CalRecycle publications are available in accessible formats upon request by calling the Public Affairs Office at (916) 341-6300. Persons with hearing impairments can reach CalRecycle through the California Relay Service at 1-800-735-2929.

Table of Contents

This publication has been prepared by the Department of Resources Recycling and Recovery and contains statutes implementing programs administered by its Division of Recycling. This revised edition contains code sections amended through December 31, 2014, and in effect January 1, 2015, unless otherwise stated. While every effort has been made to ensure accuracy, any errors or omissions do not negate the rights and duties of program participants. In addition, this edition does not correct grammatical or typographical errors that appear in the chaptered versions of the legislation amending Divisions 12.1, 12.7, and 12.9 of the Public Resources Code, or in new Division 12.5 of the Public Resources Code.

PUBLIC RESOURCES CODE
DIVISION 12.1

**CALIFORNIA BEVERAGE CONTAINER RECYCLING
AND LITTER REDUCTION ACT**

(Division 12.1 was added by Chapter 1290 (AB 2020), Statutes of 1986; effective September 29, 1986)

CHAPTER 1. FINDINGS

§14500. This division shall be known and may be cited as the California Beverage Container Recycling and Litter Reduction Act.

§14501. The Legislature finds and declares as follows:

(a) Experience in this state and others demonstrates that financial incentives and convenient return systems ensure the efficient and large-scale recycling of beverage containers. Accordingly, it is the intent of the Legislature to encourage increased, and more convenient, beverage container redemption opportunities for all consumers. These redemption opportunities shall consist of dealer and other shopping center locations, independent and industry operated recycling centers, curbside programs, and other recycling systems that assure all consumers, in every region of the state, the opportunity to return beverage containers conveniently, efficiently, and economically.

(b) California grocery, beer, soft drink, container manufacturing, labor, agricultural, consumer, environmental, government, citizen, recreational, taxpayer, and recycling groups have joined together in calling for an innovative program to generate large-scale redemption and recycling of beverage containers.

(c) This division establishes a beverage container recycling goal of 80 percent.

(d) It is the intent of the Legislature to ensure that every container type proves its own recyclability.

(e) It is the intent of the Legislature to make redemption and recycling convenient to consumers, and the Legislature hereby urges cities and counties, when exercising their zoning authority, to act favorably on the siting of multimaterial recycling centers, reverse vending machines, mobile recycling units, or other types of recycling opportunities, as necessary for consumer convenience, and the overall success of litter abatement and beverage container recycling in the state.

(f) The purpose of this division is to create and maintain a marketplace where it is profitable to establish sufficient recycling centers and locations to provide consumers with convenient recycling opportunities through the establishment of minimum refund values and processing fees and, through the proper application of these elements, to enhance the profitability of recycling centers, recycling locations, and other beverage container recycling programs.

(g) The responsibility to provide convenient, efficient, and economical redemption opportunities rests jointly

Chapter 1. FINDINGS

with manufacturers, distributors, dealers, recyclers, processors, and the Department of Conservation.

(h) It is the intent of the Legislature, in enacting this division, that all empty beverage containers redeemed shall be recycled, and that the responsibilities and regulations of the department shall be determined and implemented in a manner that favors the recycling of redeemed containers, as opposed to their disposal.

(i) Nothing in this division shall be interpreted as affecting the current business practices of scrap dealers or recycling centers, except that, to the extent they function as a recycling

center or processor, they shall do so in accordance with this division.

(j) The program established by this division will contribute significantly to the reduction of the beverage container component of litter in this state.

§14501.5. This division does not apply to any beverage container which is sold and delivered to a railroad, sleeping car, or steamship company, or common carrier operating vessels, as defined in Section 238 of the Public Utilities Code, operating under a certificate of public convenience and necessity, or an air common carrier, for use and consumption on trains, vessels, or airplanes.

CHAPTER 2. DEFINITIONS

§14502. Unless the context otherwise requires, the definitions in this chapter govern the construction of this division.

§14503. “Aluminum beverage container” means a beverage container which consists primarily of aluminum.

§14503.5. “Average monthly volume” means the average number of empty beverage containers per month received by a certified recycling center.

§14503.6. “Beneficiating processor” means any person certified by the department as a processor who also beneficiates purchased cullet so that it is furnace ready for glass container manufacturers, consistent with prevailing standards in the manufacturing industry. Cullet shall be deemed furnace ready when it has been cleansed, is free of nonglass contaminants, and has been crushed or otherwise processed in such a manner as to be acceptable without further processing by the purchasing glass container manufacturer.

§14504. (a) Except as provided in subdivision (b), "beverage" means any of the following products if those products are in liquid, ready-to-drink form, and are intended for human consumption:

- (1) Beer and other malt beverages.
- (2) Wine and distilled spirit coolers.
- (3) Carbonated water, including soda and carbonated mineral water.
- (4) Noncarbonated water, including noncarbonated mineral water.
- (5) Carbonated soft drinks.
- (6) Noncarbonated soft drinks and "sport" drinks.

(7) Except as provided in paragraph (4) of subdivision (b), noncarbonated fruit drinks that contain any percentage of fruit juice.

(8) Coffee and tea drinks.

(9) Carbonated fruit drinks.

(10) Vegetable juice in beverage containers of 16 ounces or less.

(b) "Beverage" does not include any of the following:

(1) Any product sold in a container that is not an aluminum beverage container, a glass container, a plastic beverage container, or a bimetal container.

(2) Wine, or wine from which alcohol has been removed, in whole or in part, whether or not sparkling or carbonated.

(3) Milk, medical food, or infant formula.

(4) One hundred percent fruit juice in containers that are 46 ounces or more in volume.

(c) For purposes of this section, the following definitions shall apply:

(1) "Infant formula" means any liquid food described or sold as an alternative for human milk for the feeding of infants.

(2)(A) "Medical food" means a food or beverage that is formulated to be consumed, or administered enterally under the supervision of a physician, and that is intended for specific dietary management of diseases or health conditions for which distinctive nutritional requirements, based on recognized scientific principles, are established by medical evaluation.

Chapter 2. DEFINITIONS

(B) A "medical food" is a specially formulated and processed product, for the partial or exclusive feeding of a patient by means of oral intake or enteral feeding by tube, and is not a naturally occurring foodstuff used in its natural state.

(C) "Medical food" includes any product that meets the definition of "medical food" in the federal Food, Drug, and Cosmetic Act (21 U.S.C. Sec. 360ee (b)(3)).

(3) "Noncarbonated soft drink" means a nonalcoholic, noncarbonated naturally or artificially flavored water containing sugar or sweetener or trace amounts of various elements from both natural and synthetic sources.

§14505. "Beverage container" means the individual, separate bottle, can, jar, carton, or other receptacle, however denominated, in which a beverage is sold, and which is constructed of metal, glass, or plastic, or other material, or any combination of these materials. "Beverage container" does not include cups or other similar open or loosely sealed receptacles.

§14506. "Beverage manufacturer" means any person who bottles, cans, or otherwise fills beverage containers, or imports filled beverage containers, for sale to distributors, dealers, or consumers.

§14506.3. "Bimetal container" means a beverage container which consists of one or more metals and which is composed primarily of steel.

§14506.5. "Commingled" means a mix of empty beverage containers, as defined in Section 14512, and all other containers of the same material type.

§14506.7. "Commingled rate" means the ratio of empty beverage containers, as defined in Section 14512, to all other containers, of the same material type, as determined by the department.

§14507.5. (a) "Community Conservation Corps" means a nonprofit public benefit corporation formed or operating pursuant to Part 2 (commencing with Section 5110) of Division 2 of Title 1 of the Corporations Code, or an agency operated by a city, county, or city and county, that is certified by the California Conservation Corps as meeting all of the following criteria:

(1) The corps is organized in the form of supervised work crews and selects young men and women for participation on the basis of motivation for hard work, personal development, and public service, without regard to their prior employment or educational background, and consistent with Section 14402. Participation shall be for a period of one year, and may be extended.

(2) The corps' program is based upon a highly disciplined work experience, includes an educational component, and is designed to develop corpsmembers' character and civic consciousness through rigorous work on public projects. The educational component of the corps' program includes enrollment in a vocational education program, public or charter high school, or postsecondary community college.

(3) The corps compensates corpsmembers at not less than the federal minimum wage, and provides corpsmembers assistance in obtaining

permanent employment following their participation in the corps program.

(4) The corps engages in recycling and litter abatement projects as well as projects that accomplish the conservationist and other purposes described in subdivisions (a) to (h), inclusive, of Section 14300, and that assist agencies of local government and other nonprofit community organizations in developing, rehabilitating, and restoring parklands, recreational facilities, and other community resources.

(5) The corps consists of an average annual enrollment of not less than 50 corpsmembers between 18 and 25 years of age. In determining the average annual enrollment of a community conservation corps for the purposes of ~~subdivision (a) of Section 14581~~, [Section 14581.1](#), the California Conservation Corps shall not include special corpsmembers, as described in Section 14303, who are employed by a community conservation corps.

(b) The California Conservation Corps shall evaluate a community conservation corps for the purpose of determining its eligibility for certification, pursuant to this section, after it has completed 12 months of continuous operation, and annually thereafter.

Amended by Chapter 35, Statutes of 2014 (SB 861); effective June 20, 2014.)

§14508. “Consumer” means every person who, for his or her use or consumption, purchases a beverage in a beverage container from a dealer. “Consumer” includes, but is not limited to, a lodging, eating, or drinking establishment, and soft drink vending machines.

§14509. “Container manufacturer” means any person who produces beverage containers for filling by beverage manufacturers, including any person who imports these beverage containers from outside of this state for filling by beverage manufacturers.

§14509.3. “Cullet” means scrap glass that is derived from postfilled food, drink, or beverage container glass produced or imported for sale in the state.

§14509.4. “Convenience zone” means either of the following:

(a) The area within a one-half mile radius of a supermarket.

(b) The area designated by the department pursuant to Section 14571.5.

§14509.5. “Curbside program” means a recycling program which meets all of the following criteria:

(a) The program picks up empty beverage containers from individual or multiple family residences, or both, and the empty beverage containers are separated from waste materials prior to being picked up.

(b) The program is operated by, or pursuant to a contract with, a city, county, or other public agency, or is acknowledged, in writing, by a city, county, or other public agency.

(c) The program accepts empty beverage containers from consumers with the intent to recycle them, but does not pay the refund value.

§14510. “Dealer” means a retail establishment which offers the sale of beverages in beverage containers to consumers. However, any lodging, eating, or drinking establishment, or soft drink vending machine operator who engages in the sale of beverages

Chapter 2. DEFINITIONS

in beverage containers to consumers shall not be deemed a dealer for the purposes of this division, except that these sales are subject to Section 14560. To determine which retail establishments are dealers, the department shall use annual or more frequent updates provided by American Business Information, Inc., as long as the information provided by American Business Information, Inc., is updated at least annually.

§14510.5. “Department” means the Division of Recycling in the Department of Resources Recycling and Recovery.

§14510.6. “Director” means the Director of Resources Recycling and Recovery.

§14511. “Distributor” means every person who engages in the sale of beverages in beverage containers to a dealer in this state, including any manufacturer who engages in these sales. “Distributor” includes any person who imports beverages from outside of this state for sale to dealers or consumers in this state.

§14511.5. “Drink” means fruit juice or any other noncarbonated drink.

§14511.7. “Dropoff or collection program” means any person, association, nonprofit corporation, church, club, or other organization certified by the department, and that accepts or collects empty beverage containers from consumers with the intention to recycle them, or any waste reduction facility that separates beverage containers from the waste stream with the intent to recycle them. “Dropoff or collection program” does not include a certified recycling center or curbside program.

§14512. “Empty beverage container” means a beverage container which meets all of the following requirements:

(a) Has the seal or closure installed by the manufacturer broken or removed.

(b) Does not contain foreign materials other than the residue of the beverage originally packaged in the beverage container by the manufacturer.

(c) Bears the message required by Section 14561, or is a refillable beverage container.

(d) Has a refund value established pursuant to Section 14560.

§14512.5. “Food or drink packaging material” means any material which is not a beverage container in which a food or drink is sold in a retail establishment and the food or drink is not intended for consumption on the seller’s premises.

§14512.6. “For recycling” means that an empty beverage container has been received by a processor who has an arrangement whereby that container will actually be recycled.

§14512.7. “Fund” means the California Beverage Container Recycling Fund established pursuant to subdivision (a) of Section 14580.

§14513. “Glass beverage container” means a beverage container which has a body consisting primarily of glass.

§14513.2. (a) Except as provided under Section 14549, “glass container manufacturer” means a person who manufactures commercial containers, whose principal component part or parts consist of virgin glass, postfilled glass, or any combination of both, for

sale in California or for export to other states or countries.

(b) “Glass container manufacturer” includes, but is not limited to, all commercial manufacturing operations which produce beverage containers, food or drink packaging material made primarily of glass, or any combination of both of those items. For beer and other malt beverages manufactured outside the state, the container manufacturer shall be deemed to be the person or entity named on the certificate of compliance issued pursuant to Section 23671 of the Business and Professions Code.

§14513.3. “Glass food or drink container” means any nonbeverage container, whose principal component part or parts consist of virgin glass, postfilled glass, or any combination of both, in which any food or drink is sold or offered for sale in California.

§14513.4. “Handling fee” means an amount paid to an operator of a supermarket site, a rural region recycler, as defined in Section 14525.5.1, or a nonprofit convenience zone recycler, as defined in Section 14514.7, that is located in a convenience zone for every beverage container redeemed by the operator at the supermarket or within the zone in which the supermarket site is located, by the rural region recycler, or by the nonprofit convenience zone recycler.

§14513.5. “HDPE” means a plastic beverage container labeled with a “2” for high-density-polyethylene resin pursuant to Section 18015 and subject to this division.

§14514. “Managing employee” includes, but is not limited to, any person who manages the operation of a

facility or is authorized by the certified operator to sign shipping reports.

§14514.4.1. “Neighborhood dropoff program” means a recycling program which meets all of the following criteria:

(a) The program is certified by the department as a dropoff or collection program, as defined by Section 14511.7.

(b) The program has been designated by a city, county, or city and county to provide a recycling opportunity in residential neighborhoods specified by the city, county, or city and county.

(c) The program is located in a rural region, as identified pursuant to subparagraph (A) of paragraph (2) of subdivision (b) of Section 14571.

§14514.6. “Not for recycling” means that an empty beverage container has been received by a processor who does not have an arrangement whereby that container will actually be recycled.

§14514.7. “Nonprofit convenience zone recycler” means a recycling center that meets the criteria described in subdivision (a) or (b):

(a) The recycling center is all of the following:

(1) Operated by an organization established under Section 501(c) or 501 (d) of Title 26 of the United States Code.

(2) Certified by the department pursuant to Section 14538.

(3) Located within a convenience zone, but is not necessarily a supermarket site.

(b) The recycling center is all of the following:

Chapter 2. DEFINITIONS

(1) Operated by an organization established under Section 501(c) or 501(d) of Title 26 of the United States Code and has operated in the same location for a period of not less than five years.

(2) Certified by the department pursuant to Section 14538.

(3) Located within one mile of a supermarket that is in a convenience zone that is exempt from the requirements of subdivision (a) of Section 14571.

§14515. “Other beverage container” means a beverage container which has a body consisting of metal, glass, plastic, other materials, or a combination of these, but which is not an aluminum, bimetal, glass, or plastic beverage container.

§14515.1. “Out-of-state container” means a used beverage container or used beverage container component that is not subject to Section 14560, and that is brought into this state.

§14515.2. *“Person” means any individual, corporation, operation, or entity, whether or not certified or registered pursuant to this division.*

Amended by Chapter 597, Statutes of 2014 (AB 1846); effective January 1, 2015.)

§14515.5. “PET container” means a plastic beverage container labeled with a “1” pursuant to Section 18015 and subject to this division.

§14515.6. “Physical recycling location” means the area in a convenience zone served by one or more reverse vending machines which accept all empty aluminum, glass, and plastic beverage containers and issue a cash refund or a redeemable credit slip and are located within 10 feet of each other. The physical recycling location shall redeem odd sized empty beverage

containers or empty beverage containers made from other material types in a manner approved by the department. “Physical recycling location” does not include a combination of reverse vending machines which accept less than all empty aluminum, glass, and plastic beverage containers and one or more dropoff bins.

§14516. “Place of business of the dealer” means the location at which a dealer sells, or offers for sale, beverages in beverage containers to consumers.

§14517. “Plastic beverage container” means a beverage container which has a body consisting primarily of plastic.

§14517.5. “Postfilled container” means any container which had been previously filled with a beverage or food.

§14518. “Processor” means any person, including a scrap dealer, certified by the department who purchases empty aluminum beverage containers, bimetal beverage containers, glass beverage containers, plastic beverage containers, or any other beverage containers, including any one or more of those beverage containers, which have a refund value established pursuant to this division, from recycling centers in this state for recycling, or, if the container is not recyclable, not for recycling, and who cancels, or who certifies to the department in a form prescribed by the department the cancellation of, the refund value of these empty beverage containers by processing empty beverage containers, in any manner which the department may prescribe. However, the department shall not take

any action regulating scrap dealers or recycling centers who are processors or recycling centers unless authorized by and pursuant to the goals of this division.

§14518.4. “Processing fee” means the amount paid by beverage manufacturers to the department pursuant to Section 14575.

§14518.5. “Processing payment” means an amount paid to processors, dropoff or collection programs, curbside programs, and recycling centers by the department pursuant to subdivision (a) of Section 14573 and subdivision (a) of Section 14573.5 when the department determines that the scrap value being offered by container manufacturers, beverage manufacturers, or willing purchasers for a particular container material is insufficient to insure the economic recovery of the container type at the minimum number of recycling centers or locations required pursuant to Section 14571. The processing payment shall be determined by the department pursuant to Section 14575.

§14519. “Recycle,” “recycled,” “recycling,” or “recyclable” means the reuse or refilling of empty beverage containers, or the process of sorting, cleansing, treating, and reconstituting empty postfilled beverage containers for the purpose of using the altered form. “Recycle,” “recycled,” “recycling,” or “recyclable” does not include merely sorting, shredding, stripping, compressing, storing, landfilling with, or disposing of an empty beverage container.

§14519.5. “Recycler” means a recycling center, dropoff or collection program, or curbside program.

§14520. “Recycling center” means an operation which is certified by the department and which accepts from consumers, and pays or provides the refund value pursuant to Section 14572 for, empty beverage containers intended to be recycled.

§14520.5. “Recycling location” means a place, mobile unit, reverse vending machine, or other device where a certified recycling center accepts one or more types of empty beverage containers from consumers, and pays or provides the refund value for one or more types of empty beverage containers.

§14520.6. “Noncertified recycler” means a person, entity, or operation which is not certified by the department and which purchases empty beverage containers from consumers, or from dropoff or collection programs.

§14521. “Recycling rate” means the proportion of empty beverage containers by type returned to processors for recycling, measured in the manner prescribed in Section 14551.

§14522.5. “Redemption” and “redeem” means the return to a recycling center or location of an empty beverage container for a refund of at least the refund value.

§14523. “Redemption payment” means the minimum amount paid by a distributor to the department for every beverage container sold or transferred to a dealer.

§14523.5. “Redemption rate” means the proportion of empty beverage containers returned to processors measured in the manner prescribed in Section 14551.

Chapter 2. DEFINITIONS

§14524. “Refund value” means the amount established for each type of beverage container pursuant to Section 14560 that is paid by the following:

(a) A certified recycling center to the consumer or dropoff or collection center for each beverage container redeemed by the consumer or dropoff or collection center. With respect to consumers returning containers to recycling centers, the refund value shall not be subject to tax under the Personal Income Tax Law (Part 10 (commencing with Section 17001) of Division 2 of the Revenue and Taxation Code) or the Corporation Tax Law (Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code).

(b) A processor to a certified recycling center, dropoff or collection program, or curbside program, for each beverage container received from the certified recycling center, dropoff or collection program, or curbside program.

(c) The department to a processor, for each beverage container received by the processor from a certified recycling center, curbside program, or dropoff or collection program.

§14525. “Refillable beverage container” means any aluminum beverage container, bimetal beverage container, glass beverage container, plastic beverage container, or other beverage container, holding 150 fluid ounces or less of beverage, which has a minimum deposit of three cents (\$0.03), and which ordinarily would be returned to the manufacturer to be refilled and resold.

§14525.5. “Reverse vending machine” means a mechanical device which accepts one or more types of

empty beverage containers and issues a cash refund or a redeemable credit slip with a value not less than the container’s refund value. The refund value payments shall be aggregated and then paid, if more than one container is redeemed in a single transaction.

§14525.5.1. “Rural region recycler” means an operator that is certified pursuant to subparagraph (A) of paragraph (2) of subdivision (b) of Section 14571, and who accepts or collects empty beverage containers from consumers pursuant to Section 14572 with the intention to recycle them.

