## PRIVACY NOTICE

The information requested in this loan application will be used by the California Integrated Waste Management Board (Board) for the purpose of determining the eligibility and creditworthiness of the loan Applicant, and the Applicant's ability to secure and repay the loan. In the event of sale or securitization of loans, public-rating agencies, prospective investors or purchasers, or their agents will review information. Such review will be subject to a confidentiality agreement.

Portions of the information in the application may be transferred to members of the Board's loan committee and to other state agencies assisting the Board with administration and maintenance of this program including, but not limited to, the Office of the State Controller, the Department of General Services, the Department of Real Estate, the Trade and Commerce Agency, the Department of Finance, the California Pollution Control Financing Authority, and the California State Attorney General. Designated items provided in this application may also be entered into the Board's Business Intake Database which will be accessible to the public.

This notice is required by Section 1798.17 of the Information Practices Act of 1977 (California Civil Code Sections 1798 through 1798.78) and the Federal Privacy Act (5 USC 552a, subd. (e)(3), whenever an agency requests personal information from an individual.

The information that is requested in this application is mandatory for all applicants. Failure to provide the information may result in an Applicant not receiving a loan from the Board.

Applicants have the right to review their loan application files. The official responsible for maintenance of the loan application files is: Loan Administrator, Landfill Closure Loan Program, California Integrated Waste Management Board, 1001 I Street, M.S. 19, Sacramento, California, 95812.

# LANDFILL CLOSURE LOAN PROGRAM APPLICATION AND INSTRUCTIONS

## A. Introduction

AB 467 Strom-Martin authorized the California Integrated Waste Management Board (Board) to administer the Landfill Closure Loan Program (LCLP) to assist operators of unlined, older-technology solid waste landfills with loans to assist with early closure of these sites. The Board will give priority to operators of landfills that, if not closed, would create a serious potential threat to the public health, safety, or the environment.

## B. Board Contact

For further information on the LCLP or additional copies of the application and/or instructions, contact:

Bridget D. Brown, IWMS

## C. Landfill Closure Loan Program

Awards of LCLP funds are limited to operators of permitted unlined, older-technology solid waste landfills within the State of California. Priority will be given to operators of small, rural landfills that, if not closed, would create a potential threat to public health, safety, or the environment. The maximum loan amount allowed under the LCLP is \$500,000 per each landfill closure project. The Board shall determine the interest rate set for each loan. The interest rate may be set at zero (0) percent per year. **Loans must be repaid within ten years.**

Applicants must demonstrate an ability to repay the loan. Applicants must also demonstrate the ability to promptly and properly close the site with monetary assistance from the LCLP.

## D. Eligibility Criteria

To be eligible for a loan, the landfill must be an unlined solid waste landfill, as defined in PRC Section 40195.1(a) and must have a current solid waste facilities permit issued by the applicable enforcement agency. The landfill must be using a trust fund(s) or enterprise fund(s) as financial assurance mechanism(s) to fund landfill closure and

postclosure maintenance, and such mechanisms shall be adequately funded and meet all other requirements provided in Title 27, Section 22200 et seq. Priority will be given to small, rural landfills that, if not closed, would create a potential threat to the public health, safety, or the environment. The operator must demonstrate the ability to repay the loan in a timely manner and to satisfy all other requirements imposed on the operator in the loan agreement. The operator must also demonstrate the ability to promptly and properly close the site with monetary assistance from the LCLP and maintain the closed facility.

## **E. Application Requirements**

1. All applicants must submit a completed and signed original LCLP loan application (Exhibit A) and **five copies including all required attachments**. Open application cycles will be held approximately once each year. Applications must be submitted during the open application cycles only. Applications submitted outside of the open application cycle will not be accepted.
2. In addition to the application (Exhibit A), each applicant must submit the following attachments:
  - a. **For all loan applicants:**
    - (1) A detailed work plan (Exhibit B) indicating all tasks required to complete the project along with estimated costs and dates of completion for each task.
    - (2) Documentation from the organization's financial officer/auditor/controller/executive director or similar position clearly providing evidence of a financial mechanism to repay the loan. In lieu of collateral, the applicant must identify a guaranteed revenue source that will be dedicated to repay the loan.
    - (3) If there are approved final Closure and Postclosure maintenance plans, attach proof of final approval from the Regional Water Quality Control Board.
  - b. **For local government applicants only:**
    - (1) Approved Board resolution granting authority to make an application to the Board for a loan commitment (Exhibit C)
  - c. **For private business applicants only:**
    - (1) Business Financial Statements
      - a) Attach applicant's annual financial operating statements for the last three years and interim (within 90 days), independent audits, and/or other evidence of financial condition.
    - (2) Owner's Personal Financial Statement Form (Exhibit D)
    - (3) Credit Check Authorization Form (Exhibit E)
    - (4) Owner's personal and business tax returns for the last three years
    - (5) Lease purchase agreement
    - (6) Present Debt Obligations (see Exhibit F)
    - (7) Articles of Incorporation, By-Laws, Partnership Agreements, Etc.
    - (8) Business License and Fictitious Business Name Statement

NOTE: It shall be the responsibility of the applicant to immediately notify the Board in writing of any change in financial conditions that would make the applicant financially able to bring the facility into compliance without Integrated Waste Management Account (IWMA) funds or unable to repay the loan. This notification shall be required both during the application process and after the Loan Agreement has been signed. Such conditions may negate eligibility for use of IWMA funds. Applications that are substantially incomplete will not be considered for funding.

## **F. Application Deadline**

Applications must be postmarked or hand-delivered to the Board's Sacramento office by 4:00 p.m. on the final submission date. Applications submitted after the final submission date will not be accepted.

