs identified in the SRRE. The Region will implement the SRRE, HHWE, and NDFE programs including, but not limited to, recycling centers and market development, yard waste composting, oil recycling, household hazardous waste, education, and public information.

6. Any additional element deemed necessary by the members of the regional agency.

None.

Base-Year Revision

On September 25, 1996, the Board voted to approve the final SRREs for the Unincorporated Area of Glenn County, and the Cities of Orland and Willows. All three jurisdictions had a Board approved reduced 1995 diversion goal of 15%, 17%, and 15% respectively, for an average of 16%.

In the 1996 Annual Report, the proposed Regional Agency (Region) requested a correction to the Region's base-year generation amount based on information provided by the Glenn County Landfill, the disposal facility used by the Region. The information provided by the facility's operator demonstrated that a significant amount of scrap fiberglass, asphalt and concrete, and tires was not included in the base-year disposal tonnage. These materials were generated and

disposed by commercial/industrial businesses within Glenn County and Glenn County public works. With this approved base-year revision, the Region estimates their 1995 diversion rate to be approximately 32%. Board staff has determined the base-year revision request has been adequately documented, and therefore recommends the request for correction be approved, as shown in the following table.

Glenn County Regional Agency	Base-Year			1995 SRREs Projections			2000 SRREs Projections		
	Dis.	Div.	Gen.	Dis.	Div.	Gen.	Dis.	Div.	Gen.
Prior Board- Approved Tons (9/25/96)	22,658	1,789	24,447	22,520	4,150	26,670	13,822	14,727	28,549
Updated Tons	34,658	1,789	36,447

**JOINT EXERCISE OF
POWERS AGREEMENT
(Solid Waste Disposal and AB 939)**

AN AGREEMENT made and entered into this 17th day of March,
1998 by and between COUNTY OF GLENN, a political subdivision of the State of California,
hereinafter referred to as "COUNTY", as First Party; CITY OF WILLOWS, a municipal
corporation, hereinafter referred to as "WILLOWS", as Second Party, and CITY OF ORLAND,
a municipal corporation, hereinafter referred to as "ORLAND", as Third Party.

RECITALS:

AS A BASIS AND PREMISE for this Agreement, it is understood and acknowledged
by the parties as follows:

1. **Solid Waste Disposal Cooperation.** WHEREAS, in order to reduce the
hazards of air pollution and water pollution in the County of Glenn and in order to comply
with air pollution and water quality standards of various federal and state regulatory bureaus
and agencies, the County of Glenn and the cities of Willows and Orland wish to cooperate in
the establishment, maintenance, and operation of a solid waste disposal site and plan for the
use and benefit of all residents and property owners of the County and the two cities; and

2. **Solid Waste Disposal Site.** WHEREAS, the County leases and operates,
under appropriate ordinances, laws, rules, and regulations, a solid waste disposal site near
County Road 33 (approximately 4 miles due west of Artois) for the disposal of solid wastes 17-6

generated within the unincorporated areas of the County and within the incorporated limits of Willows and Orland; with said solid waste disposal site being named the "Glenn County Landfill Site"; being permitted and identified by the California Integrated Waste Management Board (CIWMB) by the Solid Waste Information System (SWIS) Number 11-AA-0001; and

3. *Solid Waste Fee for Disposal and AB 939.* WHEREAS, in order to :

(A) reimburse the County for the cost of acquisition, operation, and maintenance of the disposal site; and

(B) ensure sufficient funds for implementing the responsibilities of the County and cities pursuant to the California Integrated Waste Management Act (AB 939);

a fee shall be levied annually by the County, with the consent of each of the two cities, on properties located within the unincorporated areas of the County and within the incorporated limits of Willows and Orland; and

4. *Authorization to Form a Regional Agency.* WHEREAS, state legislation [California Public Resources Code (PRC), Section 40970 through 40975] allows cities and counties to form a REGIONAL AGENCY to implement PRC Division 30, Part 2 (Integrated Waste Management Plans), in order to reduce the cost of reporting and tracking disposal and diversion programs by individual cities and counties and to increase the diversion of solid waste from disposal facilities; and