§14526. “Scrap value” means the price paid for container material types subject to this division, after shipping and handling costs are deducted.

§14526.5. “Supermarket” means a full-line, self-service retail store with gross annual sales of two million dollars (\$2,000,000), or more, and which sells a line of dry grocery, canned goods, or nonfood items and some perishable items. For purposes of determining which dealers are supermarkets, the department shall use the annual updates of the Progressive Grocer Marketing Guidebook and any computer printouts developed in conjunction with the guidebook.

§14526.6. “Supermarket site” means any certified recycling center which redeems all types of empty beverage containers in accordance with Section 14572, and which is located within, or outside and immediately adjacent to the entrance of, or at, or within a parking lot or loading area surrounding, a supermarket which is the focal point of a convenience zone, or a dealer that is located within that

zone, and which is accessible to motor traffic.

§14527. “Use or consumption” includes the exercise of any right or power over a beverage incidental to the beverage’s ownership, including, but not limited to, drinking the beverage. “Use or consumption” does not include the sale, or the keeping or retention, of a beverage for the purposes of sale.

§14528. “Universal product code” is an 11-digit, all-numeric code that represents a beverage container or other consumer package of a particular brand, size, type, and manufacturer by using a series of alternating bars and spaces for electronic scanning.

§14528.1. “Voluntary artificial scrap value” means a price paid by a willing purchaser of empty PET containers, that reflects the payment of the scrap value for all PET containers sold, and that, when combined with payments made from the PET processing fee account pursuant to clause (ii) of subparagraph (A) of paragraph (6) of subdivision (a) of Section 14581, is equal to, or more than, the recycling cost for empty PET containers, as determined in subdivision (d) of Section 14575.

§14528.5. “Wine and distilled spirit cooler” means a beverage containing wine or distilled spirits to which is added concentrated or unconcentrated juice or flavoring material and containing not more than 7 percent alcohol by volume.

§14529. This division is a matter of statewide interest and concern and is applicable uniformly throughout the state. Accordingly, this division occupies the whole field of regulation of recycling-related refund values,

redemption payments, deposits, and similar fees relating to beverage containers, as provided in this division, and to containers of wine and distilled spirits products. No city, county, or other public agency may enforce or implement any existing or new ordinance, resolution, regulation, or rule establishing recycling-related refund values, redemption payments, deposits, or similar fees relating to these containers in the state unless expressly authorized by this division. If a federal law is enacted which establishes recycling-related refund values, redemption payments, deposits, and similar fees, relating to beverage containers, other than a federal law only affecting federal lands, or if a state law is enacted by initiative, which establishes recycling-related refund values, redemption payments, deposits, and similar fees relating to beverage containers, this division shall become inoperative. This section does not prohibit the implementation or enforcement of any ordinance or regulation governing curbside or dropoff recycling programs operated by, or pursuant to a contract with, a city, county, or other public agency, including actions relating to fees, or establishing fees, for these programs.

§14529.5. Any action to increase recycling taken by the department, or by any person or entity, affecting scrap values, the quantities of materials being recycled, or the method of invoicing the sale of beverages pursuant to this division is not a violation of the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code) and the Unfair Practices Act (Chapter 4 (commencing with Section 17000) of

Chapter 2. DEFINITIONS

Part 2 of Division 7 of the Business and Professions Code). This section does not apply to any action taken by a recycling center to increase the recycling of beverage containers.

§14529.7. (a) Except as provided in subdivision (b), this division does not apply to any program involving the collection and payment of deposits for beverage containers sold, used, or consumed at national parks and monuments, military installations, or any other property owned by and under the jurisdiction of the United States.

(b) To the extent permitted by federal law, this division, including, but not limited to, Section 14560.5, shall apply to a national park or monument, military installation, or any the jurisdiction of, the United States,

with regard to a beverage container not otherwise subject to a program involving the collection and payment of deposits for beverage containers.

(c) For purposes of this section, "a program involving the collection and payment of deposits" means a program, other than one imposed pursuant to this division, at a national park or monument, military installation, or any other property owned by, and under the jurisdiction of, the United States, that imposes a deposit on a beverage container at the time of sale and provides an opportunity for the beverage container purchaser to redeem the deposit at the national park or monument, military installation, or other property owned by, and under the jurisdiction of, the United States.

CHAPTER 3. ADMINISTRATION

§14530. This division shall be administered by the department. Notwithstanding Section 607, the department may, for organizational purposes, create a new division, bureau, or office to administer this division. If a new division, bureau, or office is created, any reference to “department” or “director” in this division shall be deemed to be a reference to that entity and the officer in charge of that entity.

§14530.1. There is hereby created within the department a recycling financial analysis and policy development unit, to develop, analyze, consolidate, and evaluate economic and policy proposals to carry out the objectives of this division, including, but not limited to, all of the following:

(a) Evaluate the solvency of the fund on an ongoing basis in order to make recommendations and report to the Legislature.

(b) Identify the fiscal impacts of proposed recycling programs, or changes to existing recycling programs.

(c) Assess the economic impacts of recycling proposals and programs on the state’s citizens and businesses, including the impact of adding new container types into existing law.

(d) Develop recommendations to better integrate the various recycling alternatives available from state government, local government and private industry with the objective of reducing recycling costs to citizens and businesses and meeting the 80-percent recycling goal established by this division.

§14530.2. The Division of Recycling shall be administered by an assistant director who is appointed by the Governor. The appointment shall be exempt from civil service.

§14530.5. (a) For purposes of entering into contracts for consulting, promotional, or advisory services necessary to implement this division, the requirements of Sections 11042 and 14615 of the Government Code and Sections 10295 and 10318 of the Public Contract Code do not apply to the activities of the department pursuant to this division, except that any sole source contract awarded by the department shall be reviewed and approved by the Department of General Services.

(b) In addition to any regulations which the department is required by statute to adopt, the department may adopt any other rules and regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code which the department determines may be necessary or useful to carry out this division or any of the department’s duties or responsibilities imposed pursuant to this division.

(c) The department may prepare, publish, and issue printed pamphlets, promotional materials, and bulletins which the director determines to be necessary for the dissemination of information to the public concerning the activities of the department pursuant to this division.

§14530.6. Upon the request of the department, the Attorney General shall represent the department and the state

Chapter 3. ADMINISTRATION

in litigation concerning affairs of the department.

§14536. (a) Except as provided in subdivision (b), the director shall adopt, amend, or repeal all rules and regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(b)(1) The director shall adopt regulations, and may adopt emergency regulations for the purposes of implementing Sections 14538, 14539, 14541, 14549.1, 14549.2, 14549.7, 14550, 14561, 14574, 14575, 14585, 14588.1, 14588.2, and 14591.

(2) Any emergency regulations, if adopted, shall be adopted in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and for the purposes of that chapter, including Section 11349.6 of the Government Code, the adoption of these regulations is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, and general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, including subdivision (e) of Section 11346.1 of the Government Code, any emergency regulations adopted pursuant to this section shall be filed with, but not be repealed by, the Office of Administrative Law and shall remain in effect until revised by the director.

§14536.1. Notwithstanding Section 14536, if the department determines that it is necessary to adopt or amend regulations to implement Section

14575, the department may adopt or amend those regulations as emergency regulations. The Office of Administrative Law shall consider those regulations to be necessary for the immediate preservation of the public peace, health and safety, and general welfare for purposes of Section 11349.6 of the Government Code. Notwithstanding subdivision (e) of Section 11346.1 of the Government Code, the emergency regulations adopted or amended pursuant to this section shall be repealed 180 days after the effective date of the regulations, unless the department complies with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

§14536.5. (a) In carrying out the division, the department may solicit and use all expertise available in other state agencies and where an existing state agency performs functions of a similar nature to the department's functions, the department may contract with, or cooperate with, the agency in carrying out this division.

(b) Notwithstanding subdivision (a), the Department of Food and Agriculture may, as requested by the department, collect, compile, and report information regarding the importation of filled or postfilled beverage containers. Border agricultural inspection stations and any other appropriate information gathering focal points may be used and the plant quarantine officers and supervisors of the Department of Food and Agriculture shall collect, compile, and report information requested by the department pursuant to this subdivision. Recovery of costs incurred by the Department of Food and Agriculture shall be accomplished

through an interagency agreement with the department.

[§14536.7. For purposes of Section 12024.13 of the Business and Professions Code, the department shall notify the Department of Food and Agriculture of any changes to this division, or regulations issued pursuant to this division, that affect refund values, redemption payments, or the responsibilities of a dealer.](#)

Amended by Chapter 605, Statutes of 2014 (AB 2251); effective January 1, 2015.)

§14537. The department shall keep accurate books, records, and accounts of all of its dealings, and these books, records, and accounts are subject to an annual audit by an auditing firm selected by the department. The auditing firm or the department shall also conduct a selective audit of entities making payments to, or receiving payments from, the department to determine whether redemption payments and applicable processing fees are being paid to the department on all beverage containers sold in California, and that refund values and processing payments are being paid out properly by the department.

§14538. (a)(1) The department shall certify ~~the operators~~ an operator of a recycling ~~centers~~ center pursuant to this section.

(2) The department shall review whether an application for certification or renewal is complete within 30 working days of receipt, including compliance with subdivision (c). If the department deems an application complete, the department shall approve or deny the application no later than 60 calendar days after the date when the application was deemed complete.

(b) The director shall adopt, by regulation, a procedure for the certification of recycling centers, including standards and requirements for certification. These regulations shall require that all information be submitted to the department under penalty of perjury. A recycling center shall meet all of the standards and requirements contained in the regulations for certification. The regulations shall require, but shall not be limited to requiring, that all of the following conditions be met for certification:

(1) The operator of the recycling center demonstrates, to the satisfaction of the department, that the operator will operate in accordance with this division.

(2) If one or more certified entities have operated at the same location within the past five years, the operations at the location of the recycling center exhibit, to the satisfaction of the department, a pattern of operation in compliance with the requirements of this division and regulations adopted pursuant to this division.

(3) The operator of the recycling center notifies the department promptly of any material change in the nature of his or her operations ~~which~~ that conflicts with information submitted in the operator's application for certification.

~~(c)(1) On and after January 1, 2014,~~ an applicant for certification as a recycling center, and a recycling center applying for renewal of a certification, shall complete the precertification training program required by this subdivision and meet all other qualification requirements prescribed

Chapter 3. ADMINISTRATION

by the department, which may include, but are not limited to, requiring the applicant to obtain a passing score on an examination administered by the department.

(2) The department may use staff or industry experts, or may seek expertise available in other state agencies, to provide the training program required by this subdivision, which shall include providing technical assistance to better prepare recycling centers for successful participation in this division, thereby reducing the potential for errors, fraud, or other activities that compromise the integrity of the implementation of this division.

(d) A certified recycling center shall comply with all of the following requirements for operation:

(1) The operator of the recycling center shall not pay a refund value for, or receive a refund value from any processor for, any food or drink packaging material or any beverage container or other product that does not have a refund value established pursuant to Section 14560.

(2) The operator of a recycling center shall take ~~those~~ actions that satisfy the department to prevent the payment of a refund value for any food or drink packaging material or any beverage container or other product that does not have a refund value established pursuant to Section 14560.

(3) Unless exempted pursuant to subdivision (b) of Section 14572, a certified recycling center shall accept, and pay at least the refund value for, all empty beverage containers, regardless of type.

(4) A certified recycling center shall not pay any refund values, processing

payments, or administrative fees to a noncertified recycler.

(5) A certified recycling center shall not pay any refund values, processing payments, or administrative fees on empty beverage containers or other containers that the certified recycling center knew, or should have known, were coming into the state from out of the state, or are otherwise ineligible for redemption.

(6) A certified recycling center shall not claim refund values, processing payments, or administrative fees on empty beverage containers that the certified recycling center knew, or should have known, were received from noncertified recyclers or on beverage containers that the certified recycling center knew, or should have known, come from out of the state, or are otherwise ineligible for redemption.

(7) A certified recycling center shall prepare and maintain the following documents involving empty beverage containers, as specified by the department by regulation:

(A) Shipping reports that are required to be prepared by the recycling center, or that are required to be obtained from other recycling centers.

(B) Consumer transaction receipts.

(C) Consumer transaction logs.

(D) Rejected container receipts on materials subject to this division.

(E) Receipts for transactions with beverage manufacturers on materials subject to this division.

(F) Receipts for transactions with beverage distributors on materials subject to this division.

(G) Documents authorizing the recycling center to cancel empty beverage containers.

(H) Weight tickets.

(8) In addition to the requirements of paragraph (7), a certified recycling center shall cooperate with the department and make available its records of scrap transactions when the review of these records is necessary for an audit or investigation by the department.

(e) The department may recover, in restitution pursuant to paragraph (5) of subdivision (c) of Section 14591.2, payments made from the fund to the certified recycling center pursuant to Section 14573.5 that are based on the documents specified in paragraph (7), that are not prepared or maintained in compliance with the department's regulations, and that do not allow the department to verify claims for program payments.

(f) The department may certify a recycling center that will operate less than 30 hours a week, as specified in paragraph (2) of subdivision (b) of Section 14571.

Amended by Chapter 597, Statutes of 2014 (AB 1846); effective January 1, 2015.)

§14539. (a)(1) The department shall certify processors pursuant to this section.

(2) The department shall review whether an application for certification or renewal is complete within 30 working days of receipt, including compliance with subdivision (c). If the department deems an application complete, the department shall approve or deny the application no later than 60 calendar days after the date when the application was deemed complete.

(b) The director shall adopt, by regulation, requirements and standards for certification. The regulations shall require, but shall not be limited to requiring, that all of the following conditions be met for certification:

(1) The processor demonstrates to the satisfaction of the department that the processor will operate in accordance with this division.

(2) If one or more certified entities have operated at the same location within the past five years, the operations at the location of the processor exhibit, to the satisfaction of the department, a pattern of operation in compliance with the requirements of this division and regulations adopted pursuant to this division.

(3) The processor notifies the department promptly of any material change in the nature of the processor's operations that conflicts with the information submitted in the operator's application for certification.

~~(c)(1) On and after January 1, 2014,~~ an ~~An~~ applicant for certification as a processor and a processor applying for renewal of a certification shall complete the precertification training program required by this subdivision and meet all other qualification requirements prescribed by the department, which may include, but are not limited to, requiring the applicant to obtain a passing score on an examination administered by the department.

(2) The department may use staff or industry experts, or may seek expertise available in other state agencies, to provide the training program required by this subdivision, which shall include providing technical assistance to better prepare processors for

Chapter 3. ADMINISTRATION

successful participation in this division, thereby reducing the potential for errors, fraud, or other activities which compromise the integrity of the implementation of this division.

(d) A certified processor shall comply with all of the following requirements for operation:

(1) The processor shall not pay a refund value for, or receive a refund value from the department for, any food or drink packaging material or any beverage container or other product that does not have a refund value established pursuant to Section 14560.

(2) The processor shall take those actions that satisfy the department to prevent the payment of a refund value for any food or drink packaging material or any beverage container or other product that does not have a refund value established pursuant to Section 14560.

(3) Unless exempted pursuant to subdivision (b) of Section 14572, the processor shall accept, and pay at least the refund value for, all empty beverage containers, regardless of type, for which the processor is certified.

(4) A processor shall not pay any refund values, processing payments, or administrative fees to a noncertified recycler. A processor may pay refund values, processing payments, or administrative fees to any entity that is identified by the department on its list of certified recycling centers.

(5) A processor shall not pay any refund values, processing payments, or administrative fees on empty beverage containers or other containers that the processor knew, or should have known, were coming into the state

from out of the state, or are otherwise ineligible for redemption.

(6) A processor shall not claim refund values, processing payments, or administrative fees on empty beverage containers that the processor knew, or should have known, were received from noncertified recyclers or on beverage containers that the processor knew, or should have known, come from out of the state, or are otherwise ineligible for redemption. A processor may claim refund values, processing payments, or administrative fees on any empty beverage container that does not come from out of the state and that is received from any entity that is identified by the department on its list of certified recycling centers.

(7) A processor shall take the actions necessary and approved by the department to cancel containers to render them unfit for redemption.

(8) A processor shall prepare or maintain the following documents involving empty beverage containers, as specified by the department by regulation:

(A) Shipping reports that are required to be prepared by the processor or that are required to be obtained from recycling centers.

(B) Processor invoice reports.

(C) Cancellation verification documents.

(D) Documents authorizing recycling centers to cancel empty beverage containers.

(E) Processor-to-processor transaction receipts.

(F) Rejected container receipts on materials subject to this division.

(G) Receipts for transactions with beverage manufacturers on materials subject to this division.

(H) Receipts for transactions with distributors on materials subject to this division.

(I) Weight tickets.

(9) In addition to the requirements of paragraph (7), a processor shall cooperate with the department and make available its records of scrap transactions when the review of these records is necessary for an audit or investigation by the department.

(e) The department may recover, in restitution pursuant to paragraph (5) of subdivision (c) of Section 14591.2, any payments made by the department to the processor pursuant to Section 14573 that are based on the documents specified in paragraph (8) of subdivision ~~(b) of this section~~ (d), that are not prepared or maintained in compliance with the department's regulations, and that do not allow the department to verify claims for program payments.

Amended by Chapter 597, Statutes of 2014 (AB 1846); effective January 1, 2015.

§14539.5. (a) The department shall certify dropoff and collection programs pursuant to this section. The director shall adopt, by regulation, requirements and standards for certification and a dropoff or collection program shall meet all the standards and requirements contained in the regulations for certification. The regulations shall require that all information be submitted to the department under penalty of perjury. The regulations shall require, in addition to any other conditions that may be imposed by the department,

that both of the following conditions be met for certification:

(1) The dropoff or collection program demonstrates, to the satisfaction of the department, that the dropoff or collection program will operate in accordance with this division.

(2) The dropoff or collection program notifies the department promptly of any material change in the nature of its operations that conflicts with the information submitted in the application for certification.

(b) A certified dropoff or collection program shall not receive any refund value or processing payment on an empty beverage container that the certified dropoff or collection program knew, or should have known, was received from a noncertified recycler, on any beverage container that the certified dropoff or collection program knew or should have known came from out of this state, or any other beverage container or other product that does not have a refund value established pursuant to Section 14560.

(c) The department may recover, in restitution pursuant to paragraph (5) of subdivision (c) of Section 14591.2, any payment made from the fund to a dropoff or collection program pursuant to Section 14573.5 that is based on a document that is not prepared or maintained in compliance with any applicable recordkeeping requirements required pursuant to this division or the department's regulations and that does not allow the department to verify the claims for those payments.

§14540. The department may review and verify all applications for certification of recycling centers and processors, and may conduct a

Chapter 3. ADMINISTRATION

comprehensive field investigation of any applicant in any manner which the department deems necessary to promote the purposes of this division. This division does not prohibit the department from certifying the same location or entity as both a processor and a recycling center.

§14541. (a) The department may issue a certificate pursuant to an initial or renewal application for certification as probationary, and the department may issue any other certificate as probationary pursuant to an enforcement action.

(b) A probationary certificate issued pursuant to this section shall be issued for a limited period of not more than two years. Before the end of the probationary period, the department shall issue a nonprobationary certificate, extend the probationary period for not more than one year, or, after notice to the probationary certificate holder, revoke the probationary certificate. Subsequent to the revocation, the former probationary certificate holder may request a hearing, which, notwithstanding, Section 11445.20 of the Government Code, shall be conducted in the same form as a hearing for an applicant

whose original application for certification is denied.

(c) If a hearing is requested pursuant to subdivision (b) and the party requesting the hearing fails to appear on the date scheduled, and does not notify the department at least five days prior to the hearing date that the party will not appear, the department may recover from the party all costs and fees incurred by the department, including attorneys' and experts' fees, and any other cost associated with preparing for, or conducting, the hearing.

(d) If conditions are imposed on the certificate holder as part of a disciplinary proceeding conducted pursuant to Section 14591.2, the certificate shall be considered probationary. If, at any time, the certificate holder violates any term or condition of the probationary certificate, the certificate may be revoked or suspended, after three days' notice, without any further hearing by the department.

§14541.5. Any certification or registration granted by the department is a privilege and not a vested right or interest.

CHAPTER 4. REPORTING

§14549. (a) Every glass container manufacturer shall report to the department each month, by a method as determined by the department, the amount of total tons of new glass food, drink, and beverage containers made in California by that glass container manufacturer and the tons of California postfilled glass used in the manufacturing of those new containers.

(b) Each glass container manufacturer in the state shall use a minimum percentage of 35 percent of postfilled glass in the manufacturing of their glass food, drink, or beverage containers measured in the aggregate, on an annual basis, except that if a glass container manufacturer demonstrates to the satisfaction of the department that its use of postfilled glass during the annual period is made up of at least 50 percent mixed-color cullet, then that manufacturer shall use a minimum percentage of 25 percent postfilled glass in the manufacturing of its glass food, drink, or beverage containers, measured in the aggregate, on an annual basis.