## **G. Financial Standards**

The source of funds for loans is the IWMA. The Board may approve loans from the IWMA for eligible landfill closure costs for prioritized facilities ranked high enough to be eligible for available funds. In prioritizing a facility's application, the Board will consider:

1. The degree of risk to public health and safety or the environment caused or threatened by the continued operation of the landfill which can be prevented or mitigated by closure of the landfill,
2. If the facility is small,
3. If the facility is located in a rural area,
4. If the facility has an approved Closure/Postclosure plan, and
5. If the facility proposes complete closure of the site.

Applicants must fund all facility closure costs that exceed the loan amount and provide evidence of a financial mechanism to repay the loan. Loans shall not exceed maximum amounts or program limitations established by the Board. Funds cannot be used for other improvements to the facility, nor for uses not identified in the loan agreement.

## **H. Eligible and Ineligible Costs**

1. Eligible costs for facility closure assistance include, but are not limited to:
  - a. Planning and design costs necessary to prepare the final closure plan,
  - b. Preparation of environmental documents associated with the final closure plan/closure,
  - c. Construction costs consistent with the landfill's approved final closure plan,
  - d. Governmental fees associated with the final closure plan or closure,
  - e. Other costs necessary to prepare the facility for closure, or
  - f. Other costs deemed eligible by the Board.
2. Ineligible costs for facility closure assistance include, but are not limited to:
  - a. Normal daily facility operations;
  - b. Cleanup of hazardous wastes; and
  - c. Other work deemed ineligible by the Board.

## **I. Application Review and Loan Agreement**

1. A review team consisting of Board staff will review applications for adequacy and eligibility, and provide each application with a score of pass or fail. Applications with passing scores are eligible for funding consideration and may be evaluated by the Board Loan Committee. Priority points will then be determined for each passing application using the Scoring Criteria identified on page 11. To the extent that funds are available, Board staff will recommend to the Board specific projects for funding based upon scoring results and the Loan Committee's recommendations.
2. The Board approves loans based upon facility priority, financial status of applicant, verification of guaranteed revenue sources for repayment of loan, and availability of funds. When approved, a Loan Agreement is prepared and sent to the applicant for signature and returned to Board staff. Authorized Board staff sign the Agreement and return a fully executed copy to the Borrower. If a loan cannot be executed within 120 days of Board approval, the applicant will be disqualified.

## **J. Management of Facility Compliance**

The Borrower shall comply fully with all applicable federal, state, and local laws, ordinances, regulations, and permits in the procurement and management of consultant services and contracts related to correcting existing or possible non-compliance problems.

1. Board staff and the local enforcement agency (LEA) may conduct field management reviews during the project to verify compliance with the approved plans and specifications and terms of the Loan Agreement.
2. The Borrower shall provide Board staff quarterly reports identifying all project expenditures for which LCLP funds have been approved until the project is completed. The Borrower shall also provide Board staff quarterly reports identifying all progress made toward completion of the project until the project is completed.
3. The Borrower shall maintain records in accordance with accepted government accounting standards, and shall include as a minimum:
  - a. A special Landfill Closure Account for all project receipts and disbursements.
  - b. Accurate and complete accounting of all project financial transactions.
  - c. Supporting documents showing source of receipts and to whom payments were made.
  - d. Control and accountability for all project funds, property, and other assets including assurance that all funds were solely for authorized purposes.
  - e. Procedures to ensure prompt disbursements of accounts payable.
  - f. Procedures to determine and segregate allowable costs.
  - g. The Borrower shall allow the Board, the State Controller's Office, and the State Auditor General's Office, or their designated

representatives, absolute right of access to all of Borrower's records pertaining to the Agreement, or any part thereof requested. Records shall be retained for at least three (3) years after expiration of the Agreement, or until completion of actions and resolution of all issues which may arise as a result of any litigation, claim, negotiation or audit, whichever is later.

## K. Loan Servicing and Restrictions

1. Loan funds shall be distributed at a rate determined by the Board. Disbursement will take place after the Loan Agreement has been fully executed and as specified in the Loan Agreement.
2. Repayment:
  - a. Loans shall be repayable over a maximum of ten years. Payments shall be made monthly or as otherwise determined by the Board and commence one full year from the date of the closing in amounts as determined by the Board. Loan repayments shall be from a guaranteed revenue source approved by the Board.
  - b. Repayment may be made, either in full or in part, in advance.
  - c. The Board may require other collateral and/or covenants from Borrower to assure repayment of the loan.
3. The Borrower shall establish a Landfill Closure Account into which all loan amounts received shall be deposited and disbursed. Expenditures from the Landfill Closure Account shall be made only for eligible project costs as defined in these guidelines or as otherwise approved by the Board. All funds remaining in the account after final payment of eligible project costs shall be repaid to the Board at the next regularly scheduled payment.
4. Any closure costs related to a LCLP loan will be paid by the Borrower, e.g., title insurance, recording fees.

## L. Definitions

1. "**Applicant**" means the entity applying for a loan.
2. "**Application**" means the information an applicant must provide the Board when applying for a loan.
3. "**Board**" means California Integrated Waste Management Board.
4. "**Borrower**" means an applicant who has received a Program loan.
5. "**Closure**" means the process during which a waste management unit (Unit), or portion thereof, that is no longer receiving waste, is undergoing all operations necessary to prepare the Unit (or portion thereof, as appropriate) for postclosure maintenance in accordance with an approved plan for closure or partial final closure as appropriate.
6. "**Early Closure**" means the process during which a landfill is no longer receiving waste and is undergoing all operations necessary to prepare the landfill for closure in accordance with an approved closure and postclosure plan prior to reaching final capacity.
7. "**Full Final Closure**" means the closure of an entire site consistent with the approved closure and postclosure maintenance plans.

8. **“Loan”** means a loan from the Landfill Closure Loan Program.