5. *Purposes of the Regional Agency.* WHEREAS, the County, Willows, and Orland wish to establish a REGIONAL AGENCY for purposes of combining disposal and diversion quantities for determining compliance with AB 939 to allow for the efficient operation of diversion programs on a region-wide basis; to assume the responsibilities of the County and the cities for implementation of the multi-jurisdictional Source Reduction and Recycling Element (SRRE), Household Hazardous Waste Element (HHWE), and the Nondisposal Facility Element (NDFE) adopted by the County and the cities and any additional related elements or plans that may be required by state law including the Countywide Siting Element (SE) and the Summary Plan (SP); to revise, as necessary, any existing elements; to prepare any new subsequent elements; to serve as the single agency responsible for the *local approval and public review process* of these elements; to prepare the

annual reports for the reporting of progress toward AB 939 diversion goals; and to serve as the agency responsible for compiling the disposal information from haulers and facility operators for compliance with PRC Sections 41780 and 41821.5; and

6. *Responsibility for Any Civil Penalties.* WHEREAS, the County and the cities wish to assign responsibility for any civil penalties incurred pursuant to AB 939 to the REGIONAL AGENCY.

7. *Authorization of the Regional Agency to Act on behalf of the Member Jurisdictions with Respect to AB 939.* WHEREAS, the County and the cities wish to authorize the REGIONAL AGENCY to assume the responsibility for preparing, revising, reviewing, and locally approving AB 939 planning elements.

NOW, THEREFORE, IN CONSIDERATION of the mutual promises of the parties, it is AGREED as follows:

1. *Precedence of Agreement.* Except as otherwise provided herein, this agreement shall take precedence over and supersede any other such agreement between the parties dealing with solid waste management.

2. *Establishment of solid waste disposal fee.* On or before April 1st of each year, the County Department of Public Works (Department) will make a determination of the amount of funds required to fund the solid waste disposal program for the following fiscal year.

(A) The Department will make an estimate of revenues available from gate receipts and other sources (e.g. state grants, sale of salvage materials, etc.) to offset the funds required. The additional funds needed will be obtained through the imposition of solid Waste disposal fees; and

(B) The Department will obtain from the County Assessor's Office a listing of the number and type of parcels eligible for imposition of solid waste fees; and

(C) The Department will apportion the total tonnage received at the Glenn County Landfill Site between residential and non-residential sources and establish solid waste fees for residential and non-residential categories; and

17-8

(D) The Department will forward to the REGIONAL AGENCY the recommended solid Waste disposal fees. Prior to May 1st of each year, the REGIONAL AGENCY will review and adopt the solid waste fee schedule and recommend its adoption by the County Board of Supervisors with the consent of each City's City Council pursuant to the authority granted in California Government Code (GC) Sections 25830 and 25831; and

(E) Prior to June 1st of each year, each City Council shall, by resolution, consent to the levying of the solid waste fees by the County within the incorporated limits of each City; and

(F) On or before July 1st of each year, the County Board of Supervisors, by resolution or ordinance, adopt and levy the solid waste fees within the incorporated and unincorporated areas of the County. A list of the parcel designations with the solid Waste disposal fees to be imposed upon each parcel shall accompany the ordinance or resolution. The fees will be levied and collected by the County Tax Collector as provided in GC Section 25830; and

(G) The County will follow the provisions of GC Section 25830 pertaining to the collection of delinquent fees.

3. *Enterprise Fund.* All moneys, fees, and fees collected under this Agreement shall be deposited in the Enterprise Fund (Fund) established by County under Resolution Number 72-55. The Enterprise Fund shall be used by the County only for the:

(A) planning, acquisition, operation, and maintenance of the Glenn County Landfill Site; and

(B) financing and implementing solid waste management plans and programs pursuant to AB 939, including any waste collection, processing, reclamation and disposal services. The County shall disburse monies from the Fund for AB 939 in conformance with the recommendations of the REGIONAL AGENCY. The County shall provide an annual report to the REGIONAL AGENCY on the disbursements from and use of the Fund.