(c) A glass container manufacturer may seek a reduction or waiver of the minimum postfilled glass percentage required to be used in the manufacture of glass food, drink, or beverage containers pursuant to subdivision (b). The department may grant a reduction or waiver of the percentage requirement if it finds and determines that it is technologically infeasible for the glass container manufacturer to achieve the percentage requirement or if the department determines that a glass container manufacturer cannot achieve the minimum percentage

because of a lack of available glass cullet.

(d) For the purposes of this section, "mixed-color cullet" means cullet that does not meet the American Society for Testing and Materials (ASTM) standard specifications for color mix of color sorted postfilled glass as raw material for the manufacture of glass containers.

§14549.1. (a) In order to improve the quality and marketability of empty beverage containers collected for recycling in the state by curbside recycling programs or dropoff or collection programs, the department may, consistent with Section 14581 and subject to the availability of funds, pay a quality incentive payment for each material type, as specified in subdivision (c).

(b) The department may make a quality incentive payment pursuant to this section to either an operator of a curbside recycling program registered pursuant to Section 14551.5, or to any other entity certified pursuant to this division.

(c) Subject to subdivision (a), the department shall pay a quality incentive payment for each type of beverage container material in accordance with the following conditions:

(1) For quality incentive payments for empty glass beverage containers, all of the following shall apply:

(A) The department may make a quality incentive payment only for color-sorted glass beverage containers that are substantially free of contamination.

Chapter 4. REPORTING

(B) The department may make a quality incentive payment for empty glass beverage containers that are either collected color sorted by curbside recycling programs or dropoff or collection programs, or that are collected mixed color by curbside recycling programs or dropoff or collection programs and are subsequently color sorted by the collector or any other entity certified pursuant to this division.

(C) The amount of the quality incentive payment for empty glass beverage containers shall be up to sixty dollars (\$60) per ton, as determined by the department.

(2) For quality incentive payments for empty plastic beverage containers, both of the following shall apply:

(A) The department may make a quality incentive payment only for plastic beverage containers collected by curbside recycling programs or dropoff or collection programs, that are sorted by resin type, consistent with any quality specifications that the department may adopt.

(B) The amount of the quality plastic incentive payment shall be up to one hundred eighty dollars (\$180) per ton, as determined by the department.

(3) For quality payments for empty aluminum beverage containers, all of the following shall apply:

(A) The department may make a quality incentive payment only for aluminum beverage containers that are free of any and all metallic and nonmetallic items, other than used aluminum containers.

(B) The department may make a quality incentive payment for empty aluminum beverage containers that are

collected commingled by curbside recycling programs or dropoff or collection programs, and subsequently cleaned by the collector or any other entity certified pursuant to this division, of any and all metallic and nonmetallic items, other than used aluminum containers, consistent with any quality specifications that the department may adopt.

(C) The amount of the quality incentive payment for empty aluminum beverage containers shall be up to one hundred twenty-five dollars (\$125) per ton, as determined by the department.

(d) An operator of a curbside recycling program or any other certified entity receiving a quality incentive payment shall make available for inspection and review any relevant record that the department determines is necessary to verify the accuracy of data upon which the quality incentive payment is based and the operator's or certified entity's compliance with any applicable regulation.

(e) The department may make only one quality incentive payment for each empty beverage container collected pursuant to this section.

(f) This section shall become operative on January 1, 2007.

§14549.2. (a) For purposes of this section, the following definitions shall apply:

(1) "Certified entity" means a recycling center, processor, or dropoff or collection program certified pursuant to this division.

(2) "Product manufacturer" means any person who manufactures a plastic product in this state.

(b) In order to develop California markets for empty plastic beverage containers collected for recycling in the state, the department may, consistent with Section 14581 and subject to the availability of funds, pay a market development payment to a certified entity or product manufacturer for empty plastic beverage containers collected and managed pursuant to this section.

(c) The department shall make a market development payment to a certified entity or product manufacturer in accordance with this section, only if the plastic beverage container is collected and either recycled or used in manufacturing, in the state, as follows:

(1) The department shall make a market development payment to a certified entity for empty plastic beverage containers that are collected for recycling in the state, that are subsequently washed and processed by a certified entity into a flake, pellet, or other form in the state, and made usable for the manufacture of a plastic product by a product manufacturer.

(2) The department shall make a market development payment to a product manufacturer for empty plastic beverage containers that are collected for recycling in the state, that are subsequently washed and processed into a flake, pellet or other form in the state, and used by that product manufacturer to manufacture a product in this state.

(3) The department shall determine the amount of the market development payment, which may be set at a different level for a certified entity and a product manufacturer, but shall not exceed one hundred fifty dollars

(\$150) per ton. In setting the amount of the market development payment for both certified entities and product manufacturers, the department shall consider all of the following:

(A) The minimum funding level needed to encourage the in-state washing and processing of empty plastic beverage containers collected for recycling in this state.

(B) The minimum funding level needed to encourage the in-state manufacturing that utilizes empty plastic beverage containers collected for recycling in this state.

(C) The total amount of funds projected to be available for plastic market development payments and the desire to maintain the minimum funding level needed throughout the year.

(4) The department may make a market development payment to both a certified entity and a product manufacturer for the same empty plastic beverage container.

(d) This section shall remain in effect only until January 1, 2017, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2017, deletes or extends that date.

§14549.5. On or before April 1, 2004, and annually thereafter, or more frequently as determined to be necessary by the department, the department shall review and, if necessary in order to ensure payment of the most accurate commingled rate feasible, recalculate commingled rates paid for beverage containers and postfilled containers paid to curbside recycling programs and collection programs. Prior to recalculating a commingled rate pursuant to this

Chapter 4. REPORTING

section, the department shall do all of the following:

(a) Consult with private and public operators of curbside recycling programs and collection programs concerning the size of the statewide sample, appropriate sampling methodologies, and alternatives to exclusive reliance on a statewide commingled rate.

(b) At least 60 days prior to the effective date of any new commingled rate, hold a public hearing, after giving notice, to make available to the public and affected parties the department's review and any proposed recalculations of the commingled rate.

(c) At least 60 days prior to the effective date of any new commingled rate, and upon the request of any party, make available documentation or studies which were prepared as part of the department's review of a commingled rate.

(d)(1) Notwithstanding this division, the department may calculate a curbside recycling program commingled rate pursuant to this subdivision for bimetal containers and a combined commingled rate for all plastic beverage containers displaying the resin identification code "3," "4," "5," "6," or "7" pursuant to Section 18015.

(2) The department may enter into a contract for the services required to implement the amendments to this section made by Chapter 753 of the Statutes of 2003. The department may not expend more than two hundred fifty thousand dollars (\$250,000) for each year of the contract. The contract shall be paid only from revenues derived from redemption payments and processing fees paid on plastic

beverage containers displaying the resin identification code "3," "4," "5," "6," or "7" pursuant to Section 18015. If the department determines that insufficient funds will be available from these revenues, after refund values are paid to processors and the reduction is made in the processing fee pursuant to subdivision (e) of Section 14575 for these containers, the department may determine not to calculate a commingled rate pursuant to this subdivision.

§14549.6. (a) The department, consistent with Section 14581 and subject to the availability of funds, shall annually pay a total of fifteen million dollars (\$15,000,000) per fiscal year to operators of curbside programs and neighborhood dropoff programs that accept all types of empty beverage containers for recycling. The payments shall be for each container collected by the curbside or neighborhood dropoff programs and properly reported to the department by processors, based upon all of the following:

(1) The payment amount shall be calculated based upon the volume of beverage containers collected by curbside and neighborhood dropoff programs during the 12-month calendar year ending on December 31 of the fiscal year for which payments are to be made.

(2) The per-container rate shall be calculated by dividing the total volume of beverage containers collected, as determined pursuant to paragraph (1), into the sum of fifteen million dollars (\$15,000,000).

(3) The amount to be paid to each operator of a curbside program or neighborhood dropoff program shall

be based upon the per-container rate, calculated pursuant to paragraph (2), multiplied by the program's total reported beverage container volume calculated pursuant to paragraph (1).

(b) The amounts paid pursuant to this section shall be expended by operators of curbside and neighborhood dropoff programs only for activities related to beverage container recycling.

(c) The department shall disburse payments pursuant to this section not later than the end of the fiscal year following the calendar year for which the payments are calculated pursuant to paragraph (1) of subdivision (a), subject to the availability of funds.

(d) The operator of a curbside program or neighborhood dropoff program shall make available for inspection and review any relevant record that the department determines is necessary to verify compliance with this section.

§14550. (a)(1) Every processor shall report to the department for each month the amount of empty beverage containers, by material type and weight of container or material, excluding refillable beverage containers, received from recycling centers and curbside programs for recycling, and the scrap value paid for glass, PET, and bimetal containers and any beverage container that is assessed a processing fee. Every processor shall also report to the department for each month the amount of other postfilled aluminum, glass, and plastic food and drink packaging materials sold filled to consumers in this state and returned for recycling. These reports shall be submitted within 10 days after each month, in the form and

manner that the department may prescribe.

(2) The department shall treat all information reported pursuant to this section by a processor as commercial or financial information subject to the procedures established pursuant to Section 14554.

(b) Every distributor who sells or offers for sale in this state beverages in aluminum beverage containers, nonaluminum metal beverage containers, glass beverage containers, plastic beverage containers, or other beverage containers, including refillable beverage containers of these types, shall report to the department for each month the number of beverages sold in these beverage containers in this state which are labeled pursuant to Section 14561, by material type and size and weight of container or any other method as the department may prescribe. These reports shall be submitted by the day when payment is due, consistent with the applicable payment schedule specified in subdivision (a) of Section 14574, in the form and manner which the department may prescribe.

(c) Every distributor who sells or offers for sale in this state beverages in refillable beverage containers and who pays a refund value to distributors, dealers, or consumers who return these containers for refilling, shall report to the department for each month the number of these beverage containers returned empty to be refilled, by material type and size of container or any other method which the department may prescribe. These reports shall be submitted by the day when payment is due, consistent with the schedule specified in subdivision (a) of Section 14574, in the form and

Chapter 4. REPORTING

manner which the department may prescribe.

(d) Notwithstanding subdivision (b), a distributor who elects to make an annual payment pursuant to subdivision (b) of Section 14574 may, upon the approval of the department, submit the reports required by this section annually to the department. The reports shall accompany the annual payment submitted pursuant to Section 14574.

§14551. (a) The department shall establish reporting periods for the reporting of redemption rates and recycling rates. Each reporting period shall be six months. The department shall determine all of the following for each reporting period and shall issue a report on its determinations, within 130 days of the end of each reporting period:

(1) Sales of beverages in aluminum beverage containers, bimetal beverage containers, glass beverage containers, plastic beverage containers, and other beverage containers in this state, including refillable beverage containers.

(2) Returns for recycling, and returns not for recycling, of empty aluminum beverage containers, bimetal beverage containers, glass beverage containers, plastic beverage containers, and other beverage containers in this state, including refillable beverage containers returned to distributors pursuant to Section 14572.5. These numbers shall be calculated using the average current weights of beverage containers, as determined and reported by the department. To these numbers shall be added and separately reported the

following, if greater than, or equal to, zero:

(A) All empty postfilled aluminum, glass, and plastic food or drink packaging materials sold in the state, returned for recycling, and reported by weight to the department which do not have a refund value less the number specified in subparagraph (B).

(B) The number of beverage containers which comprise the first five percentage points of the redemption rate without including the empty postfilled aluminum, glass, and plastic food or drink packaging materials sold in the state, returned for recycling and reported by weight to the department which do not have a refund value.

(3) An aluminum beverage container redemption rate, the numerator of which shall be the number of empty aluminum beverage containers returned, including refillable aluminum beverage containers and empty postfilled aluminum food or drink packaging material included in paragraph (2), and the denominator of which shall be the number of aluminum beverage containers sold in this state.

(4) An aluminum beverage container recycling rate, the numerator of which shall be the number of empty aluminum beverage containers returned for recycling, including refillable aluminum beverage containers, and the denominator of which shall be the number of aluminum beverage containers sold in this state.

(5) A bimetal beverage container redemption rate, the numerator of which shall be the number of empty bimetal beverage containers returned,

and the denominator of which shall be the number of bimetal beverage containers sold in this state.

(6) A bimetal beverage container recycling rate, the numerator of which shall be the number of empty bimetal beverage containers returned for recycling, including refillable bimetal beverage containers, and the denominator of which shall be the number of bimetal beverage containers sold in this state.

(7) A glass beverage container redemption rate, the numerator of which shall be the number of empty glass beverage containers returned, including refillable glass beverage containers and empty postfilled food or drink packaging materials included in paragraph (2), and the denominator of which shall be the number of glass beverage containers sold in this state.

(8) A glass beverage container recycling rate, the numerator of which shall be the number of empty glass beverage containers returned for recycling, including refillable glass beverage containers, and the denominator of which shall be the number of glass beverage containers sold in this state.

(9) A plastic beverage container redemption rate, the numerator of which shall be the number of empty plastic beverage containers returned, including refillable plastic beverage containers and empty postfilled food or drink packaging materials included in paragraph (2), and the denominator of which shall be the number of plastic beverage containers sold in this state.

(10) A plastic beverage container recycling rate, the numerator of which shall be the number of empty plastic beverage containers returned for

recycling, including refillable plastic beverage containers, and the denominator of which shall be the number of plastic beverage containers sold in this state.

(11) A redemption rate for other beverage containers, the numerator of which shall be the number of empty beverage containers other than those containers specified in paragraphs (1) to (10), inclusive, returned, and the denominator of which shall be the number of beverage containers, other than those containers specified in paragraphs (1) to (10), inclusive, sold in this state.

(12) A recycling rate for other beverage containers, the numerator of which shall be the number of empty beverage containers other than those containers specified in paragraphs (1) to (10), inclusive, returned for recycling, and the denominator of which shall be the number of beverage containers, other than those containers specified in paragraphs (1) to (10), inclusive, sold in this state.

(13) The department may define categories of other beverage containers, and report a redemption rate and a recycling rate for each such category of other beverage containers.

(14) The volumes of materials collected from certified recycling centers, by city or county, as requested by the city or county, if the reporting is consistent with the procedures established pursuant to Section 14554 to protect proprietary information.

(b) The department shall determine the manner of collecting the information for the reports specified in subdivision (a), including establishing procedures, to protect any proprietary

Chapter 4. REPORTING

information concerning the sales and purchases.

§14551.4. The department shall make available the information collected pursuant to subdivision (a) of Section 14551, concerning the volumes of materials collected from certified recycling centers, only to a governmental agency which requests the information, including a city or county, or an entity specifically designated by the city or county to receive the information if the entity requests the information, if all of the following conditions are met:

(a) The request is made in writing.

(b) All information provided by the department is provided using the aggregate amounts collected in the city or county unless the city or county, or an entity specifically designated by the city or county to receive the information, requests the information provided by each individual certified recycling center.

(c) All information provided to the governmental agency, including a city or county, or an entity specifically designated by the city or county to receive the information, is considered proprietary and confidential in nature and protected in accordance with the requirements of subdivision (b) of Section 14551 of the Public Resources Code, Section 14554 of the Public Resources Code, and subdivision (e) of Section 6254.5 of the Government Code.

§14551.5. (a) The department shall register the operators of curbside programs pursuant to this section.

(b) Each curbside program that receives refund values and administrative fees from certified processors, or that receives refund

values from certified recycling centers, shall register with the department for an identification number. No curbside program may receive refund values or administrative fees without a valid identification number.

(c) The director shall adopt, by regulation, a procedure for the registration of curbside programs. This procedure shall include standards and requirements for registration. These regulations shall require that all information be submitted to the department under penalty of perjury. A curbside program shall meet all of the standards and requirements contained in the regulations for registration.

(d) The department shall require that the identification numbers received pursuant to this section be used on shipping reports for material collected by curbside programs pursuant to Sections 14538 and 14539 and on all other reports or documentation required by the department to administer this division.

(e) An operator of a curbside program registered pursuant to this section shall be deemed a certificate holder for purposes of this division.

§14552. (a) The department shall establish and implement an auditing system to ensure that the information collected, and refund values and redemption payments paid pursuant to this division, comply with the purposes of this division. Notwithstanding Sections 14573 and 14573.5, the auditing system adopted by the department may include prepayment or postpayment controls.

(b)(1) ~~On or after January 1 of each year, the~~ The department may audit or investigate any action taken up to ~~three~~

five years before the onset of the audit or investigation and may determine if there was compliance with this division and the regulations adopted pursuant to this division, during that period.

(2) Notwithstanding any other provision of law establishing a shorter statute of limitation, the department may take an enforcement action, including, but not limited to, an action for restitution or to impose penalties, at any time within ~~two~~ *five* years after the department discovers, or with reasonable diligence, should have discovered, a violation of this division or the regulations adopted pursuant to this division.

(c) During the conduct of any inspection, including, but not limited to, an inspection conducted as part of an audit or investigation, the entity that is the subject of the inspection shall, during its normal business hours, provide the department with immediate access to its facilities, operations, and any relevant record, that, in the department's judgment, the department determines are necessary to carry out this section to verify compliance with this division and the regulations adopted pursuant to this division.

(1) The department may take disciplinary action pursuant to Section 14591.2 against any person who fails to provide the department with access pursuant to this subdivision including, but not limited to, imposing penalties and the immediate suspension or termination of any certificate or registration held by the operator.

(2) The department shall protect any information obtained pursuant to this section in accordance with Section

14554, except that this section does not prohibit the department from releasing any information that the department determines to be necessary in the course of an enforcement action.

(d) The auditing system adopted by the department shall allow for reasonable shrinkage in material due to moisture, dirt, and foreign material. The department, after an audit by a qualified auditing firm and a hearing, shall adopt a standard to be used to account for shrinkage and shall incorporate this standard in the audit process.

(e) If the department prevails against ~~any~~ *an* entity in ~~any~~ *a* civil or administrative action brought pursuant to this division, and money is owed to the department as a result of the action, the department may offset the amount against amounts claimed by the entity to be due to it from the department. The department may take this offset by withholding payments from the entity or by authorizing all processors to withhold payment to a certified recycling center.

(f) If the department determines, pursuant to an audit or investigation, that a distributor or beverage manufacturer has overpaid the redemption payment or processing fee, the department may do either of the following:

(1) Offset the overpayment against future payments.

(2) Refund the payment pursuant to Article 3 (commencing with Section 13140) of Chapter 2 of Part 3 of Division 3 of Title 2 of the Government Code.

Amended by Chapter 35, Statutes of 2014 (SB 861); effective June 20, 2014.)

Chapter 4. REPORTING

§14552.5. (a) The department shall supply all certified processors with a standardized rejection form that shall include, but not be limited to, the names of the parties rejecting the postfilled beverage container material, the date of the rejections, the reasons for the rejections, the amount of rejected material, and a detailed accounting of the steps taken by the processor and container manufacturer to avert landfilling or disposal of the material, as required by subdivision (c) of Section 14552.51.

(b) Every container manufacturer shall fill out the standardized rejection form specified in subdivision (a) whenever that container manufacturer rejects a load of redeemed beverage container materials physically delivered to the manufacturer's place of business and offered for sale by a certified processor. The rejection form shall be filled out by the container manufacturer at the time of the rejection and immediately given to the certified processor for submittal to the department. Any container manufacturer who refuses to fill out the standardized rejection form required by this subdivision is in violation of this division and is subject to the fines and penalties in Sections 14591 and 14591.1.

(c) If a processor has made a good faith effort, as determined by the department, to locate a willing purchaser and is unsuccessful, the processor may fill out the standardized rejection form specified in subdivision (a) and submit it to the department. The processor rejection form shall include, but is not limited to, the name of the processor, the container manufacturers and other potential purchasers contacted, a detailed

accounting of the methods used to contact the potential buyers, the date of the rejections, the reasons given for the rejections, the amount of postfilled beverage container material rejected, and any other steps taken to avert landfilling or disposal of the material.

(d) If a container manufacturer rejects a load of postfilled containers by telephone, written correspondence of any kind, or other similar method, the container manufacturer shall, in a manner prescribed by the department, keep accurate logbooks of the offer of loads by the certified processor, and make that logbook available for inspection by the department upon demand. The logbook shall contain, but is not limited to, the same information required in the rejection form pursuant to subdivision (a).

(e) The standardized rejection form specified in subdivision (a) shall be submitted to the department by the certified processor with the written request to dispose of the redeemed material submitted pursuant to Section 14552.51. This material shall not be disposed of without a written authorization to do so by the department pursuant to Section 14552.51.

(f) Nothing in this section shall be interpreted to lessen certified processors' and container manufacturers' responsibilities relating to beverage container recycling, or diminish in any way the department's authority to carry out the intent and goals of this division.

