**CONSENT AGENDA**

*On June 29, 1994, the Board authorized the Local Assistance and Planning Committee to utilize a consent agenda for the approval of planning elements due to the large number of documents that the Committee will have to consider. The following items have been reviewed by Board staff and have been recommended to the Committee for consent. The Committee will be asked to approve these items at one time without discussion. At the beginning of the meeting, the Chair of the Committee will ask Committee members or other interested parties or staff who wish to address an item on the Consent Agenda to state their names and the items they wish to address for the record. The Chair or an individual Committee Member may request that an item be removed from the Consent Calendar for full hearing. [Items removed from the Consent Calendar will be heard in the originally scheduled order.]*

*Note: An asterisk indicates that not all planning elements for that jurisdiction are on the consent agenda.*