4. *Conformance with Applicable Rules and Regulations.* The operation and maintenance of the Glenn County Landfill Site, in conformity with all federal and state rules and regulations applicable thereto, shall be the function and responsibility of the County. 17-9

5. *Schedule of Fees.* The County shall establish a schedule of fees for the disposal of garbage, refuse, and waste at the disposal site which shall be uniform for all persons who are residents of or property owners within either the County, Willows or Orland. The County shall, upon payment of the appropriate disposal fees, permit any and all residents of and property owners within the County, Willows, or Orland residents, property owners, and all commercial collectors operating under a franchise, license, contract, or permit within the County, Orland, or Willows to dispose of waste at the disposal site providing all applicable regulations are adhered to.

6. *Formation and Description of Regional Agency.* This agreement is also made and entered into for the purpose of forming a REGIONAL AGENCY pursuant to California PRC Sections 40970 through 40975. The REGIONAL AGENCY shall:

(A) Combine disposal and diversion quantities for determining compliance with AB 939;

(B) Allow for the efficient operation of diversion programs on a region-wide basis. The REGIONAL AGENCY shall recommend to the County the money to be disbursed from the Fund for AB 939 programs pursuant to implementation of the SRRE, HHWE, NDFE, SE, and SP;

(C) Assume the responsibilities of the County and the cities for the implementation of the multi-jurisdictional SRRE, HHWE, NDFE, and any other elements or plans required by AB 939;

(D) Revise existing elements, as necessary; prepare any new subsequent elements; and be responsible for the required *local approval and public review process* for these elements;

(E) Prepare the annual reports for reporting progress toward AB 939 diversion goals; and

(F) Assign responsibility for any civil penalties incurred pursuant to AB 939 to the REGIONAL AGENCY; and

(G) Compile and monitor disposal information from haulers and facility operators for compliance with PRC Sections 41780 and 41821.5.

17-10

7. *Name and Address of Regional Agency.* The name and address of the REGIONAL AGENCY are:

Glenn County Waste Management Regional Agency (GCWMRA)
c/o Glenn County Public Works Department
777 North Colusa Street
Willows, California 95988-2298

8. *Members of Regional Agency.* The members of the GCWMRA are: County of Glenn, City of Orland, and the City of Willows.

(A) The members shall establish the GCWMRA Governing Board (Board) comprised of:

- (i) Three members designated by the County Board of Supervisors; and
- (ii) Three (3) members appointed by the Glenn County City Selection Committee.

(B) The Board shall meet initially and develop by-laws, voting procedures, and governance policies, which shall be reviewed and approved by the County Board of Supervisors and each City Council.

(C) The parties hereby agree that this agreement is made and entered into for the mutual benefit of all member jurisdictions and, as such, each party agrees to grant to all other parties to this agreement, and to the residents, property owners, and businesses thereof, reasonable access to any existing or future waste management facilities located within the collective boundaries of the member jurisdictions.

(D) No party to this agreement may exact any tax, fee, surcharge, or other payment from any one or more parties, or the residents, property owners, and businesses thereof, to this agreement, that is not required of all parties or the residents, property owners, and businesses, thereof, unless otherwise mutually agreed to.

(E) The member jurisdictions do not anticipate that the GCWMRA will receive or disburse any monies at the present time. Prior to the receipt or disbursement of any monies by the GCWMRA, this agreement will be modified to :

- (i) provide strict accountability of all monies and a report of all receipts and disbursements, pursuant to GC Section 6505; and

17-11

- (ii) designate a chief financial officer from one of the member jurisdictions to be the depository and have custody of all GCWMRA monies and to perform the duties set forth in GC Section 6505.5.

(F) The member jurisdictions do not anticipate the acquisition of any property by the GCWMRA. If necessary, for the acquisition of property, this agreement will be modified to:

- (i) provide for the acquisition, disposition, division, or distribution of such property, pursuant to GC Section 6511; and
- (ii) designate a custodian of such property and to require the custodian to post an official bond determined and fixed by the GCWMRA pursuant to GC Section 6505.1.