§14552.51. (a) A certified processor seeking to dispose of rejected postfilled containers may not dispose of rejected postfilled containers unless the certified processor first submits to

the department, in writing, a request to dispose of the rejected material. No certified processor shall dispose of the rejected material prior to obtaining written permission from the department. If the department fails to respond to a written request to dispose of rejected postfilled beverage container materials within 10 days of receipt of the request, the processor's request for disposal is deemed approved by the department.

(b) All rejected loads of postfilled containers shall be available and subject to inspection by the department.

(c) All possible steps to avert the disposal of the loads of postfilled containers, as determined by the department, shall be taken by all container manufacturers and processors. All transactions or attempted transactions involving rejecting postfilled containers shall be thoroughly documented on the standardized rejection form pursuant to Section 14552.5. The container manufacturer and the certified processor are jointly and severally responsible for this effort.

§14553. (a) Except as provided in subdivision (b), all reports, claims, and other information required pursuant to this division and submitted to the department shall be complete, legible, and accurate, as determined by the department by regulation, and shall be signed, by an officer, director, managing employee, or owner of the certified recycling center, processor, distributor, beverage manufacturer, container manufacturer, or other entity.

(b) Notwithstanding subdivision (a), a person submitting the reports, claims, and other information specified in

subdivision (a) shall use the Division of Recycling Integrated Information System (DORIIS) or other system designated by the department for reporting, making, or claiming payments, or providing other information required pursuant to this division.

(c) The department may inspect the operations, processes, and records of an entity required to submit a report to the department pursuant to this division to determine the accuracy of the report and compliance with the requirements of this division.

(d)(1) A violation of this section is subject to the penalties specified in Section 14591.1.

(2) The department may take an enforcement action against a certified recycling center or processor that fails to comply with this section, including, but not limited to, imposing penalties, denying claims for payment, or terminating the certification of the certified recycling center or processor.

§14554. The department shall establish procedures to protect any privileged, confidential, commercial, or financial information obtained while collecting information for carrying out the requirements of this division. Any privileged, confidential, commercial, or financial information obtained in confidence by the department is not a public record for purposes of Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code.

§14556. (a) Not less than once every three months, the department shall provide to the Legislature pursuant to subdivision (b), at a minimum, all of the following information for the current fiscal year and the budget year:

Chapter 4. REPORTING

(1) An updated fund condition statement that includes the revenues, transfers, and expenditures in to and out of the fund.

(2) The recycling rate, by beverage container material type, that is inferred using the revenues.

(3) An explanation of significant changes to the fund condition statement from the prior report and significant changes to the methodology used for forecasting the fund condition statement.

(4) Projected sales, which include all actual data available since the last reporting period, by beverage container material type and size, and actual or projected returns, which include all actual data available since the last reporting period, by beverage container material type, including an explanation in any case where the actual returns are more than 100 percent of actual sales.

(5) Projected handling fee payments, which include all actual data available since the last reporting period, the per beverage container handling fee amount, and the number of beverage containers projected to be eligible for a handling fee payment.

(6) Projected processing payments, which include all actual data available since the last reporting period, by beverage container material type, showing the total processing fee offsets, processing fees, and processing payments for each type of beverage container material.

(7) Total grants awarded during the current fiscal year.

(b) Notwithstanding Section 9795 of the Government Code, not less than once every three months, the department shall provide a written copy of the information required in subdivision (a) to the Joint Legislative Budget Committee and to the appropriate policy and fiscal committees of both houses of the Legislature and shall also post the most recent information required in subdivision (a) on the department's Internet Web site.

(c) The department shall review the information included in the fund condition statement frequently, but not less than once every three months, to determine if adequate funds exist to pay the disbursements required pursuant to this division and to make the determinations required pursuant to subdivision (c) of Section 14581.

CHAPTER 5. MINIMUM REDEMPTION VALUE

§14560. (a)(1) Except as provided in paragraph (3), a beverage distributor shall pay the department, for deposit into the fund, a redemption payment of four cents (\$0.04) for a beverage container sold or offered for sale in this state by the distributor.

(2) A beverage container with a capacity of 24 fluid ounces or more shall be considered as two beverage containers for purposes of redemption payments paid pursuant to paragraph (1).

(3) The amount of the redemption payment and refund value for a beverage container with a capacity of less than 24 fluid ounces sold or offered for sale in this state by a dealer shall equal five cents (\$0.05), and the amount of redemption payment and refund value for a beverage container with a capacity of 24 fluid ounces or more shall be ten cents (\$0.10), if the aggregate recycling rate reported pursuant to Section 14551 for all beverage containers subject to this division is less than 75 percent for the 12-month reporting period from January 1, 2006, to December 31, 2006, or for any calendar year thereafter.

(b) Except as provided in paragraph (3) of subdivision (a), a beverage container sold or offered for sale in this state has a refund value of four cents (\$0.04) if the beverage container has a capacity of less than 24 fluid ounces and eight cents (\$0.08) if the beverage container has a capacity of 24 fluid ounces or more.

(c) This section does not apply to a refillable beverage container.

§14560.5. (a)(1) Except as provided in paragraph (2), the invoice or other form of accounting of the transaction submitted by a beverage distributor of beverages to a dealer shall separately identify the amount of any redemption payment imposed on beverage containers pursuant to Section 14560 and the separate identification of the invoice or other form of accounting of the transaction shall not combine or include the gross wholesale price with the redemption payment but shall separately state the gross amount of the redemption payment for each type of container included in each delivery.

(2) The invoice or other form of accounting of the transaction submitted by any distributor of beer and malt beverages or wine or distilled spirit coolers to a dealer may separately identify the portion of the gross wholesale price attributable to any redemption payment imposed on beverage containers pursuant to Section 14560 and the separate identification of the invoice or other form of accounting of the transaction may separately state the gross amount of the redemption payment for each type of container included in each delivery. The invoice or other form of accounting of this transaction may separately identify the portion of the gross wholesale price attributable to the redemption payment.

(3) Notwithstanding Section 14541, the department shall randomly inspect beverage distributor invoices or other forms of accounting to ensure compliance with this subdivision. However, an unintentional error in addition or subtraction on an invoice or other form of accounting by a route

Chapter 5. MINIMUM REDEMPTION VALUE

driver of a distributor shall not be deemed a violation of this subdivision.

(4) For the purposes of this subdivision, the term “type of container” includes the amount of the redemption payment on containers under 24 ounces and on containers 24 ounces or more.

(b) To the extent technically and economically feasible, a dealer may separately identify the amount of any redemption payment on the customer cash register receipt provided to the consumer, by the dealer, that is applied to the purchase of a beverage container.

(c)(1) A dealer shall separately identify the amount of any redemption payment imposed on a beverage container in all advertising of beverage products and on the shelf labels of the dealer’s establishment. The separate identification shall be accomplished by stating one of the following:

(A) The price of the beverage product plus a descriptive term, as described in paragraph (2).

(B) The price of the beverage product plus the amount of the applicable redemption payment and a descriptive term, as described in paragraph (2).

(C) The price of the beverage product plus the amount of the applicable redemption payment, a descriptive term, as described in paragraph (2), and the total of these two amounts.

(2) For purposes of paragraph (1), the redemption payment shall be identified by one of the following descriptive terms: “California Redemption Value,” “CA Redemption Value,” “CRV,” “California Cash

Refund,” “CA Cash Refund,” or any other message specified in Section 14561.

(3) A dealer shall not include the redemption payment in the total price of a beverage container in any advertising or on the shelf of the dealer’s establishment.

(4) This subdivision applies only to a dealer at a dealer location with a sales and storage area totaling more than 4,000 square feet.

(5) The penalties specified in Section 14591 and 14591.1 shall not be applied to a person who violates this subdivision.

(d) With regard to the sale of beer and other malt beverages or wine and distilled spirits cooler beverages, any amount of redemption payment imposed by this division is subject to Section 25509 of the Business and Professions Code.

§14561. (a) A beverage manufacturer shall clearly indicate on all beverage containers sold or offered for sale by that beverage manufacturer in this state the message “CA Redemption Value,” “California Redemption Value,” “CA Cash Refund,” “California Cash Refund,” or “CA CRV,” by either printing or embossing the beverage container or by securely affixing a clear and prominent stamp, label, or other device to the beverage container.

(b) Any refillable beverage container sold or offered for sale is exempt from this section. However, any beverage manufacturer or container manufacturer may place upon, or affix to, a refillable beverage container, any message that the manufacturer determines to be

appropriate relating to the refund value of the beverage container.

(c) A person shall not offer to sell, or sell to a consumer a beverage container subject to subdivision (a) that has not been labeled pursuant to this section, except for a refillable beverage container that is exempt from labeling pursuant to subdivision (b).

(d) The department may require that a beverage container intended for sale in this state be printed, embossed, stamped, labeled, or otherwise marked with a universal product code or similar machine-readable indicia.

(e) A beverage container labeled with the message specified in subdivision (a) shall have the minimum redemption payment established pursuant to Section 14560, which shall be paid by the distributor to the department pursuant to Section 14574.

§14562. The Legislature hereby finds and declares that the minimum redemption payment established by this article is a regulatory fee collected for the purpose of assuring the return for recycling of a greater percentage of the beverage containers sold in this state, and is beneficial to the beverage industry by assuring the more reliable availability of raw materials. Accordingly, the payments of redemption payments to the department for deposit in the California Beverage Container Recycling Fund are not the “proceeds of taxes,” as that term is used in subdivision (c) of Section 8 of Article XIII B of the California Constitution, and the disbursement or encumbrance of money in the fund is not subject to the limitations imposed by that article.

CHAPTER 6. RETURNS

§14570. Every dealer shall post a clear and conspicuous sign of at least 10 inches by 15 inches at each public entrance to the dealer's place of business, which specifies one of the following:

(a) The name and address, as provided by the department, of at least the certified recycling center, location, or locations, nearest to the dealer, which redeems all types of empty beverage containers at one location during at least 30 hours per week with a minimum of five hours of operation occurring during periods other than from Monday to Friday, from 9:00 a.m. to 5:00 p.m., and the toll-free telephone number established by the department for the purpose of disseminating information regarding beverage container recycling opportunities.

(b) One of the following procedures for redeeming beverage containers is available, pursuant to Section 14571.6:

(1) Beverage containers may be redeemed at all open cash registers within this place of business.

(2) Beverage containers may be redeemed at one specific location on the dealer's premises which is identified on the sign.

§14571. (a) Except as otherwise provided in this chapter, there shall be at least one certified recycling center or location within every convenience zone that accepts and pays the refund value, if any, at one location for all types of empty beverage containers and is open for business during at least 30 hours per week with a minimum of five hours of operation occurring during periods other than from

Monday to Friday, from 9:00 a.m. to 5:00 p.m.

(b)(1) Notwithstanding subdivision (a), the department may require a certified recycling center to operate 15 of its 30 hours of operation other than during 9 a.m. to 5 p.m.

(2) Notwithstanding subdivision (a) and paragraph (1), the department may certify a recycling center that will operate less than 30 hours per week, if all of the following conditions are met:

(A) The recycling center is in a rural region. For purposes of this subparagraph, "rural region" means a nonurban area identified by the department on an annual basis using the loan eligibility criteria of the Rural Housing Service of the United States Department of Agriculture, Rural Development Administration, or its successor agency. Those criteria include, but are not limited to, places, open country, cities, towns, or census designated places with populations that are less than 10,000 persons. The department may designate an area with a population of between 10,000 and 50,000 persons as a rural region, unless the area is identified as part of, or associated with, an urban area, as determined by the department on an individual basis.

(B) The recycling center agrees to post a sign indicating the location of the nearest recycling center that is open at least 30 hours per week and that will accept all material types.

(C) The needs of the community and the goals of this division will be best served by certification of the operation as a recycling center.

Chapter 6. RETURNS

(c) Before establishing operating hours for a certified recycling center pursuant to subdivision (b), the department shall make a determination that this action is necessary to further the goals of this division and that the proposed operating hours will not significantly decrease the ability of consumers to conveniently return beverage containers for the refund value to a certified recycling center redeeming all material types.

(d) For purposes of this section, if the recycling center is staffed and is not a reverse vending machine, a center is “open for business” if all of the following requirements are met:

(1) An employee of the certified recycling center or location is present during the hours of operation and available to the public to accept containers and to pay the refund values.

(2) In addition to the sign specified in subdivision (h), a sign having a minimum size of two feet by two feet is posted at the certified recycling center or location indicating that the center or location is open. Where allowed by local zoning requirements or where zoning restrictions apply, the sign shall be of the maximum allowable size.

(3) The prices paid, by weight or per container, are posted at the location.

(e) Except as provided in subdivision (f), for the purpose of this section, if the recycling center consists of reverse vending machines or other unmanned automated equipment, the center is “open for business” if the equipment is properly functioning, accepting all types of empty beverage containers at the recycling location, and paying posted refund values no

less than the minimums required by this division.

(f) If a recycling center consists of reverse vending machines or other automated equipment, the recycling center is “open for business” if the equipment is properly functioning, and accepting all types of empty beverage containers at one physical recycling location within the recycling location.

(g) Whenever a recycling center that is a reverse vending machine is not “open for business” during the 30 hours of operation required and posted pursuant to this section and Section 14570, the dealer that is hosting the reverse vending machine at its place of business shall redeem all empty beverage container types at all open cash registers or one designated location in the store, as specified on the sign required pursuant to subdivision (h).

(h) In addition to the sign specified in paragraph (2) of subdivision (d), each reverse vending machine shall be posted with a clear and conspicuous sign on or near the reverse vending machine which states that beverage containers may be redeemed by the host dealer if the machine is nonoperational at any time during the required 30 hours of operation, pursuant to subdivision (g). The department shall determine the size and location of the sign and the message required to be printed on the sign.

§14571.1. On or before January 1 of each year, the department shall, on a statewide basis, designate all convenience zones as of that date, including convenience zones in underserved areas, and shall prepare a

map or maps showing these convenience zones.

§14571.2. The department shall continuously assist dealers and recyclers to establish certified recycling locations within each convenience zone. This assistance includes, but is not limited to, providing information to companies and organizations interested in operating recycling in the convenience zone; providing dealers with names of prospective recyclers for the convenience zone and providing recyclers with the names of dealers in need of a recycler for a convenience zone; providing dealers and recyclers with information on grants, advertising funds, and other resources available; and providing recyclers with advice regarding appearance and image of the recycling center and the efficient handling and transportation of recycled beverage containers.

§14571.3. (a) The department shall continuously assist any certified recycler to achieve greater service to the public in an economical and cost-effective manner. This assistance shall include, but not be limited to, advice on all of the following:

- (1) Methods to enhance public participation in recycling.
- (2) The most beneficial location, siting, and image of a recycling location.
- (3) Methods to reduce costs and optimize efficiencies of existing resources.

(b) The department shall conduct regular, unannounced inspections of certified recycling centers for the purpose of determining that the requirements of this division are satisfied. The department shall assess

civil penalties pursuant to Section 14591.1 for violations at certified recycling centers.

§14571.4. (a)(1) The department shall certify one operator to establish the Pacific Beach Mobile Recycling Program that incorporates all convenience zones in the Pacific Beach area of San Diego County.

(2) For the purposes of this section, “the Pacific Beach area of San Diego County” means the area designated in the Pacific Beach Community Plan.

(b) Notwithstanding Sections 14570 and 14571, all convenience zones within the Pacific Beach area of San Diego County shall be considered served if both of the following conditions are met:

(1) The recycling center operator meets all of the following conditions:

(A) The center is open for business at least once each week at a number of locations equal to the number of convenience zones in the Pacific Beach area of San Diego County as determined by the department annually, three of which are within existing convenience zones in the Pacific Beach area of San Diego County.

(B) The center is open for business at least eight hours per day at each location.

(C) The center agrees to accept, and pay the refund value for, all eligible beverage container types.

(D) The center is certified by the department for operation in the number of locations equal to the number of convenience zones in the Pacific Beach area of San Diego County, as determined by the department.

Chapter 6. RETURNS

(2) All dealers within the Pacific Beach area of San Diego County post a clear and conspicuous sign of at least 10 inches by 15 inches at each public entrance to the dealer's place of business, indicating the location, hours, and day of operation for each recycling location within the Pacific Beach area.

(c) A recycling center operator approved by the department, that meets the conditions prescribed in paragraphs (1) and (2) of subdivision (b), shall be designated a certified recycling center and shall be eligible to apply for handling fees pursuant to Section 14585 and to receive from processors the amounts specified in subdivision (a) of Section 14573.5 for refund values, administrative costs, and processing payments.

(d) If the department determines that it is necessary to adopt or revise regulations to implement this section, the regulations shall be adopted or revised as emergency regulations. The Office of Administrative Law shall consider these emergency regulations to be necessary for the immediate preservation of the public peace, health, and safety, and the general welfare for the purposes of Section 11349.6 of the Government Code. Notwithstanding the 120-day period provided for in subdivision (e) of Section 11346.1 of the Government Code, the emergency regulations shall be repealed 180 days from the effective date of the regulations.

§14571.5. The department may, in a rural region, as identified pursuant to subparagraph (A) of paragraph (2) of subdivision (b) of Section 14571, upon petition by an interested person, do either of the following:

(a)(1) Increase a convenience zone to include the area within a three-mile radius of a supermarket, if the expanded convenience zone would then be served by a single existing certified recycling center or location.

(2) This subdivision applies only to a convenience zone that is otherwise not being served by a certified recycling center or location meeting the requirements of Section 14571 or is exempted by the department pursuant to Section 14571.8.

(b)(1) Designate a convenience zone pursuant to Section 14571.1 in an area where there is no supermarket, but with two or more dealers located within a one-mile radius of each other, and that meets all of the following criteria:

(A) The dealers in that area have combined gross annual sales of two million dollars (\$2,000,000) or more, as certified by the petitioner in an affidavit filed with the petition.

(B) The convenience zone encompasses a three-mile radius, with the center of the zone established at the dealer, located closest to the existing recycling center specified in subparagraph (D).

(C) The convenience zone does not overlap any other existing convenience zone.

(D) The convenience zone is served by a single existing certified recycling center.

(2) The department shall identify the dealer locations only for the purpose of providing a reference point in the establishment of the convenience zone pursuant to this subdivision.

(3) If the existing recycling location in a convenience zone designated

pursuant to this subdivision ceases operations, the convenience zone shall also cease to exist until a new recycling location is established, and the department is petitioned by an interested person to designate a convenience zone.

§14571.6. In any convenience zone where no recycling location has been established which satisfies the requirements of Section 14571, and in any convenience zone which has exceeded the 60-day period for the establishment of a recycling center pursuant to Section 14571.7, all dealers within that zone shall, until a recycling location has been established in that zone, do one of the following:

(a) Submit to the department an affidavit form provided by the department stating that all of the following standards are being met by the dealer:

(1) The dealer redeems all empty beverage container types at all open cash registers or one designated location on the dealer's premises, during all hours that the dealer is open for business.

(2) The dealer has posted signs which meet the size and location requirements specified in subdivision (b) of Section 14570, and which conform to paragraph (2) of that subdivision.

(3) The dealer is delivering, or having delivered, all empty beverage containers received from the public to a certified recycling center or processor for recycling.

(b) Pay to the department for deposit in the fund the sum of one hundred dollars (\$100) per day until a recycling location is established or until the

standards for redemption specified in subdivision (a) are met.

§14571.7. (a) Except as provided in subdivision (b), in any convenience zone where a recycling location or locations were initially established, but where the location or locations cease to operate in accordance with Section 14571, the department shall notify all dealers within that convenience zone that a recycling location is required to be established within 60 days. If, within 30 days of the notification, a recycling location that satisfies the requirements of Section 14571 has not been established, the department shall notify all dealers within that zone, and one or more dealers within that zone shall establish, or cause to be established, a recycling location.

(b) In any convenience zone where a recycling location or locations were initially established, but where the location or locations cease to operate in accordance with Section 14571, the department shall determine, pursuant to Section 14571.8, if the convenience zone is eligible for an exemption. If the convenience zone meets all of the requirements for an exemption pursuant to 14571.8, the department shall grant one exemption. If the department determines that a convenience zone is not eligible for an exemption pursuant to subdivision (a) and Section 14571.8, the department shall notify all dealers within that convenience zone that a recycling location is required to be established within 60 days. If, within 30 days of the notification, a recycling location that satisfies the requirements of Section 14571 has not been established, the department shall notify all dealers within that zone, and one or more dealers within that zone shall

Chapter 6. RETURNS

establish, or cause to be established, a recycling location.

§14571.8. (a) No lease entered into by a dealer after January 1, 1987, may contain a leasehold restriction that prohibits or results in the prohibition of the establishment of a recycling location.

(b) The director may grant an exemption from the requirements of Section 14571 for an individual convenience zone only after the department solicits public testimony on whether or not to provide an exemption from Section 14571. The solicitation process shall be designed by the department to ensure that operators of recycling centers, dealers, and members of the public in the jurisdiction affected by the proposed exemption are aware of the proposed exemption. After evaluation of the testimony and any field review conducted, the department shall base a decision to exempt a convenience zone on one, or any combination, of the following factors:

(1) The exemption will not significantly decrease the ability of consumers to conveniently return beverage containers for the refund value to a certified recycling center redeeming all material types.