9. *Payment of Civil Penalties.* The parties hereby agree that the responsibility for any civil penalties incurred pursuant to AB 939 shall be assigned to the GCWMRA. The parties hereby authorize the GCWMRA to allocate responsibility to the member jurisdictions based upon the population of each jurisdiction for the year in which the civil penalties are incurred. Each member jurisdiction shall be apportioned a share of any applicable civil or criminal penalty, fine, forfeiture, or expenditure in direct proportion to its population. Population determinations shall be based upon the "Official State Population Estimates for California Cities and Counties" published annually by the California Department of Finance, Demographic Research Unit.

10. *Contingency Plan if Regional Agency Is Abolished.* In the event that the GCWMRA agreement is terminated, individual member jurisdictions will assume responsibility for any civil penalties incurred by their jurisdiction. Each member jurisdiction will assume the responsibility for implementing integrated waste management programs as identified in the multi-jurisdictional SRRE, HHWE, NDFE, SE, and SP and preparing and submitting to the CIWMB the required AB 939 annual reports for the jurisdiction.

11. *Duties and Responsibilities of Member Jurisdictions.*

(A) The member jurisdictions will be responsible for participating in the GCWMRA ; assisting the GCWMRA with any subsequent revisions to the SRRE, HHWE, NDFE, and any other related AB 939 planning elements; and reviewing the development of solid Waste disposal fees to fund the solid waste planning and disposal programs; and

17-12

(B) In the event any member withdraws from GCWMRA, that member shall become an independent jurisdiction and shall assume full responsibility for the mandates and restrictions imposed by AB 939, including but not limited to, meeting all of the requirements of PRC Division 30, Part 2, Chapter 6, Article 1. This responsibility also includes independently meeting all diversion, disposal, and reporting requirements of Article 1. The members which remain in the GCWMRA will continue to operate as the GCWMRA under the terms and conditions stated herein.

12. *Description of Source Reduction, Recycling, and Composting Programs Implemented by the Regional Agency.* The GCWMRA will be responsible for implementation of the programs selected in the SRRE, HHWE, NDFE, and any other related AB 939 planning elements (including the SE and SP). The multi-jurisdictional SRRE, HHWE, and NDFE (approved by the CIWMB) are incorporated by reference into this agreement. These elements, as a whole, comprise the Glenn County Regional Agency Integrated Waste Management Plan.

13. *Approval by CIWMB.* This agreement shall be subject to review and require the approval by the CIWMB as meeting the requirements of a REGIONAL AGENCY pursuant to PRC 40973 (c).

14. *Amendments.* This agreement may be amended or modified at any time, in a manner consistent with and furtherance of the purposes of this agreement, with the written consent of each member jurisdiction.

15. *Term of Agreement.* This agreement shall remain in full force and effect and shall continue annually for each fiscal year thereafter unless terminated on June 30th of any succeeding year by written notice given on or before April 1st of such year by any one contracting party with the consent of one other contracting party.

CALIFORNIA INTEGRATED WASTE MANAGEMENT BOARD

Resolution 98-142

CONSIDERATION OF THE REGIONAL AGENCY AGREEMENT FOR THE CITIES OF ORLAND, WILLOWS, AND UNINCORPORATED GLENN COUNTY

WHEREAS, Public Resources Code (PRC) Section 40970 authorizes cities and counties to form regional agencies to implement the requirements of PRC 40900 et seq. in order to reduce the cost of reporting and tracking of disposal and diversion programs by individual cities and counties and to increase the diversion of solid waste from disposal facilities; and

WHEREAS, PRC Section 40975(a) requires any agreement forming a regional agency to be submitted to the Board for review and approval; and

WHEREAS, PRC Section 40975(b) requires the agreement to contain (1) a listing of the cities and counties which are member agencies of the regional agency, including the name and address of the regional agency; (2) a description of the method by which any civil penalties will be allocated among the member agencies; (3) a contingency plan which shows how each member agency will comply with the requirements in the event that the regional agency is abolished; (4) a description of the duties and responsibilities of each city or county which is a member agency of the regional agency; and (5) a description of source reduction, recycling, and composting programs to be implemented by the regional agencies; and

WHEREAS, Glenn County and the Cities of Orland and Willows have formed a Regional Agency, the Glenn County Waste Management Regional Agency, to comply with the requirements of PRC 40900; and

WHEREAS, all member agencies have approved and adopted the newly formed regional agency agreement and submitted it to the Board for review; and

WHEREAS, based on the review, Board staff found that the agreement substantially complies with PRC Section 40975 and recommends approval;

NOW, THEREFORE, BE IT RESOLVED that the Board hereby approves the Regional Agency Agreement for the Glenn County Solid Waste Management Regional Agency.

CERTIFICATION

The undersigned Executive Director, or his designee, of the California Integrated Waste Management Board does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the California Integrated Waste Management Board held on May 27, 1998.

Resolution 98-152

APPROVAL TO CORRECT THE 1990 BASE-YEAR TONNAGE FOR THE NEWLY FORMED GLENN COUNTY REGIONAL AGENCY

WHEREAS, the cities of Orland, Willows, and the Unincorporated Area of Glenn County previously submitted a multi-jurisdictional Source Reduction and Recycling Element, and at the September 25, 1996, Board meeting, the SRRE was approved; and

WHEREAS, these three jurisdictions have proposed to form a Regional Agency; and

WHEREAS, the proposed Regional Agency submitted documentation to request a correction to the Regional Agency's base-year, and Board staff concurs and recommends that the requested correction be approved;

NOW, THEREFORE, BE IT RESOLVED that the Board hereby approves the correction in the base-year tonnage for the newly formed Regional Agency.

CERTIFICATION

The undersigned Executive Director or his designee, of the California Integrated Waste Management Board does hereby certify that the foregoing is a full, true and correct copy of a resolution duly and regularly adopted at a meeting of the California Integrated Waste Management Board held on May 27, 1998.

BILL SUMMARY

AB 2521 would extend, as specified, the term of service for a member of an independent hearing panel, which hears grievances regarding solid waste facility operations.

BACKGROUND

According to the sponsor, the California Association of Environmental Health Administrators, AB 2521 is a simple, but necessary, measure that makes the local permitting and enforcement process for solid waste management more effective and more efficient.

Local Enforcement Agencies (LEAs). The Integrated Waste Management Act, Chapter 1095, Statutes of 1989 (AB 939, Sher) allows the California Integrated Waste Management Board (CIWMB) to designate cities and counties as LEAs. Cities and counties, through their LEA designation, essentially serve as CIWMB's "enforcement arm" through on-site inspections to enforce State law and conditions placed on the operation of solid waste facilities by the CIWMB and/or an LEA. LEAs can also impose permit conditions, regulations and requirements on facilities operating within their jurisdiction.

EXISTING LAW

State law:

1. Allows a solid waste facility operator to request that an LEA hold a hearing if the operator disputes any enforcement action taken by an LEA (Public Resources Code [PRC] §§44300-44310); and

Departments That May Be Affected		
California Integrated Waste Management Board		
Committee Recommendation	Committee Chair	Date

2. Requires all LEA hearings to be conducted by a hearing panel consisting of three members appointed according to one of the two following procedures:
 - a. In cases where the local government does not operate a solid waste facility in the jurisdiction, an LEA's governing body (either a county board of supervisors or a city council) may appoint three of its own members to serve as the hearing panel; or
 - b. In cases where the local government does operate a solid waste facility in the jurisdiction, the chairperson of the governing body must appoint an independent hearing panel of three members each with a term of two years, for not more than two consecutive terms (PRC §44308);

ANALYSIS

AB 2521 would allow an independent hearing panel member to be reappointed following the completion of two consecutive two-year terms.

COMMENTS

Hearing Panels. Current law allows a solid waste facility operator to request a hearing before a hearing panel regarding any enforcement action taken by an LEA against a solid waste facility or in cases where the facility operator believes the permit conditions governing the facility are inappropriate. The hearing panel must either be an LEA governing board or an independent hearing board. Independent hearing board members are limited by current law to serving two two-year terms (cumulative four years). The hearing panels were established to deal with complex local and State permitting and enforcement issues.