(2) Except as provided in paragraph (5), the nearest certified recycling center is within a reasonable distance of the convenience zone being considered from exemption.

(3) The convenience zone is in the area of a curbside recycling program that meets the criteria specified in Section 14509.5.

(4) The requirements of Section 14571 cannot be met in a particular convenience zone due to local zoning

or the dealer's leasehold restrictions for leases in effect on January 1, 1987, and the local zoning or leasehold restrictions are not within the authority of the department and the dealer. However, any lease executed after January 1, 1987, shall meet the requirements specified in subdivision (a).

(5) The convenience zone has redeemed less than 60,000 containers per month for the prior 12 months and, notwithstanding paragraph (2), a certified recycling center is located within one mile of the convenience zone that is the subject of the exemption.

(c) The department shall review each convenience zone in which a certified recycling center was not located on January 1, 1996, to determine the eligibility of the convenience zone under the exemption criteria specified in subdivision (b).

(d) The total number of exemptions granted by the director under this section shall not exceed 35 percent of the total number of convenience zones identified pursuant to this section.

(e) The department may, on its own motion, or upon petition by any interested person, revoke a convenience zone exemption if either of the following occurs:

(1) The condition or conditions that caused the convenience zone to be exempt no longer exists, and the department determines that the criteria for an exemption specified in this section are not presently applicable to the convenience zone.

(2) The department determines that the convenience zone exemption was granted due to an administrative error.

(f) If an exemption is revoked and a recycling center is not certified and operational in the convenience zone, the department shall, within 10 days of the date of the decision to revoke, serve all dealers in the convenience zone with the notice specified in subdivision (a) of Section 14571.7.

(g) An exemption shall not be revoked when a recycling center becomes certified and operational within an exempt convenience zone unless either of the events specified in paragraphs (1) and (2) of subdivision (e) occurs.

§14572. (a)(1) Except as provided in subdivision (b), a certified recycling center shall accept from any consumer or dropoff or collection program any empty beverage container, and shall pay to the consumer or dropoff or collection program the refund value of the beverage container.

(2) Except as provided in paragraph (3), the recycling center may pay the refund value based on the weight of returned containers.

(3) On and after September 1, 2013, for beverage containers redeemed by consumers, a certified recycling center shall pay the refund value using the applicable segregated rate, as defined in paragraph (43) of subsection (a) of Section 2000 of Title 14 of the California Code of Regulations, as that section read on September 1, 2013, which shall be based on the weight of the redeemed beverage containers.

(b) Any recycling center or processor that was in existence on January 1, 1986, and that refused, as of January 1, 1986, to accept at a particular location a certain type of empty beverage container may continue to refuse to accept at the

location the type or types of empty beverage containers that the recycling center or processor refused to accept as of January 1, 1986. A certified recycling center that refuses, pursuant to this subdivision, to accept a certain type or types of empty beverage containers is not eligible to receive handling fees unless the center agrees to accept all types of empty beverage containers and is a supermarket site. This subdivision does not preclude the certified recycling center from receiving a handling fee for beverage containers redeemed at supermarket sites that do accept all types of containers.

(c) The department shall develop procedures by which recycling centers and processors that meet the criteria of subdivision (b) may recertify to change the material types accepted.

(d)(1) Only a certified recycling center may pay the refund value to consumers or dropoff or collection programs. A person shall not pay a noncertified recycler for empty beverage containers an amount that exceeds the current scrap value for each container type, which shall be determined in the following manner:

(A) For a plastic or glass beverage container, the current scrap value shall be determined by the department.

(B) For an aluminum beverage container, the current scrap value shall be not greater than the amount paid to the processor for that aluminum beverage container, on the date the container was purchased, by the location of end use, as defined in the regulations of the department.

(2) A person shall not receive or retain, for empty beverage containers that come from out of state, any refund

Chapter 6. RETURNS

values, processing payments, or administrative fees for which a claim is made to the department against the fund.

(3) Paragraph (1) does not affect curbside programs under contract with cities or counties.

§14572.5. A certified recycling center, other than a reverse vending machine, shall accept from any consumer or any dropoff or collection program and pay the applicable deposit for any refillable empty beer and other malt beverage container. The certified recycling center shall return, or cause to be returned, the refillable beer and other malt beverage container to the beer and other malt beverage distributor or any willing purchaser, who shall then pay the deposit to the center. The beer and other malt beverage distributor or other purchaser shall also negotiate a handling fee with the recycling center for the return of these containers.

§14573. (a) The department shall pay to a processor, for every empty beverage container received by the processor from a certified recycling center, curbside program, or dropoff or collection program, upon presentation of a completed processor invoice accompanied by a shipping report from the supplier of the material, in the form adopted by the department, the sum of all of the following amounts:

- (1) The refund value.
 - (2) Two and one-half percent of the refund value for administrative costs.
 - (3) The processing payment established pursuant to Section 14575.
- (b) The department shall make the payment required in subdivision (a) within two working days of the date

that the department is notified of the delivery or within the time determined by the department to be necessary and adequate. If the payment is not made by the Controller to the certified processor within 20 working days of receipt of the claims schedule, the Controller shall pay the processor interest at the current prime lending rate for any period in excess of these 20 working days.

§14573.5. (a) Except as provided in Section 14573.6, a processor shall pay to a certified recycling center, dropoff or collection program, or curbside program, for all types of empty beverage containers, by type of beverage container, received by the processor from a recycling center, curbside program, or dropoff or collection program, upon receipt by the certified processor of a shipping report from the supplier of the material, in the form adopted by the regulations adopted by the department, the sum of all of the following amounts:

- (1) The refund value.
- (2) Three-fourths of 1 percent of the refund value for administrative costs.
- (3) The processing payment established pursuant to Section 14575.

(b) The processor shall make the payment required in subdivision (a) within two working days of the date that the processor receives these empty beverage containers, or within the time which the department determines to be necessary and adequate. Under the procedures authorized by the department, the department may authorize a certified recycling center to cancel containers, and a certified processor may authorize a certified

recycling center to cancel containers on behalf of the certified processor.

(c) If the department has set up an accounts receivable procedure or other procedure for seeking the payment of money improperly obtained by a certified recycling center from the fund, the department may reimburse the processor for its payments to that certified recycling center.

§14573.51. (a) Notwithstanding any other provision of this division, recycling centers and processors shall not pay curbside programs more than the applicable statewide average curbside commingled rate unless the curbside program has received an individual commingled rate from the department pursuant to subdivision (b).

(b) The department may establish a procedure whereby the operators of curbside programs may apply for an individual commingled rate for any material or types with or without a statewide commingled rate, including, but not limited to, glass, aluminum, bimetal, or any of the individual plastic resin types or combination of resin types identified by resin identification codes under Section 18015. These procedures shall require, at a minimum, all of the following:

(1) The individual rate shall be valid for no more than one year from the date the individual rate is authorized.

(2) The methodology used by the operator of the curbside program to determine the commingled rate shall be approved by the department, in advance.

(c) Curbside programs that have acquired an individual commingled rate, pursuant to this section, shall not be surveyed by the department to determine the statewide average

curbside commingled rate during the period the individual commingled rate is effective.

(d) The department may enter into a contract for the services required to implement the amendments to this section made by the act of the first half of the 2003-04 Regular Session of the Legislature amending this section. The department may not expend more than two hundred fifty thousand dollars (\$250,000) for each year of the contract. The contract shall be paid only from revenues derived from redemption payments and processing fees paid on plastic beverage containers displaying the resin identification code "3," "4," "5," "6," or "7" pursuant to Section 18015. If the department determines that insufficient funds will be available from these revenues, after refund values are paid to processors and the reduction is made in the processing fee pursuant to subdivision (f) of Section 14575 for these containers, the department may determine not to calculate a commingled rate pursuant to subdivision (b).

§14573.6. No dropoff or collection program shall pay any refund value to the consumer, and a dropoff or collection program is not eligible to receive any sum paid pursuant to Section 14573 or 14573.5 for administrative costs.

§14573.7. Notwithstanding Sections 14573 and 14573.5, the department may require a recycling center, pursuant to a prepayment review taken pursuant to subdivision (a) of Section 14552, to submit consumer transaction logs and consumer transaction receipts as support documentation for shipping reports submitted to processors. The department may, pursuant to this

Chapter 6. RETURNS

section, authorize a processor to withhold refund value payments to a recycling center. The department may suspend the certification of a recycling center without a hearing if the recycling center fails to comply with the documental submittal requirements of this section, upon providing notice of these requirements. The recycling center which is the subject of the suspension may then request a hearing on the suspension, but the request for a hearing shall not stay the suspension. A hearing requested pursuant to this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

~~§14574. (a)(1) A distributor of beverage containers shall pay to the department the redemption payment for every beverage container, other than a refillable beverage container, sold or transferred to a dealer, less 1.5 percent for the distributor's administrative costs.~~

~~(2) Between February 1, 2010, and June 30, 2012, inclusive, the payment made by a distributor shall be made not later than the last day of the second month following the sale. The distributor shall make the payment in the form and manner that the department prescribes.~~

~~(b)(1) Notwithstanding subdivision (a), if a distributor displays a pattern of operation in compliance with this division and the regulations adopted pursuant to this division, to the satisfaction of the department, the distributor may make a single annual payment of redemption payments if the distributor's projected redemption payment for a calendar year totals less~~

~~than seventy-five thousand dollars (\$75,000).~~

~~(2) An annual redemption payment made pursuant to this subdivision is due and payable on or before February 1 for every beverage container sold or transferred by the distributor to a dealer in the previous calendar year.~~

~~(3) A distributor shall notify the department of its intent to make an annual redemption payment pursuant to this subdivision on or before January 31 of the calendar year for which the payment will be due.~~

~~(e) On or before January 10, 2012, the department shall submit to the relevant policy and budget committees of the Legislature an assessment of the effect of ending the bimonthly payment pursuant to paragraph (2) of subdivision (a) on the solvency of the fund. The assessment shall include data used to make the assessment, including sales, recycling, and other relevant information.~~

~~(d) This section shall become inoperative on July 1, 2012, and, as of January 1, 2013, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2013, deletes or extends the dates on which it becomes inoperative and is repealed.~~

§14574. (a)(1) A distributor of beverage containers shall pay to the department the redemption payment for every beverage container, other than a refillable beverage container, sold or transferred to a dealer, less 1.5 percent for the distributor's administrative costs.

(2) The payment made by a distributor shall be made not later than the last day of the month following the sale. The distributor shall make the

payment in the form and manner that the department prescribes.

(b)(1) Notwithstanding subdivision (a), if a distributor displays a pattern of operation in compliance with this division and the regulations adopted pursuant to this division, to the satisfaction of the department, the distributor may make a single annual payment of redemption payments, if the distributor's projected redemption payment for a calendar year totals less than seventy-five thousand dollars (\$75,000).

(2) An annual redemption payment made pursuant to this subdivision is due and payable on or before February 1 for every beverage container sold or transferred by the distributor to a dealer in the previous calendar year.

(3) A distributor shall notify the department of its intent to make an annual redemption payment pursuant to this subdivision on or before January 31 of the calendar year for which the payment will be due.

(c) This section shall become effective on July 1, 2012.

§14575. (a) If any type of empty beverage container with a refund value established pursuant to Section 14560 has a scrap value less than the cost of recycling, the department shall, on January 1, 2000, and on or before January 1 annually thereafter, establish a processing fee and a processing payment for the container by the type of the material of the container.

(b) The processing payment shall be at least equal to the difference between the scrap value offered to a statistically significant sample of recyclers by willing purchasers, and except for the initial calculation made pursuant to

subdivision (d), the sum of both of the following:

(1) The actual cost for certified recycling centers, excluding centers receiving a handling fee, of receiving, handling, storing, transporting, and maintaining equipment for each container sold for recycling or, only if the container is not recyclable, the actual cost of disposal, calculated pursuant to subdivision (c). The department shall determine the statewide weighted average cost to recycle each beverage container type, which shall serve as the actual recycling costs for purposes of paragraph (2) of subdivision (c), by conducting a survey of the costs of a statistically significant sample of certified recycling centers, excluding those recycling centers receiving a handling fee, for receiving, handling, storing, transporting, and maintaining equipment.

(2) A reasonable financial return for recycling centers.

(c) The department shall base the processing payment pursuant to this section upon all of the following:

(1) Except as provided in paragraph (2), for calculating processing payments that will be in effect on and after January 1, 2004, the department shall determine the actual costs for certified recycling centers, every second year, pursuant to paragraph (1) of subdivision (b). The department shall adjust the recycling costs annually to reflect changes in the cost of living, as measured by the Bureau of Labor Statistics of the United States Department of Labor or a successor agency of the United States government.

Chapter 6. RETURNS

(2) On and after January 1, 2010, the department shall use the most recently published, measured actual costs of recycling for a specific beverage material type if the department determines the number of beverage containers for that material type that is returned for recycling pursuant to Section 14551, based on the most recently published calendar year number of beverage containers returned for recycling, is less than 5 percent of the total number of beverage containers returned for recycling for all material types. The department shall determine the actual recycling cost to be used for calculating processing payments for those beverage containers in the following manner:

(A) The department shall adjust the costs of recycling that material type every second year by the percentage change in the most recently measured cost of recycling HDPE plastic beverage containers, as determined by the department. The department shall use the percentage change in costs of recycling HDPE plastic beverage containers for this purpose, even if HDPE plastic beverage containers are less than 5 percent of the total volume of returned beverage containers.

(B) The department shall adjust the recycling costs annually for that material type to reflect changes in the cost of living, as measured by the Bureau of Labor Statistics of the United States Department of Labor or a successor agency of the United States government.

(d) Except as specified in subdivision (e), the actual processing fee paid by a beverage manufacturer shall equal 65 percent of the

processing payment calculated pursuant to subdivision (b).

(e) The department, consistent with Section 14581 and subject to the availability of funds, shall reduce the processing fee paid by beverage manufacturers by expending funds in each material processing fee account, in the following manner:

(1) On January 1, 2005, and annually thereafter, the processing fee shall equal the following amounts:

(A) Ten percent of the processing payment for a container type with a recycling rate equal to or greater than 75 percent.

(B) Eleven percent of the processing payment for a container type with a recycling rate equal to or greater than 65 percent, but less than 75 percent.

(C) Twelve percent of the processing payment for a container type with a recycling rate equal to or greater than 60 percent, but less than 65 percent.

(D) Thirteen percent of the processing payment for a container type with a recycling rate equal to or greater than 55 percent, but less than 60 percent.

(E) Fourteen percent of the processing payment for a container type with a recycling rate equal to or greater than 50 percent, but less than 55 percent.

(F) Fifteen percent of the processing payment for a container type with a recycling rate equal to or greater than 45 percent, but less than 50 percent.

(G) Eighteen percent of the processing payment for a container type with a recycling rate equal to or greater than 40 percent, but less than 45 percent.

(H) Twenty percent of the processing payment for a container type with a recycling rate equal to or greater than 30 percent, but less than 40 percent.

(I) Sixty-five percent of the processing payment for a container type with a recycling rate less than 30 percent.

(2) The department shall calculate the recycling rate for purposes of paragraph (1) based on the 12-month period ending on June 30 that directly precedes the date of the January 1 processing fee determination.

(f) Not more than once every three months, the department may make an adjustment in the amount of the processing payment established pursuant to this section notwithstanding any change in the amount of the processing fee established pursuant to this section, for any beverage container, if the department makes the following determinations:

(1) The statewide scrap value paid by processors for the material type for the most recent available 12-month period directly preceding the quarter in which the processing payment is to be adjusted is 5 percent more or 5 percent less than the average scrap value used as the basis for the processing payment currently in effect.

(2) Funds are available in the processing fee account for the material type.

(3) Adjusting the processing payment is necessary to further the objectives of this division.

(g)(1) Except as provided in paragraphs (2) and (3), every beverage manufacturer shall pay to the

department the applicable processing fee for each container sold or transferred to a distributor or dealer within 40 days of the sale in the form and in the manner which the department may prescribe.

(2)(A) Notwithstanding Section 14506, with respect to the payment of processing fees for beer and other malt beverages manufactured outside the state, the beverage manufacturer shall be deemed to be the person or entity named on the certificate of compliance issued pursuant to Section 23671 of the Business and Professions Code. If the department is unable to collect the processing fee from the person or entity named on the certificate of compliance, the department shall give written notice by certified mail, return receipt requested, to that person or entity. The notice shall state that the processing fee shall be remitted in full within 30 days of issuance of the notice or the person or entity shall not be permitted to offer that beverage brand for sale within the state. If the person or entity fails to remit the processing fee within 30 days of issuance of the notice, the department shall notify the Department of Alcoholic Beverage Control that the certificate holder has failed to comply, and the Department of Alcoholic Beverage Control shall prohibit the offering for sale of that beverage brand within the state.

(B) The department shall enter into a contract with the Department of Alcoholic Beverage Control, pursuant to Section 14536.5, concerning the implementation of this paragraph, which shall include a provision reimbursing the Department of Alcoholic Beverage Control for its

Chapter 6. RETURNS

costs incurred in implementing this paragraph.

(3)(A) Notwithstanding paragraph (1), if a beverage manufacturer displays a pattern of operation in compliance with this division and the regulations adopted pursuant to this division, to the satisfaction of the department, the beverage manufacturer may make a single annual payment of processing fees, if the beverage manufacturer meets either of the following conditions:

(i) If the redemption payment and refund value is not increased pursuant to paragraph (3) of subdivision (a) of Section 14560, the beverage manufacturer's projected processing fees for a calendar year total less than ten thousand dollars (\$10,000).

(ii) If the redemption payment and refund value is increased pursuant to paragraph (3) of subdivision (a) of Section 14560, the beverage manufacturer's projected processing fees for a calendar year total less than fifteen thousand dollars (\$15,000).

(B) An annual processing fee payment made pursuant to this paragraph is due and payable on or before February 1 for every beverage container sold or transferred by the beverage manufacturer to a distributor or dealer in the previous calendar year.

(C) A beverage manufacturer shall notify the department of its intent to make an annual processing fee payment pursuant to this paragraph on or before January 31 of the calendar year for which the payment will be due.

(4) The department shall pay the processing payments on redeemed containers to processors, in the same manner as it pays refund values

pursuant to Sections 14573 and 14573.5. The processor shall pay the recycling center the entire processing payment representing the actual costs and financial return incurred by the recycling center, as specified in subdivision (b).

(h) When assessing processing fees pursuant to subdivision (a), the department shall assess the processing fee on each container sold, as provided in subdivisions (d) and (e), by the type of material of the container, assuming that every container sold will be redeemed for recycling, whether or not the container is actually recycled.

(i) The container manufacturer, or a designated agent, shall pay to, or credit, the account of the beverage manufacturer in an amount equal to the processing fee.

(j) If, at the end of any calendar year for which glass recycling rates equal or exceed 45 percent and sufficient surplus funds remain in the glass processing fee account to make the reduction pursuant to this subdivision or if, at the end of any calendar year for which PET recycling rates equal or exceed 45 percent and sufficient surplus funds remain in the PET processing fee account to make the reduction pursuant to this subdivision, the department shall use these surplus funds in the respective processing fee accounts in the following calendar year to reduce the amount of the processing fee that would otherwise be due from glass or PET beverage manufacturers pursuant to this subdivision.

(1) The department shall reduce the glass or PET processing fee amount pursuant to this subdivision in addition to any reduction for which the glass or

PET beverage container qualifies under subdivision (e).

(2) The department shall determine the processing fee reduction by dividing two million dollars (\$2,000,000) from each processing fee account by an estimate of the number of containers sold or transferred to a distributor during the previous calendar year, based upon the latest available data.

§14575.1. (a) Notwithstanding subdivision (b) of Section 14575, if a willing purchaser offers to purchase empty PET containers at a voluntary artificial scrap value that is equal to the processing fee reduced pursuant to subdivision (f) of Section 14575 when applied to all containers sold, no processing fee shall be imposed on PET containers pursuant to Section 14575.

(b) If a willing purchaser offers to pay a voluntary artificial scrap value, the department shall, on a monthly basis, determine whether the sum of the voluntary artificial scrap value and payments made from the PET Processing Fee Account pursuant to subdivision (f) of Section 14575, are equal to, or more than, the recycling cost for empty PET containers determined pursuant to subdivision (d) of Section 14575.

(c) If the department determines that, for any monthly period, the sum of the voluntary artificial scrap value and payments made from the PET Processing Fee Account pursuant to subdivision (f) of Section 14575, is less than the recycling cost for empty PET containers, determined pursuant to Section 14575, the following requirements shall apply:

(1) The department shall immediately provide written notification of the deficiency for that monthly period and the amount of that deficiency to any willing purchaser.