Hearing Panel Term Limits. AB 2521 would delete the four-year term limit on independent panel members, thus allowing more continuity in panel membership and giving panel members more opportunities to actually participate in a hearing. According to the sponsor, these panels do not meet frequently. As a result, it would not be uncommon for a panel member's term to expire before he or she serves on a panel that participates in a hearing. The sponsor believes that allowing independent members to serve longer periods of time would provide greater continuity and reduce administrative costs to local government agencies.

LEGISLATIVE HISTORY

AB 2521 was introduced on February 20, 1998. The bill passed the Assembly Natural Resources Committee (7-2) on April 13, 1998 and passed the Assembly Appropriations Committee (12-8) on April 22, 1998. The bill is currently awaiting vote on the Assembly Floor.

Support: California Association of Environmental Health Administrators (sponsor)
Butte County

Oppose: None on file.

FISCAL AND ECONOMIC IMPACT

This bill has no fiscal impact on the CIWMB programs and policies. The bill would not require additional staff or staff work.

I. SUMMARY

Public Resources Code (PRC) Section 41825 requires the Board to review each city, county, and regional agency (jurisdiction) Source Reduction and Recycling Element (SRRE) at least once every two years. This biennial review is the Board's independent evaluation of a jurisdiction's progress in implementing the SRRE selected programs to meet the diversion goal. As a result of this biennial review, the Board may either: find the jurisdiction has implemented programs and achieved the diversion goals; or initiate a compliance process for jurisdictions failing to implement the SRRE and/or failing to achieve the diversion goal. The compliance schedule is intended to assist the jurisdiction to focus its efforts and develop a plan of action to implement the SRRE and/or to achieve the diversion goal. Jurisdictions failing to meet the provisions of the compliance process may be subject to fines of up to \$10,000 per day.

II. STAFF RECOMMENDATION

Staff conducted a biennial review of the SRREs of the jurisdictions identified in this agenda title in accordance with the process described in the October 1997, Board-approved Biennial Review Process. Staff review indicates that these jurisdictions are adequately implementing their SRREs and meeting their diversion requirements. For this reason, staff is recommending approval of the biennial review findings for these jurisdictions.

BIENNIAL REVIEW ADEQUACY	YES	NO
Adequate SRRE implementation	X	
Meets Board approved diversion goal	X	

Jurisdictions identified in this agenda item have successfully implemented several source reduction, recycling, composting, and public education and information programs to achieve their required diversion goal. A comprehensive list of the SRRE programs implemented and diversion rate achieved by each jurisdiction is provided in attachment 2 of this agenda item.

CONSIDERATION OF STAFF RECOMMENDATION ON THE BIENNIAL REVIEW FINDINGS FOR THE SOURCE REDUCTION AND RECYCLING ELEMENT FOR THE FOLLOWING JURISDICTIONS: DEL NORTE COUNTY: DEL NORTE COUNTY REGIONAL AGENCY; HUMBOLDT COUNTY: EUREKA, FERNDALE, FORTUNA, HUMBOLDT COUNTY UNINCORPORATED, RIO DELL, TRINIDAD; MENDOCINO COUNTY: FORT BRAGG, MENDOCINO COUNTY UNINCORPORATED, UKIAH, WILLITS; ORANGE COUNTY: ANAHEIM, BREA, BUENA PARK, FOUNTAIN VALLEY, FULLERTON, GARDEN GROVE, LA PALMA, LAGUNA HILLS, MISSION VIEJO, NEWPORT BEACH, ORANGE COUNTY UNINCORPORATED; PLUMAS COUNTY: PLUMAS COUNTY UNINCORPORATED; SHASTA COUNTY: SHASTA COUNTY UNINCORPORATED.

WHEREAS, Public Resources Code (PRC) Section 41825 requires the Board to review each city, county, and regional agency's (jurisdiction) Source Reduction and Recycling Element (SRRE) at least once every two years; and

WHEREAS, by conducting the biennial review in accordance with Title 14 California Code of Regulations Section 18772, the Board will determine if the jurisdiction has implemented its SRRE programs, and if the jurisdiction is meeting the diversion requirements as specified under PRC Section 41780; and

WHEREAS, based on the biennial review of the SRREs of the jurisdictions specified above, Board staff found that these jurisdictions have adequately complied with the SRRE implementation requirements, and recommends that the Board accepts this finding;

NOW, THEREFORE, BE IT RESOLVED that the Board hereby accepts that those jurisdictions specified above are adequately implementing their SRREs and meeting their diversion requirements.

I. SUMMARY

Public Resources Code (PRC) Section 41825 requires the Board to review each city, county, and regional agency (jurisdiction) Household Hazardous Waste Element (HHWE) at least once every two years. This biennial review is the Board's independent evaluation of a jurisdiction's progress in implementing programs as described in the HHWE. As a result of this biennial review, the Board may either: find the jurisdiction has implemented its HHWE; or initiate a compliance process for jurisdictions failing to implement the HHWE. The compliance schedule is intended to assist the jurisdiction to focus its efforts and develop a plan of action to implement its HHWE. Jurisdictions failing to meet the provisions of the compliance process may be subject to fines of up to \$10,000 per day.

II. STAFF RECOMMENDATION

Staff conducted a biennial review of the jurisdictions identified in this agenda title in accordance with the process described in the October 1997, Board-approved Biennial Review Process. Staff review indicates that these jurisdictions have adequately complied with the implementation requirements of their HHWEs. For this reason, staff is recommending approval of the biennial review findings for these jurisdictions.

BIENNIAL REVIEW ADEQUACY	YES	NO
Adequate HHWE implementation	X	

Jurisdictions identified in this agenda item have successfully implemented programs for the safe collection, recycling, treatment and disposal of hazardous wastes generated by the households within these jurisdictions. A comprehensive list of the HHWE programs implemented by each jurisdiction is provided in attachment 2 of this agenda item.

CALIFORNIA INTEGRATED WASTE MANAGEMENT BOARD

Resolution 98-148

CONSIDERATION OF STAFF RECOMMENDATION ON THE BIENNIAL REVIEW FINDINGS FOR THE HOUSEHOLD HAZARDOUS WASTE ELEMENT FOR THE FOLLOWING JURISDICTIONS: DEL NORTE COUNTY: DEL NORTE COUNTY REGIONAL AGENCY; HUMBOLDT COUNTY: EUREKA, FERNDALE, FORTUNA, HUMBOLDT COUNTY UNINCORPORATED, RIO DELL, TRINIDAD; MENDOCINO COUNTY: FORT BRAGG, MENDOCINO COUNTY UNINCORPORATED, UKIAH, WILLITS; ORANGE COUNTY: ANAHEIM, BREA, BUENA PARK, FOUNTAIN VALLEY, FULLERTON, GARDEN GROVE, LA PALMA, LAGUNA HILLS, MISSION VIEJO, NEWPORT BEACH, ORANGE COUNTY UNINCORPORATED; PLUMAS COUNTY: PLUMAS COUNTY UNINCORPORATED; SHASTA COUNTY: SHASTA COUNTY UNINCORPORATED.

WHEREAS, Public Resources Code (PRC) Section 41825 requires the Board to review each city, county, and regional agency's (jurisdiction) Household Hazardous Waste (HHWE) at least once every two years; and

WHEREAS, by conducting the biennial review in accordance with Title 14 California Code of Regulations Section 18772, the Board will determine if the jurisdiction has implemented its HHWE; and

WHEREAS, based on the biennial review of the HHWEs of the jurisdictions specified above, Board staff found that these jurisdictions have adequately complied with the HHWE implementation requirements, and recommends that the Board accepts this finding;

NOW, THEREFORE, BE IT RESOLVED that the Board hereby accepts that those jurisdictions specified above are adequately implementing their HHWEs.

CERTIFICATION

The undersigned Executive Director, or his designee, of the California Integrated Waste Management Board does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the California Integrated Waste Management Board held on May 27, 1998.