(2) A willing purchaser shall correct the deficiency in the next monthly period by adjusting the voluntary artificial scrap value by an amount sufficient to equal the recycling cost for empty PET containers plus the previous monthly period's deficiency.

(3) If the deficiency and amount in arrears is not corrected within 30 days of providing written notice to willing purchasers of empty PET containers, the department shall impose a processing fee pursuant to Section 14575 which includes any amount necessary, including any amount in arrears, to cover the cost of recycling empty PET containers.

(d) If the department determines that, for any monthly period, the sum of the voluntary artificial scrap value and payments made from the PET Processing Fee Account pursuant to subdivision (f) of Section 14575, is greater than the recycling cost for empty PET containers, the department shall do both of the following:

(1) Immediately provide written notification of the deviation for that monthly period and the amount of that deviation to any willing purchaser.

(2) Provide a credit equal to the amount of the deviation for any future monthly period wherein the voluntary artificial scrap value, and payments made from the PET Processing Fee Account, are less than the recycling cost of empty PET containers determined pursuant to subdivision (d) of Section 14575.

Chapter 6. RETURNS

(e) Nothing in this section is intended to affect any litigation that was pending on January 1, 1996, in

which the department is a party of record.

CHAPTER 7. FINANCIAL PROVISIONS

§14580. (a) Except as provided in subdivision (d), the department shall deposit all amounts paid as redemption payments by distributors pursuant to Section 14574 and all other revenues received into the California Beverage Container Recycling Fund, which is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, the money in the fund is hereby continuously appropriated to the department for expenditure without regard to fiscal year for the following purposes:

(1) The payment of refund values and administrative fees to processors pursuant to Section 14573.

(2) For a reserve for contingencies, which shall not be greater than an amount equal to 5 percent of the total amount paid to processors pursuant to Section 14573 during the preceding calendar year, plus the interest earned on that amount.

(b) The money in the fund may be expended by the department for the administration of this division only upon appropriation by the Legislature in the annual Budget Act.

(c) After setting aside funds estimated to be needed for expenditures authorized pursuant to this section, the department shall set aside funds on a quarterly basis for the purposes specified in Section 14581. Notwithstanding Section 13340 of the Government Code, that money is hereby continuously appropriated to the department, without regard to fiscal year, for the purposes specified in Section 14581.

(d) The department shall deposit all civil penalties or fines collected

pursuant to this division into the Penalty Account, which is hereby created in the fund. The money in the Penalty Account may be expended by the department only upon appropriation by the Legislature, for purposes of this division.

(e) The Legislature finds and declares that the maintenance of the fund is of the utmost importance to the state and that it is essential that any money in the fund be used solely for the purposes authorized in this division and should not be used, loaned, or transferred for any other purpose.

§14581. (a) Subject to the availability of funds and in accordance with subdivision ~~(e)~~ (b), the department shall expend the moneys set aside in the fund, pursuant to subdivision (c) of Section 14580, for the purposes of this section in the following manner:

(1) For each fiscal year, the department may expend the amount necessary to make the required handling fee payment pursuant to Section 14585.

(2) Fifteen million dollars (\$15,000,000) shall be expended annually for payments for curbside programs and neighborhood dropoff programs pursuant to Section 14549.6.

~~(3)(A) Fifteen million dollars (\$15,000,000), plus the proportional share of the cost of living adjustment, as provided in subdivision (b), shall be expended annually in the form of grants for beverage container litter reduction programs and recycling programs issued to either of the following:~~

Chapter 7. FINANCIAL PROVISIONS

~~(i) Certified community conservation corps that were in existence on September 30, 1999, or that are formed subsequent to that date, that are designated by a city or a city and county to perform litter abatement, recycling, and related activities, if the city or the city and county has a population, as determined by the most recent census, of more than 250,000 persons.~~

~~(ii) Community conservation corps that are designated by a county to perform litter abatement, recycling, and related activities, and are certified by the California Conservation Corps as having operated for a minimum of two years and as meeting all other criteria of Section 14507.5.~~

~~(B) The grants provided pursuant to this paragraph shall not comprise more than 75 percent of the annual budget of a community conservation corps.~~

~~(C) For the 2009-10 fiscal year only, the eight million two hundred fifty thousand dollars (\$8,250,000) appropriated to the California Conservation Corps for certified local conservation corps by Item 3340-101-0133 of Sec. 2.00 of the 2009-10 Budget Act, as added by Section 166 of Chapter 1 of the Fourth Extraordinary Session of the Statutes of 2009, shall be in addition to the amounts expended pursuant to this paragraph.~~

~~(4)~~

(3)(A) Ten million five hundred thousand dollars (\$10,500,000) may be expended annually for payments of five thousand dollars (\$5,000) to cities and ten thousand dollars (\$10,000) for payments to counties for beverage container recycling and litter cleanup activities, or the department may

calculate the payments to counties and cities on a per capita basis, and may pay whichever amount is greater, for those activities.

(B) Eligible activities for the use of these funds may include, but are not necessarily limited to, support for new or existing curbside recycling programs, neighborhood dropoff recycling programs, public education promoting beverage container recycling, litter prevention, and cleanup, cooperative regional efforts among two or more cities or counties, or both, or other beverage container recycling programs.

(C) These funds shall not be used for activities unrelated to beverage container recycling or litter reduction.

(D) To receive these funds, a city, county, or city and county shall fill out and return a funding request form to the department. The form shall specify the beverage container recycling or litter reduction activities for which the funds will be used.

(E) The department shall annually prepare and distribute a funding request form to each city, county, or city and county. The form shall specify the amount of beverage container recycling and litter cleanup funds for which the jurisdiction is eligible. The form shall not exceed one double-sided page in length, and may be submitted electronically. If a city, county, or city and county does not return the funding request form within 90 days of receipt of the form from the department, the city, county, or city and county is not eligible to receive the funds for that funding cycle.

(F) For the purposes of this paragraph, per capita population shall

be based on the population of the incorporated area of a city or city and county and the unincorporated area of a county. The department may withhold payment to any city, county, or city and county that has prohibited the siting of a supermarket site, caused a supermarket site to close its business, or adopted a land use policy that restricts or prohibits the siting of a supermarket site within its jurisdiction.

~~(5)(A)~~

~~(4)~~ One million five hundred thousand dollars (\$1,500,000) may be expended annually in the form of grants for beverage container recycling and litter reduction programs.

~~(B) Notwithstanding subdivision (f), the department shall not expend funds pursuant to this paragraph for the 2010 and 2011 calendar years.~~

~~(6)~~

~~(5)(A)~~ The department shall expend the amount necessary to pay the processing payment established pursuant to Section 14575. The department shall establish separate processing fee accounts in the fund for each beverage container material type for which a processing payment and processing fee are calculated pursuant to Section 14575, or for which a processing payment is calculated pursuant to Section 14575 and a voluntary artificial scrap value is calculated pursuant to Section 14575.1, into which account shall be deposited both of the following:

(i) All amounts paid as processing fees for each beverage container material type pursuant to Section 14575.

(ii) Funds equal to the difference between the amount in clause (i) and

the amount of the processing payments established in subdivision (b) of Section 14575, and adjusted pursuant to paragraph (2) of subdivision (c) of, and subdivision (f) of, Section 14575, to reduce the processing fee to the level provided in subdivision (e) of Section 14575, or to reflect the agreement by a willing purchaser to pay a voluntary artificial scrap value pursuant to Section 14575.1.

(B) Notwithstanding Section 13340 of the Government Code, the moneys in each processing fee account are hereby continuously appropriated to the department for expenditure without regard to fiscal years, for purposes of making processing payments pursuant to Section 14575.

~~(C) Notwithstanding the other provisions of this section and Section 14575, for the 2010 and 2011 calendar years, the total amount that the department may expend to reduce the amount of processing fees for each container type shall not exceed the total amount expended to reduce processing fees in the 2008 calendar year.~~

~~(7)(A)~~

~~(6)~~ Up to five million dollars (\$5,000,000) may be annually expended by the department for the purposes of undertaking a statewide public education and information campaign aimed at promoting increased recycling of beverage containers.

~~(B) Notwithstanding subdivision (f), the department shall not expend funds pursuant to this paragraph for the 2010 and 2011 calendar years.~~

~~(8)~~

Chapter 7. FINANCIAL PROVISIONS

~~(7)~~ Up to ten million dollars (\$10,000,000) may be expended annually by the department for quality incentive payments for empty glass beverage containers pursuant to Section 14549.1.

~~(9)~~
~~(8)~~(A) Up to ten million dollars (\$10,000,000) may be expended annually by the department for market development payments for empty plastic beverage containers pursuant to Section 14549.2, until January 1, 2017.

~~(B)~~ ~~On and after January 1, 2012, in~~ ~~In~~ addition to the amount specified in subparagraph (A), the department may expend the amount calculated pursuant to subparagraph (C) for market development payments for empty plastic beverage containers pursuant to Section 14549.2.

(C) The department shall calculate the amount authorized for expenditure pursuant to subparagraph (B) in the following manner:

(i) The department shall determine, on or before January 1, 2012, and annually thereafter, whether the amount of funds estimated to be necessary pursuant to clause (ii) of subparagraph (A) of paragraph (6) for deposit to a processing fee account established by the department for plastic beverage containers to make processing payments for plastic beverage containers for the current calendar year is less than the total amount of funds that were estimated to be necessary the previous calendar year pursuant to clause (ii) of subparagraph (A) of paragraph (6) for deposit to that processing fee account.

(ii) If the amount estimated to be necessary for the current calendar year, as specified in clause (i), is less than

the amount estimated to be necessary for the previous calendar year, the department shall calculate the amount of that difference.

(iii) The department shall expend an amount that is not greater than 50 percent of the amount calculated pursuant to clause (ii) for purposes of subparagraph (B).

(iv) If the department determines that the amount of funds authorized for expenditure pursuant to this subparagraph is not needed to make plastic market development payments pursuant to subparagraph (B) in the calendar year for which that amount is allocated, the department may expend those funds during the following year.

(v) If the department determines that there are insufficient funds to both make the market development payments pursuant to subparagraph (B) and to deposit the amount required by clause (ii) of subparagraph (A) of paragraph (6), for purposes of making the processing payments and reducing the processing fees pursuant to Section 14575 for plastic beverage containers, the department shall suspend the implementation of this subparagraph and subparagraph (B).

(D) Subparagraphs (B) and (C) shall remain operative only until January 1, 2017.

~~(b) The fifteen million dollars (\$15,000,000) that is set aside pursuant to paragraph (3) of subdivision (a) is a base amount that the department shall adjust annually to reflect any increases or decreases in the cost of living, as measured by the Department of Labor, or a successor agency, of the federal government.~~

~~(e)~~

Chapter 7. FINANCIAL PROVISIONS

(b)(1) If the department determines, pursuant to a review made pursuant to Section 14556, that there may be inadequate funds to pay the payments required by this division, the department shall immediately notify the appropriate policy and fiscal committees of the Legislature regarding the inadequacy.

(2) On or before 180 days, but not less than 80 days, after the notice is sent pursuant to paragraph (1), the department may reduce or eliminate expenditures, or both, from the funds as necessary, according to the procedure set forth in subdivision ~~(d)~~ (c).

~~(d)~~

(c) If the department determines that there are insufficient funds to make the payments specified pursuant to this section and Section 14575, the department shall reduce all payments proportionally.

~~(e)~~

(d) Prior to making an expenditure pursuant to paragraph ~~(7)~~ (6) of subdivision (a), the department shall convene an advisory committee consisting of representatives of the beverage industry, beverage container manufacturers, environmental organizations, the recycling industry, nonprofit organizations, and retailers to advise the department on the most cost-effective and efficient method of the expenditure of the funds for that education and information campaign.

~~(f)~~

(e) Subject to the availability of funds, the department shall retroactively pay in full any payments provided in this section that have been proportionally reduced during the

period of January 1, 2010, through June 30, 2010.

Amended by Chapter 35, Statutes of 2014 (SB 861); effective June 20, 2014.)

§14581.1. (a) The department shall expend in each fiscal year, from the moneys set aside in the fund pursuant to subdivision (c) of Section 14580, twenty million nine hundred seventy-four thousand dollars (\$20,974,000), plus the cost-of-living adjustment, as provided in subdivision (c), less fifteen million dollars (\$15,000,000), in the form of grants for beverage container litter reduction programs and recycling programs, including education and outreach, issued to either of the following:

(1) Certified community conservation corps that were in existence on September 30, 1999, or that are formed subsequent to that date, that are designated by a city or a city and county to perform litter abatement, recycling, and related activities, if the city or the city and county has a population, as determined by the most recent census, of more than 250,000 persons.

(2) Community conservation corps that are designated by a county to perform litter abatement, recycling, and related activities, and are certified by the California Conservation Corps as having operated for a minimum of two years and as meeting all other criteria of Section 14507.5.

(b) The grants provided pursuant to this section shall not comprise more than 75 percent of the annual budget of a community conservation corps.

(c) The amount of twenty million nine hundred seventy-four thousand dollars (\$20,974,000) that is referenced in subdivision (a) is a base

Chapter 7. FINANCIAL PROVISIONS

amount for the 2014-15 fiscal year, and the department shall adjust that amount annually to reflect any increases or decreases in the cost of living as measured by the Department of Labor or a successor agency of the federal government.

(d) For the 2014-15 fiscal year only, the amount to be expended from the fund for the purposes specified in subdivision (a) shall be increased by seven million five hundred thousand dollars (\$7,500,000).

Added by Chapter 35, Statutes of 2014 (SB 861); effective June 20, 2014.)

§14582. The Recycling Infrastructure Loan Guarantee Account is hereby created as a revolving account in the California Beverage Container Recycling Fund, and the funds in that account are continuously appropriated to the department to issue loan guarantees for capital expenditures for new recycling infrastructure located in the state. The department may issue a loan guarantee from the account only if the department determines that the new recycling infrastructure adds recycling capacity, results in remanufacturing and reuse of beverage containers into new products, and complies with all applicable laws and regulations.

§14583. Notwithstanding Section 14581, on and after July 1, 2012, the department shall not make any payments, grants, or loans, as provided in that section, to a city, county, or city and county, if the city, county, or city and county has adopted or is enforcing a land use restriction that prevents the siting or operation of a certified recycling center at a supermarket site, as defined in Section 14526.6, as may be required pursuant to Section 14571.

§14584. (a) Operators of reverse vending machines or processors may apply to the California Pollution Control Financing Authority for financing pursuant to Section 44526 of the Health and Safety Code, as a means of obtaining capital for establishment of a convenience network. For purposes of Section 44508 of the Health and Safety Code, “project” includes the establishing of a recycling location pursuant to the division.

(b) Corporations, companies, or individuals may apply for loan and grant funds from the Energy Technologies Research, Development, and Demonstration Account specified in Section 25683 by applying to the State Energy Resources Conservation and Development Commission for the purpose of demonstrating equipment for enhancing recycling opportunities.

§14585. (a) The department shall adopt guidelines and methods for paying handling fees to supermarket sites, nonprofit convenience zone recyclers, or rural region recyclers to provide an incentive for the redemption of empty beverage containers in convenience zones. The guidelines shall include, but not be limited to, all of the following:

(1) Handling fees shall be paid on a monthly basis, in the form and manner adopted by the department. The department shall require that claims for the handling fee be filed with the department not later than the first day of the second month following the month for which the handling fee is claimed as a condition of receiving any handling fee.

(2) The department shall determine the number of eligible containers per

site for which a handling fee will be paid in the following manner:

(A) Each eligible site's combined monthly volume of glass and plastic beverage containers shall be divided by the site's total monthly volume of all empty beverage container types.

(B) If the quotient determined pursuant to subparagraph (A) is equal to, or more than, 10 percent, the total monthly volume of the site shall be the maximum volume which is eligible for a handling fee for that month.

(C) If the quotient determined pursuant to subparagraph (A) is less than 10 percent, the department shall divide the volume of glass and plastic beverage containers by 10 percent. That quotient shall be the maximum volume that is eligible for a handling fee for that month.

(3)(A) On and after the effective date of the act amending this section during the 2011-12 Regular Session, and until March 1, 2013, the department shall pay a handling fee per eligible container in the amount determined pursuant to subdivisions (f) and (g).

(B) On and after July 1, 2014, the department shall pay a handling fee per eligible container in the amount determined pursuant to subdivision (f).

(4) If the eligible volume in any given month would result in handling fee payments that exceed the allocation of funds for that month, as provided in subdivision (b), sites with higher eligible monthly volumes shall receive handling fees for their entire eligible monthly volume before sites with lower eligible monthly volumes receive any handling fees.

(5) (A) If a dealer where a supermarket site, nonprofit convenience zone recycler, or rural region recycler is located ceases operation for remodeling or for a change of ownership, the operator of that supermarket site nonprofit convenience zone recycler, or rural region recycler shall be eligible to apply for handling fees for that site for a period of three months following the date of the closure of the dealer.

(B) Every supermarket site operator, nonprofit convenience zone recycler, or rural region recycler shall promptly notify the department of the closure of the dealer where the supermarket site, nonprofit convenience zone recycler, or rural region recycler is located.

(C) Notwithstanding subparagraph (A), any operator who fails to provide notification to the department pursuant to subparagraph (B) shall not be eligible to apply for handling fees.

(b) The department may allocate the amount authorized for expenditure for the payment of handling fees pursuant to paragraph (1) of subdivision (a) of Section 14581 on a monthly basis and may carry over any unexpended monthly allocation to a subsequent month or months. However, unexpended monthly allocations shall not be carried over to a subsequent fiscal year for the purpose of paying handling fees but may be carried over for any other purpose pursuant to Section 14581.

(c)(1) The department shall not make handling fee payments to more than one certified recycling center in a convenience zone. If a dealer is located in more than one convenience zone, the department shall offer a single handling fee payment to a

Chapter 7. FINANCIAL PROVISIONS

supermarket site located at that dealer. This handling fee payment shall not be split between the affected zones. The department shall stop making handling fee payments if another recycling center certifies to operate within the convenience zone without receiving payments pursuant to this section, if the department monitors the performance of the other recycling center for 60 days and determines that the recycling center is in compliance with this division. Any recycling center that locates in a convenience zone, thereby causing a preexisting recycling center to become ineligible to receive handling fee payments, is ineligible to receive any handling fee payments in that convenience zone.

(2) The department shall offer a single handling fee payment to a rural region recycler located anywhere inside a convenience zone, if that convenience zone is not served by another certified recycling center and the rural region recycler does either of the following:

(A) Operates a minimum of 30 hours per week in one convenience zone.

(B) Serves two or more convenience zones, and meets all of the following criteria:

(i) Is the only certified recycler within each convenience zone.

(ii) Is open and operating at least eight hours per week in each convenience zone and is certified at each location.

(iii) Operates at least 30 hours per week in total for all convenience zones served.

(d) The department may require the operator of a supermarket site or rural region recycler receiving handling fees

to maintain records for each location where beverage containers are redeemed, and may require the supermarket site or rural region recycler to take any other action necessary for the department to determine that the supermarket site or rural region recycler does not receive an excessive handling fee.

(e) The department may determine and utilize a standard container per pound rate, for each material type, for the purpose of calculating volumes and making handling fee payments.

(f)(1) On or before January 1, 2008, and every two years thereafter, the department shall conduct a survey pursuant to this subdivision of a statistically significant sample of certified recycling centers that receive handling fee payments to determine the actual cost incurred for the redemption of empty beverage containers by those certified recycling centers. The department shall conduct these cost surveys in conjunction with the cost surveys performed by the department pursuant to subdivision (b) of Section 14575 to determine processing payments and processing fees. The department shall include, in determining the actual costs, only those allowable costs contained in the regulations adopted pursuant to this division that are used by the department to conduct cost surveys pursuant to subdivision (b) of Section 14575.

(2) Using the information obtained pursuant to paragraph (1), the department shall then determine the statewide weighted average cost incurred for the redemption of empty beverage containers, per empty beverage container, at recycling centers that receive handling fees.

(3) Except as provided in subdivision (g), the department shall determine the amount of the handling fee to be paid for each empty beverage container by subtracting the amount of the statewide weighted average cost per container to redeem empty beverage containers by recycling centers that do not receive handling fees from the amount of the statewide weighted average cost per container determined pursuant to paragraph (2).

(4) The department shall adjust the statewide average cost determined pursuant to paragraph (2) for each beverage container annually to reflect changes in the cost of living, as measured by the Bureau of Labor Statistics of the United States Department of Labor or a successor agency of the United States government.

(5) The cost information collected pursuant to this section at recycling centers that receive handling fees shall not be used in the calculation of the processing payments determined pursuant to Section 14575.

(g)(1) On and after the effective date of the act amending this section during the 2011-12 Regular Session, and until March 1, 2013, the per-container handling fee shall not be less than the amount of the per-container handling fee that was in effect on July 1, 2011

(2) The department may update the methodology and scrap values used for calculating the handling fee from the most recent cost survey if it finds that

the handling fee resulting from the most recent cost survey does not accurately represent the actual cost incurred for the redemption of empty beverage containers by those certified recycling centers.

§14585.5. (a) The department shall not make handling fee payments to a supermarket site if the department determines that all empty beverage container types are not redeemed at the same physical location within the recycling location.

(b) A supermarket site that redeems all empty beverage container types at the same physical location within the recycling location, and issues script to consumers which is required to be redeemed at a nearby host business, is eligible to receive handling fee payments.

§14586. This division does not create any guarantee of a continuing level of support, or other obligation on the part of the State of California, the department, or any agency thereof, to pay any specified amount to any local conservation organization, community conservation corps, or statewide nonprofit private agency.

§14587. This division does not require or create any obligation that payments made pursuant to this division to any local conservation organization, community conservation corps, or statewide nonprofit private agency in any given fiscal year be made in any subsequent fiscal year at the same or greater level.

CHAPTER 7.5. PENALTIES FOR UNFAIR RECYCLING COMPETITION

§14588. It is the intent of the Legislature that handling fees paid to supermarket site recycling centers pursuant to Section 14585 shall only be used to offset the unique costs of providing convenient recycling opportunities to consumers at supermarket sites, and that those fees may not be expended for the purpose of engaging in unfair and predatory competition in order to reduce recycling rates of other recycling centers certified pursuant to this division.

§14588.1. (a) As used in this chapter, "unfair and predatory pricing" means the payment to consumers by a supermarket site, that receives handling fees for the redemption of beverage containers, in an amount that exceeds the sum of both of the following:

(1) The California refund value for that container.

(2)(A) If the supermarket site is not located in a rural region, the average scrap value paid per pound for that container type by specified certified recycling centers located within a five-mile radius of the supermarket site on the date of the alleged occurrence, the day before the alleged occurrence, and the day after the alleged occurrence.

(B) If the supermarket site is located in a rural region, the average scrap value paid per pound for that container type by specified certified recycling centers located within a 10-mile radius of the supermarket site on the date of the alleged occurrence, the day before the alleged occurrence, and the day after the alleged occurrence.

(b) In calculating the three-day average price paid by recyclers within the specified distance of a recycler alleged to have engaged in predatory pricing, as required by subdivision (a), the department shall only survey those recyclers who did not receive handling fees in three or more of the 12 whole months immediately preceding the date of the allegation of predatory pricing.

(c) For purposes of this chapter, "rural region" means a nonurban area identified by the department on an annual basis using the loan eligibility criteria of the Rural Housing Service of the United States Department of Agriculture, Rural Development Administration, or its successor agency. Those criteria include, but are not limited to, places, open country, cities, towns, or census designated places with populations that are less than 10,000 persons. The department may designate an area with population of between 10,000 and 50,000 persons as a rural region, unless the area is identified as part of, or associated with, an urban area, as determined by the department on an individual basis.

§14588.2. (a) To ensure that handling fees paid to a supermarket site are not used for the purpose of engaging in unfair and predatory pricing, and to otherwise further the intent of this chapter, the department shall follow all of the requirements of this section upon the complaint of either of the following:

(1) Any certified recycler located within five miles of the supermarket site alleged to have engaged in unfair and predatory pricing if not located in a rural region.

Chapter 7.5. PENALTIES FOR UNFAIR RECYCLING COMPETITION

(2) Any certified recycler located within 10 miles of the supermarket site alleged to have engaged in unfair and predatory pricing if located in a rural region.

(b)(1) Within 50 days of receiving the complaint, the department shall complete an audit of the payments for the redemption of beverage containers being paid by the supermarket site, and by all other certified recycling centers as specified in Section 14588.1, for the purpose of determining whether the supermarket site is engaged in unfair and predatory pricing.

(2) The department shall withhold from public disclosure any proprietary information collected by the department in the course of the audit mandated by paragraph (1). The department shall exercise its discretion in determining what information is proprietary.

(c)(1) If the director determines there is probable cause that a supermarket site, against which a complaint has been made, has engaged in unfair and predatory pricing, the director shall, within 60 days of receiving the complaint, convene an informal hearing before the director, or the director's designee.

(2) At least 10 days before the hearing, the director shall forward the results of the audit to the complainant and respondent.

(3) At the hearing, the director, or the director's designee, shall review the audit conducted pursuant to subdivision (b) and any evidence presented by the complainant that a supermarket site has engaged in unfair and predatory pricing. The director, or the director's designee, shall also review any evidence presented by the

respondent that the respondent has not engaged in unfair and predatory pricing.

(4) The respondent shall be given the opportunity to rebut the presumption of unfair and predatory pricing imposed by Section 14588.1 by demonstrating to the satisfaction of the director, or the director's designee, that the respondent did both of the following:

(A) The respondent made a good faith effort to determine the average scrap value paid per pound for that container type by certified recycling centers located within a five-mile or 10-mile radius of the supermarket site, pursuant to subdivision (a) of Section 14588.1, within 30 days before the date of the alleged violation.

(B) The three-day average scrap value the respondent paid per pound for that container type was within 2.5 percent of the three-day average scrap value paid per pound determined by the department pursuant to subdivision (a).

(5) The director, or the director's designee, may dismiss a complaint made pursuant to subdivision (a) upon determining either of the following:

(A) The complaint is without basis.

(B) The complaint is repetitious of prior similar complaints against the same supermarket site for which the director or the director's designee has determined that no unfair and predatory pricing occurred.

(d) Within 20 days of the completion of the hearing, the director, or the director's designee, shall determine whether the supermarket site has engaged in unfair and predatory pricing. This determination

Chapter 7.5. PENALTIES FOR UNFAIR RECYCLING COMPETITION

shall be based upon the audit conducted pursuant to subdivision (b), and upon any clear and convincing evidence of unfair and predatory pricing presented at the hearing.

(e) During the time period from the date of the receipt of a complaint pursuant to subdivision (a), until the date the director makes a determination pursuant to subdivision (d), the supermarket site against which the allegation of unfair and predatory pricing is made shall not receive handling fees that were earned during the period commencing with the date of the alleged unfair and predatory pricing. However, nothing in this subdivision shall affect the payment of handling fees to a supermarket site that is found not to have engaged in unfair and predatory pricing pursuant to this section, or to the activities of a supermarket site prior to the date of the alleged unfair and predatory pricing.

(f) If, after complying with the procedure established pursuant to this section, the director, or the director's designee, determines that a supermarket site has engaged in unfair and predatory pricing, the site is ineligible to receive handling fees as specified by this section.

(1) If the determination of unfair and predatory pricing is the first for the site, the site is ineligible to receive handling fees for six months from the date that the respondent is found to have engaged in unfair and predatory pricing.

(2) If the determination of unfair and predatory pricing is the second for the site, the site is ineligible to receive handling fees for one year from the date that the respondent is found to have engaged in unfair and predatory pricing.

(3) If the determination of unfair and predatory pricing is the third or more for the site, the site is ineligible to receive handling fees for five years after the date that the respondent is found to have engaged in unfair and predatory pricing.

(g) The complainant or respondent may obtain a review of the determination made pursuant to this section by filing in the superior court a petition for a writ of mandate within 30 days following the issuance of the determination. Section 1094.5 of the Code of Civil Procedure shall govern judicial proceedings pursuant to this subdivision, except that the court shall exercise its independent judgment. If a petition for a writ of mandate is not filed within the time limits set forth in this subdivision, the determination made pursuant to this subdivision is not subject to review by any court or agency.

(h) If either party appeals the determination of the director, or the director's designee, pursuant to subdivision (g), and the department prevails, the department may recover any costs associated with its defense of the complaint.

CHAPTER 8. SEVERABILITY AND ENFORCEMENT

§14590. If any provision of this division or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the division which can be given effect without the invalid provision or application, and to this end the provisions of this division are severable.

§14591. (a) Except as provided in subdivision (b), in addition to any other applicable civil or criminal penalties, a person convicted of a violation of this division, or a regulation adopted pursuant to this division, is guilty of an infraction, which is punishable by a fine of one hundred dollars (\$100) for each initial separate violation and not more than one thousand dollars (\$1,000) for each subsequent separate violation per day.

(b)(1) Every person who, with intent to defraud, knowingly takes any of the following actions is guilty of a crime:

(A) Submits a false or fraudulent claim for payment pursuant to Section 14573 or 14573.5.

(B) Fails to accurately report the number of beverage containers sold, as required by subdivision (b) of Section 14550.

(C) Fails to make payments as required by Section 14574.

(D) Redeems out-of-state containers, rejected containers, line breakage, or containers that have already been redeemed.

(E) Returns redeemed containers to the California marketplace for redemption.

(F) Brings out-of-state containers, rejected containers, or line breakage to

the California marketplace for redemption.

(G) Submits a false or fraudulent claim for handling fee payments pursuant to Section 14585.

(2) If the money obtained or withheld pursuant to paragraph (1) exceeds nine hundred fifty dollars (\$950), a person convicted of a crime pursuant to paragraph (1) is subject to punishment by imprisonment in a county jail for not more than one year, by a fine not exceeding ten thousand dollars (\$10,000), or by both that fine and imprisonment, or by imprisonment pursuant to subdivision (h) of Section 1170 of the Penal Code for 16 months, 2 years, or 3 years, by a fine not exceeding twenty-five thousand dollars (\$25,000) or twice the late or unmade payments plus interest, whichever is greater, or by both that fine and imprisonment. If the money obtained or withheld pursuant to paragraph (1) equals, or is less than, nine hundred fifty dollars (\$950), the person is subject to punishment by imprisonment in a county jail for not more than six months, by a fine not exceeding one thousand dollars (\$1,000), or by both that fine and imprisonment.

(c) For purposes of this section and Chapter 8.5 (commencing with Section 14595), "line breakage" and "rejected container" have the same meanings as defined in the regulations adopted or amended by the department pursuant to this division.

§14591.1. (a)(1) The department may assess a civil penalty upon a person who violates this division in an amount greater than one thousand dollars (\$1,000) pursuant to this division and any regulations adopted

Chapter 8. SEVERABILITY AND ENFORCEMENT

pursuant to this division only after notice and hearing in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(2) The department may assess a civil penalty upon a person who violates this division in an amount equal to, or less than, one thousand dollars (\$1,000), using a notice of violation process established by regulation and may use an informal hearing process pursuant to Article 10 (commencing with Section 11445.10) of Chapter 4.5 of Part 1 of Division 3 of Title 2 of the Government Code.

(3) Each violation of this division is a separate violation and each day of the violation is a separate violation. The department shall deposit all revenues from civil penalties in the Penalty Account specified in subdivision (d) of Section 14580.

(b) Any person who intentionally or negligently violates this division may be assessed a civil penalty by the department pursuant to subdivision (a) of up to five thousand dollars (\$5,000) for each separate violation, or for continuing violations, for each day that violation occurs.

(c) Any person who violates this division by an action not subject to subdivision (b) may be assessed a civil penalty by the department pursuant to subdivision (a) of up to one thousand dollars (\$1,000) for each separate violation, or for continuing violations, for each day that violation occurs.

(d) No person may be liable for a civil penalty imposed under subdivision (b) and for a civil penalty imposed under subdivision (c) for the same act or failure to act.

(e) In determining the amount of penalties to be imposed pursuant to this division, the department shall take into consideration the nature, circumstances, extent and gravity of the violation, the costs associated with bringing the action and, with respect to the violator, the ability to pay, the degree of culpability, compliance history, and any other matters that justice may require.

§14591.2. (a) The department may take disciplinary action against any party responsible for directing, contributing to, participating in, or otherwise influencing the operations ~~of~~, *of* a certified or registered facility or program. A responsible party includes, but is not limited to, the certificate holder, registrant, officer, director, or managing employee. Except as otherwise provided in this division, the department shall provide a notice and hearing in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code before taking any disciplinary action against a certificate holder.

(b) All of the following are grounds for disciplinary action, in the form determined by the department in accordance with subdivision (c):

(1) The responsible party engaged in fraud or deceit to obtain a certificate or registration.

(2) The responsible party engaged in dishonesty, incompetence, negligence or fraud in performing the functions and duties of a certificate holder or registrant.

(3) The responsible party violated this division or any regulation adopted pursuant to this division, including, but not limited to, any requirements

Chapter 8. SEVERABILITY AND ENFORCEMENT

concerning auditing, reporting, standards of operation, or being open for business.

(4) The responsible party is convicted of any crime of moral turpitude or fraud, any crime involving dishonesty, or any crime substantially related to the qualifications, functions, or duties of a certificate holder.

(c) The department may take disciplinary action pursuant to this section, by taking any one of, or any combination of, the following:

(1) Immediate revocation of the certificate or registration, or revocation of a certificate or registration as of a specific date in the future.

(2) Immediate suspension of the certificate or registration for a specified period of time, or suspension of the certificate or registration as of a specific date in the future. Notwithstanding subdivision (a), the department may impose a suspension of five days or less through an informal notice, if the action is subject to a stay on appeal, pending an informal hearing convened in accordance with Article 10 (commencing with Section 11445.10) of Chapter 4.5 of Part 1 of Division 3 of Title 2 of the Government Code.

(3) Imposition on the certificate or registration of any condition that the department determines would further the goals of this division.

(4) Issuance of a probationary certificate or registration with conditions determined by the department.

(5) Collection of amounts in restitution of any money improperly paid to the certificate holder or registrant from the fund.

(6) Imposition of civil penalties pursuant to Section 14591.1.

[\(7\) Suspension for a specified period of time or permanent revocation of eligibility of a supermarket site, rural region recycler, or a nonprofit convenience zone recycler to receive handling fees at one or more of the certificate holder's certified recycling centers.](#)

(d) The department may do any of the following in taking disciplinary action pursuant to this section:

(1) If a certificate holder or registrant holds certificates or is registered to operate at more than one site or to operate in more than one capacity at one location, such as an entity certified as both a processor and a recycling center, the department may simultaneously revoke, suspend, or impose conditions upon some, or all of, the certificates held by the responsible party.

(2) If the responsible party is an officer, director, partner, manager, employee, or the owner of a controlling ownership interest of another certificate holder or registrant, that other operator's certificate or registration may also be revoked, suspended, or conditioned by the department in the same proceeding, if the other certificate holder or registrant is given notice of that proceeding, or in a subsequent proceeding.

(3)(A) If, pursuant to notice and a hearing conducted by the director or the director's designee in accordance with Article 10 (commencing with Section 11445.10) of Chapter 4.5 of Part 1 of Division 3 of Title 2 of the Government Code, the department determines that the continued operation of a certified or registered entity poses

Chapter 8. SEVERABILITY AND ENFORCEMENT

an immediate and significant threat to the fund, the department may order the immediate suspension of the certificate holder or registrant, pending revocation of the certificate or registration, or the issuance of a probationary certificate imposing reasonable terms and conditions. The department shall record the testimony at the hearing and, upon request, prepare a transcript. For purposes of this section, an immediate and significant threat to the fund means any of the following:

(i) A loss to the fund of at least ten thousand dollars (\$10,000) during the six-month period immediately preceding the order of suspension.

(ii) Missing or fraudulent records associated with a claim or claims totaling at least ten thousand dollars (\$10,000) during the six-month period immediately preceding the order of suspension.

(iii) A pattern of deceit, fraud, or intentional misconduct in carrying out the duties and responsibilities of a certificate holder during the six-month period immediately preceding the order of suspension. For purposes of this section, a pattern of deceit, fraud, or intentional misconduct in carrying out the duties of a certificate holder includes, but is not limited to, the destruction or concealment of any records six months immediately preceding the order of suspension.

(iv) At least three claims submitted for ineligible material in violation of this division, including, but not limited to, a violation of Section 14595.5, during the six-month period immediately preceding the order of suspension.

(B) An order of suspension or probation may be issued to any or all

certified or registered facilities or programs operated by a person or entity that the department determines to be culpable or responsible for the loss or conduct identified pursuant to subparagraph (A).

(C) The order of suspension or issuance of a probationary certificate imposing terms or conditions shall become effective upon written notice of the order to the certificate holder or registrant. Within 20 days after notice of the order of suspension, the department shall file an accusation seeking revocation of any or all certificates or registrations held by the certificate holder or registrant. The certificate holder or registrant may, upon receiving the notice of the order of suspension or probation, appeal the order by requesting a hearing in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. A request for a hearing or appeal from an order of the department does not stay the action of the department for which the notice of the order is given. The department may combine hearings to appeal an order of suspension and a hearing for the proposed revocation of a certificate or registration into one proceeding.

(D) Nothing in this section shall prohibit the department from immediately revoking a probationary certificate pursuant to subdivision (b) of Section 14541 or from taking other disciplinary action pursuant to Section 14591.2.

Amended by Chapter 597, Statutes of 2014 (AB 1846); effective January 1, 2015.)

§14591.3. In any civil or administrative action brought pursuant to this division in which the department prevails, the department may assess

Chapter 8. SEVERABILITY AND ENFORCEMENT

against the defendant or respondent any costs and fees, including attorneys' and experts' fees, and the cost of the investigation and hearing, which are incurred by the fund, whether paid or payable from the fund, and are a result of bringing the civil or administrative action against the defendant or respondent. In the same action, the defendant or respondent may claim from the department any costs and fees incurred in defending or responding to any action brought by the department in which the defendant or respondent prevails, upon a finding that the department's action was clearly frivolous or lacking in significant merit.

§14591.4. (a) In addition to any other remedies, penalties, and disciplinary actions provided by this division or otherwise, the department may seek restitution of any money illegally paid to any person from the fund, plus interest at the rate earned on the Pooled Money Investment Account of the total amount.

(b) A certificate holder is liable to the department for restitution pursuant to paragraph (5) of subdivision (c) of Section 14591.2 for payments made by the department to the certificate holder that are based on improperly prepared or maintained documents, as specified in paragraph (7) of subdivision (b) of Section 14538 and paragraph (8) of subdivision (b) of Section 14539.

(c) If the department has a civil cause of action for restitution pursuant to subdivision (a) or (b), or if the department has a civil cause of action against a certificate holder or other responsible party for restitution under any other circumstance, the department may seek restitution in accordance with the following:

(1) For restitution of an amount of more than one thousand dollars (\$1,000), the department shall proceed in a hearing in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The hearing may take place at the same time as a hearing to impose disciplinary action on a certificate holder.

(2) For restitution of an amount of one thousand dollars (\$1,000) or less, the department may use an informal hearing in accordance with Article 10 (commencing with Section 11445.10) of Chapter 4.5 of Part 1 of Division 3 of Title 2 of the Government Code.

(d) Notwithstanding subdivisions (b) and (c) of Section 14591.1, if the department collects amounts in full restitution for money paid, the department may impose a penalty of not more than one hundred dollars (\$100) for each separate violation, or for continuing violations, for each day that violation occurs.

§14591.5. After the time for judicial review under Section 11523 of the Government Code has expired, the department may apply to the small claims court or superior court, depending on the jurisdictional amount and any other remedy sought, in the county where the penalties, restitution, or other remedy was imposed by the department, for a judgment to collect any unpaid civil penalties or restitution or to enforce any other remedy provided by this division. The application, which shall include a certified copy of the final agency order or decision, shall constitute a sufficient showing to warrant the issuance of the judgment. The court clerk shall enter the judgment immediately in conformity with the application. The judgment so entered

Chapter 8. SEVERABILITY AND ENFORCEMENT

shall have the same force and effect as, and shall be subject to all the provisions of law relating to, a judgment in a civil action, and may be enforced in the same manner as any other judgment of the court. The court shall make enforcement of the judgment a priority.

§14591.6. (a) When a person is engaged in recycling activity that violates this division, any regulation adopted pursuant to this division, or an order issued under this division, the department may issue an order to that person to cease and desist from that activity.

(b) If a request for a hearing is filed in writing within 10 days of the date of service of the order described in subdivision (a), a hearing shall be held in accordance with Article 10 (commencing with Section 11445.10) of Chapter 4.5 of Part 1 of Division 3 of Title 2 of the Government Code. The director or the director's designee shall determine whether to sustain or reverse the cease and desist order. If sustained, the order shall become effective and final upon the issuance and service of the order.

(c) If no written request for a hearing is filed within 10 days of the date of service of the order described in subdivision (a), or if a party requesting the hearing does not appear at the hearing, the order shall be deemed the final order of the department and is not subject to review by any court or agency. This order shall become effective and final after the expiration of the 10-day period within which a hearing may be requested.

(d) If a hearing is requested pursuant to subdivision (b) and the party requesting the hearing does not appear on the date scheduled, and fails to

notify the department at least five days prior to the hearing date that the party will not appear, the department may recover from the party all costs and fees incurred by the department, including attorneys' and experts' fees, and any other costs associated with preparing for, or conducting, the hearing.

(e) Upon the failure of any person or persons to comply with any cease and desist order issued by the department, the Attorney General, upon request of the department, shall petition the superior court for the issuance of a preliminary or permanent injunction, or both, as may be appropriate, restraining the person from continuing the activity in violation of the cease and desist order.

(f) The court shall issue an order directing defendants to appear before the court at a certain time and place and show cause why the injunction should not be issued. The court may grant the prohibitory or mandatory relief that may be warranted.

§14593. Notwithstanding subdivisions (b) and (c) of Section 14591.1, the department may assess a civil penalty of up to 15 percent of the amount due for payment, and interest at the rate earned by the Pooled Money Investment Account, on distributors and beverage manufacturers for underpayment or late payment of the redemption payments for containers to the fund. The department may examine the accounts and records of distributors and beverage manufacturers that pay or should pay a redemption payment. No penalty shall be assessed until 30 days after the department has notified the distributor or manufacturer of the penalty

Chapter 8. SEVERABILITY AND ENFORCEMENT

assessment, and the amount due for payment and interest has not been paid.

§14594. (a) Notwithstanding subdivisions (b) and (c) of Section 14591.1, the department may assess a civil penalty of up to 15 percent of the amount due for payment, and interest at the rate earned by the Pooled Money Investment Account, on a beverage manufacturer that fails to pay a processing fee required pursuant to Section 14575. The department may examine the accounts and records of a beverage manufacturer that pays or should pay a processing fee. No penalty shall be assessed until 30 days after the department has notified the manufacturer of the penalty assessment, and the amount due for payment and interest has not been paid.

(b) If the department determines that an audit of a beverage manufacturer shows that there has been an underpayment of a processing fee, the department may examine the records concerning beverage container sales of a container manufacturer that supplied the beverage containers to the beverage manufacturer.

§14594.5. (a) ~~The~~ Notwithstanding Section 14591.1, the department may

assess upon any person, entity, or operation ~~which~~ that redeems, attempts to redeem, or aids in the redemption of, empty beverage containers that have already been redeemed, or redeems, attempts to redeem, or aids in the redemption of, otherwise ineligible beverage containers, including, but not limited to, out-of-state containers or empty beverage container materials imported from out-of-state, a civil penalty of up to ten thousand dollars (\$10,000) per transaction, or an amount equal to three times the damage or potential damage, whichever is greater, plus costs as provided in Section 14591.3, pursuant to notice and hearing in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(b) For purposes of this section, the act of labeling a beverage container pursuant to subdivision (a) of Section 14561 shall not, in and of itself, be deemed to aid in the redemption of ineligible beverage containers.

Amended by Chapter 597, Statutes of 2014 (AB 1846); effective January 1, 2015.

**CHAPTER 8.5. REPORTING REQUIREMENTS AND PAYMENT
PROHIBITIONS RELATED TO OUT-OF-STATE AND OTHER INELIGIBLE
CONTAINERS**

§14595. The Legislature finds and declares that the redemption of beverage container material imported from out of state, previously redeemed containers, rejected containers, and line breakage presents a significant threat to the integrity of the beverage container recycling program and fund. It is therefore the intent of the Legislature that no refund value or other recycling program payments be paid to any person for this material. It is further the intent of the Legislature that any person participating in conduct intended to defraud the state's beverage container recycling program shall be held accountable for that conduct.

§14595.4. For purposes of this chapter, the following definitions shall apply:

(a) "Person" means any individual, corporation, operation, or entity, whether or not certified or registered pursuant to this division.

(b) "Refund value" means, in addition to the definition in Section 14524, any payment by a certified recycler for beverage container material that is at least 15 percent more than the statewide average scrap value for that material type, as determined by the department for the month in which the payment was made, unless the department determines that a reasonable basis exists for that payment.

§14595.5. (a)(1) No person shall pay, claim, or receive any refund value, processing payment, handling fee, or administrative fee for any of the following:

(A) Beverage container material that the person knew, or should have known, was imported from out of state.

(B) A previously redeemed container, rejected container, line breakage, or other ineligible material.

(2) No person shall, with intent to defraud, do any of the following:

(A) Redeem or attempt to redeem an out-of-state container, rejected container, line breakage, previously redeemed container, or other ineligible material.

(B) Return a previously redeemed container to the marketplace for redemption.

(C) Bring an out-of-state container, rejected container, line breakage, or other ineligible material to the marketplace for redemption.

(D) Receive, store, transport, distribute, or otherwise facilitate or aid in the redemption of a previously redeemed container, out-of-state container, rejected container, line breakage, or other ineligible material.

(b) For purposes of implementing subdivision (a), the department shall take all reasonable steps to exclude beverage container material imported from out of state, previously redeemed containers, rejected containers, and line breakage, when conducting surveys to determine a commingled rate pursuant to Section 14549.5.

§14596. (a) Any person importing more than 25 pounds of empty aluminum, bimetal, or plastic beverage container material, or more than 250 pounds of empty glass beverage

Chapter 8.5. REPORTING REQUIREMENTS AND PAYMENT PROHIBITIONS RELATED TO OUT-OF-STATE AND OTHER INELIGIBLE CONTAINERS

container material, into the state, shall report the material to the department and provide the department with all of the following:

(1) Documentation on the source of the material.

(2) Documentation on the destination of the material.

(3) Any other information deemed necessary by the department as it relates to the importation of empty beverage container material.

(4) An opportunity for inspection, in accordance with the regulations adopted by the department.

(b)(1)(A) In addition to inspections required by the regulations adopted by the department pursuant to subdivision (a), a vehicle entering the state that contains more than 25 pounds of empty beverage container material shall pass through the nearest plant quarantine inspection station maintained pursuant to Section 5341 of the Food and Agricultural Code, and shall obtain proof of inspection from the department.

(B) The department may enter into an interagency agreement with the Department of Food and Agriculture to implement the requirements of this subdivision.

(2) The operator of a vehicle that contains more than 25 pounds of empty beverage container material is in violation of this chapter if the operator does any of the following:

(A) Fails to stop the vehicle at a plant quarantine inspection station.

(B) Willfully avoids a plant quarantine inspection station.

(C) Fails to stop upon demand of a clearly identified plant quarantine

inspection station officer, an officer of the California Highway Patrol, or an officer of a state or local law enforcement agency, when the officer orders the operator to stop for the purpose of determining whether this operator is in violation of this section.

(c) The department may impose civil penalties pursuant to Section 14591.1 or take disciplinary action pursuant to Section 14591.2 for a violation of this section.

(d) Subdivision (c) does not prohibit the imposition of a criminal penalty pursuant to subdivision (a) of Section 14591 for a violation of subdivision (b). A second or subsequent violation of subdivision (b) within three years of a prior conviction of a violation of subdivision (b) shall be punishable as a misdemeanor.

§14597. (a) No person shall falsify documents required pursuant to this division or pursuant to regulations adopted by the department. The falsification of these documents is evidence of intent to defraud and, for purposes of subdivision (b) of Section 14591.1, constitutes intentional misconduct. The department may also take disciplinary action pursuant to Section 14591.2 against a person who engages in falsification including, but not limited to, revocation of any certificate or registration.

(b) No person shall submit, or cause to be submitted, a fraudulent claim pursuant to this division. For purposes of this subdivision, a fraudulent claim is a claim based in whole or in part on false information or falsified documents. Any person who submits a fraudulent claim is subject to the assessment of penalties pursuant to

**Chapter 8.5. REPORTING REQUIREMENTS AND PAYMENT PROHIBITIONS
RELATED TO OUT-OF-STATE AND OTHER INELIGIBLE CONTAINERS**

subdivision (b) of Section 14591.1. The department may take action for full restitution for a fraudulent claim, pursuant to Section 14591.4, and may also take disciplinary action pursuant to Section 14591.2 including, but not limited to, revocation of any certificate or registration.

§14599. The department may adopt emergency regulations to implement this chapter. Any emergency regulations, if adopted, shall be adopted in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and for the

purposes of that chapter, including Section 11349.6 of the Government Code, the adoption of these regulations is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, and general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, any emergency regulations adopted pursuant to this section shall be filed with, but not repealed by, the Office of Administrative Law, and shall remain in effect until revised by the director.

PUBLIC RESOURCES CODE
DIVISION 12.5

COMMUNITY CONSERVATION CORPS

(Division 12.5 was added by Chapter 35 (SB 861), Statutes of 2014; effective June 20, 2014)

§17000. For purposes of this division, the following definitions shall apply:

(a) “Certified community conservation corps” means a community conservation corps that was in existence on September 30, 1999, or that is formed subsequent to that date, and that is designated by a city or a city and county to perform litter abatement, recycling, and related activities, if the city or the city and county has a population, as determined by the most recent census, of more than 250,000 persons.

(b) “Community conservation corps” means a community conservation corps, as defined in Section 14507.5, that is designated by a county to perform litter abatement, recycling, and related activities, and that is certified by the California Conservation Corps as having operated for a minimum of two years and as meeting all other criteria of Section 14507.5.

(c) “Department” means the Department of Resources Recycling and Recovery.

§17001. (a) For purposes of the 2014-15 fiscal year only, subject to Section 17002, the department shall expend funds from the following sources, for issuing grants to certified community conservation corps and community conservation corps, in accordance with, and for the purposes specified in, this subdivision:

(1) The department shall expend the amount made available for expenditure during the 2014–15 fiscal year pursuant to Section 14581.1 in the form of grants for implementing beverage container litter reduction programs and beverage container recycling programs, including education and outreach, pursuant to Division 12.1 (commencing with Section 14501).

(2) The department shall expend four million dollars (\$4,000,000) from the funds in the Electronic Waste Recovery and Recycling Account, upon appropriation by the Legislature, for grants to implement programs relating to the collection and recovery of covered electronic waste, including education and outreach, in accordance with Chapter 8.5 (commencing with Section 42460) of Part 3 of Division 30.

(3) The department shall expend two million five hundred thousand dollars (\$2,500,000) from the funds in the California Tire Recycling Management Fund, upon appropriation by the Legislature, for grants relating to implementing programs to clean up and abate waste tires and to reuse and recycle waste tires, including, but not limited to, the tire recycling program authorized by Section 42872, and including education and outreach, in accordance with Chapter 17 (commencing with Section 42860) of Part 3 of Division 30.

COMMUNITY CONSERVATION CORPS

(4) The department shall expend one million dollars (\$1,000,000) from the funds in the California Used Oil Recycling Fund, upon appropriation by the Legislature, for grants to implement programs relating to the collection of used oil, including education and outreach, in accordance with Chapter 4 (commencing with Section 48600) of Part 7 of Division 30.

(b) On and after July 1, 2015, subject to Section 17002, the department shall expend funds from the following sources, for issuing grants to certified community conservation corps and community conservations corps, in accordance with, and for the purposes specified in, this subdivision.

(1) The department shall expend in each fiscal year the amount made available pursuant to Section 14581.1 for grants to implement beverage container litter reduction programs and beverage container recycling programs, including education and outreach, pursuant to Division 12.1 (commencing with Section 14501).

(2) The department shall expend eight million dollars (\$8,000,000) each fiscal year from the funds in the Electronic Waste Recovery and Recycling Account, upon appropriation by the Legislature, for grants to implement programs relating to the collection and recovery of

covered electronic waste, including education and outreach, in accordance with Chapter 8.5 (commencing with Section 42460) of Part 3 of Division 30.

(3) The department shall expend five million dollars (\$5,000,000) each fiscal year from the funds in the California Tire Recycling Management Fund, upon appropriation by the Legislature, for grants to implement programs relating to clean up and abate waste tires and to reuse and recycle waste tires, including, but not limited to, the tire recycling program authorized by Section 42872, and including education and outreach, in accordance with Chapter 17 (commencing with Section 42860) of Part 3 of Division 30.

(4) The department shall expend two million dollars (\$2,000,000) each fiscal year from the funds in the California Used Oil Recycling Fund, upon appropriation by the Legislature, for grants to implement programs relating to the collection of used oil, including education and outreach, in accordance with Chapter 4 (commencing with Section 48600) of Part 7 of Division 30.

§17002. The amount the department may expend for a fiscal year pursuant to Section 17001 shall not exceed the amount determined for that fiscal year pursuant to subdivision (c) of Section 14581.1.

PUBLIC RESOURCES CODE
DIVISION 12.7

PLASTIC WASTE

(Division 12.7 was added by Chapter 838 (AB 3299), Statutes of 1988; effective January 1, 1989)

CHAPTER 1. LEGISLATIVE FINDINGS

§18000. The Legislature finds and declares the following:

(a) Facilitating the recycling of plastics is in the best interests of the state.

(b) This division is intended to require all plastic products sold in California on and after January 1, 1992, to have a molded label indicating the plastic resin used to produce the product.

CHAPTER 2. CONTAINERS AND PACKAGING

§18010. “Rigid plastic container” means any formed or molded article comprised predominantly of plastic resin and having a relatively inflexible finite shape or form intended primarily as a single service container with a capacity of eight ounces or more and less than five gallons.

§18011. “Rigid plastic bottle” means any rigid plastic container with a neck that is smaller than the container body with a capacity of 16 ounces or more and less than five gallons.

§18012. “Label” means a code label described in Section 18015 molded into the bottom of the plastic product.

§18015. (a) All rigid plastic bottles and rigid plastic containers sold in California on and after January 1, 1992, shall be labeled with a code which indicates the resin used to produce the rigid plastic bottle or rigid plastic container. Rigid plastic bottles or rigid plastic containers with labels and basecaps of a different material shall be coded by their basic material. The code shall consist of a number placed inside a triangle, and letters placed below the triangle. The triangle shall be equilateral, formed by three arrows with the apex of each point of the triangle at the midpoint of each arrow, rounded with a short radius. The pointer (arrowhead) of each arrow shall be at the midpoint of each side of the triangle with a short gap separating

the pointer from the base of the adjacent arrow. The triangle, formed by the three arrows curved at their midpoints shall depict a clockwise path around the code number. The numbers and letters used shall be as follows:

1 =PETE (polyethylene terephthalate)

2 =HDPE (high density polyethylene)

3 =V (vinyl)

4 =LDPE (low density polyethylene)

5 =PP (polypropylene)

6 =PS (polystyrene)

7 =OTHER (includes multilayer)

(b) A “7” shall appear below the resin abbreviation when the bottle or container is composed of more than one layer of that resin.

(c) On and after January 1, 1989, the Division of Recycling of the Department of Conservation shall maintain a list of abbreviations used on labels pursuant to subdivision (a) and shall provide a copy of that list to any person upon request.

§18016. On and after January 1, 1992, it is unlawful to manufacture for use in this state any rigid plastic container which is not labeled in accordance with Section 18015. A violation of this section is a crime punishable by a fine of one thousand dollars (\$1,000).

PUBLIC RESOURCES CODE
DIVISION 12.9

FIBERGLASS RECYCLED CONTENT ACT OF 1991

(Division 12.9 was added by Chapter 706 (AB 1340), Statutes of 1991; effective January 1, 1992)

CHAPTER 1. FINDINGS AND DEFINITIONS

§19500. The Legislature finds and declares all of the following:

(a) Recycling of glass sold in the state benefits the state through reduction in the need for solid waste landfills, more efficient use of energy in manufacturing, and development of an economy more efficient in its use of secondary materials.

(b) Because of the expansion of recycling collection programs in the state, there is a need to aggressively develop new markets for scrap glass.

(c) The use of scrap glass in the manufacture of fiberglass products sold in California will contribute significantly to developing markets for recycled glass.

(d) The use of cullet in fiberglass manufacturing presents no significant technical or financial barriers to industry or consumers, if the cullet meets minimum quality specifications.

(e) In order to enhance the availability and efficiency of recycling opportunities, it is in the best interest of the health and safety of the people

of the state to make alternative markets for recycled glass economically feasible.

§19501. This division shall be known and may be cited as the Fiberglass Recycled Content Act of 1991.

§19502. For purposes of this division, the following definitions shall apply:

(a) “Cullet” means postconsumer glass from food, drink, or beverage containers, or any other glass not generated by fiberglass manufacturing.

(b) “Department” means the Department of Conservation.

(c) “Fiberglass manufacturer” means a person who uses glass in the commercial manufacture of building insulation fiberglass for wholesale or retail sale in the state.

(d) “Building insulation” means a fiberglass batt, blanket, loose fill or spray-in-place material primarily designed and used to resist heat flow, that is installed in roofs, ceilings, walls, and floors of buildings.

CHAPTER 2. FIBERGLASS RECYCLED CONTENT PROGRAM

§19510. Except as provided in Section 19511, every manufacturer shall ensure that the annual tonnage of fiberglass manufactured or sold in the state by that manufacturer on and after January 1, 1992, other than fiberglass in inventory manufactured for sale before January 1, 1992, shall contain at least 10 percent cullet.

§19511. The percentage of fiberglass sold which is made of cullet shall be calculated in tons used on an annual basis. Unless the department determines that an increase in the percentage of cullet would pose an unreasonable technical burden on the fiberglass manufacturer that exceeds the benefits to recycling the cullet, each fiberglass manufacturer shall increase the percentage of cullet in fiberglass in accordance with the following requirements:

(a) On and after January 1, 1994, until December 31, 1994, the percentage of cullet shall be 20 percent.

(b) On and after January 1, 1995, the percentage of cullet shall be 30 percent.

§19512. On or before January 1, 1994, the department shall request comments from at least two fiberglass manufacturers, two cullet processors, and any other interested parties on the feasibility of increasing the percentage of cullet in fiberglass to 30 percent. On or before July 1, 1994, the department shall hold a public hearing, on the record, with representatives from the fiberglass industry, cullet processors, and other interested parties to determine the feasibility of increasing cullet content in fiberglass manufacturing.

CHAPTER 3. CULLET SPECIFICATIONS FOR FIBERGLASS MANUFACTURING

§19515. The quality specifications provided in this chapter are the minimum quality specifications which cullet is required to meet for purposes of the exemption specified in Section 19522.

§19515.5. Chemical Composition

Oxides	Percentage Weight	Tolerance (+ or - Percentage Range)
Silicon Dioxide	66-75	1.00
Aluminum Oxide	0-7	0.50
Calcium Oxide	5-15	0.50
Magnesium Oxide	0-5	0.50
Sodium Oxide	8-18	0.50
Potassium Oxide	0-4	0.50
Iron Oxide	less than 0.5	0.05
Chromium Oxide	less than 0.1	0.02
Sulfur Trioxide	less than 0.2	0.02
All other oxides	less than 0.1	0.02
Organic Carbon	less than 0.1	0.02
Moisture Content (No caking with free-flowing fiberglass)	less than 0.5	0.05
Loss on Ignition	less than 1.0	0.10

§19516. Contaminants

Other Inorganic Material	Percentage Weight
+12 Mesh	None
+20 Mesh	less than 0.1
-20 Mesh	less than 0.2
Magnetic Materials	less than 0.1
Nonmagnetic Materials	None

Chapter 3. CULLET SPECIFICATIONS FOR FIBERGLASS MANUFACTURING

§19517. Physical Composition

Particle Size: Cullet shall be one of two types below depending upon the requirements of the fiberglass manufacturer.

Screen Size	Coarse Cullet	Fine Cullet
+1/4"	0%	0%
+12 Mesh	25% Minimum	0.5% Maximum
-200 Mesh	15% Maximum	15.0% Maximum
Color Distribution		
Type	Nominal Percentage Weight	Tolerance (+ or - Percentage Range)
Flint	0-100	+ or - 3.0
Green	1-100	+ or - 3.0
Amber	less than 25	+ or - 3.0

§19518. The department may change minimum quality specifications based upon the fiberglass industries' ability to use cullet with higher levels of contamination.

§19519. A fiberglass manufacturer shall comply with all applicable state and federal laws, regulations, and permits concerning the environment, health, or safety when using cullet in fiberglass manufacturing.

CHAPTER 4. CERTIFICATION OF USE

§19520. Each fiberglass manufacturer shall, on or before March 1 of each year, submit a report to the department certifying the number of tons of cullet used for the manufacture of fiberglass during the preceding calendar year and the number of tons of fiberglass sold in the state during the preceding calendar year.

§19521. Every fiberglass manufacturer who submits glass cullet content usage certification pursuant to Section 19520 may be subject to an audit by the department to ensure that the cullet was used.

§19522. If a manufacturer of fiberglass is unable to obtain sufficient amounts of cullet within any certification period, the manufacturer shall certify this fact to the department and provide the department with the specific reason for failing to use cullet,

including verification of a best faith effort to use the cullet, and evidence that the cullet failed to meet minimum quality specifications pursuant to Chapter 3 (commencing with Section 19515) and, therefore, presented a significant barrier to meeting the requirements of Chapter 2 (commencing with Section 19510).

§19523. For the purposes of implementing and enforcing these provisions, the department shall develop and maintain a list which identifies all fiberglass manufacturers. The department shall also make available to fiberglass manufacturers names and addresses of all recyclers and processors of cullet certified pursuant to Division 12.1 (commencing with Section 14500).

CHAPTER 5. ENFORCEMENT

§19530. If any person provides a fiberglass manufacturer with false or misleading information concerning the recycled content of glass cullet, the department, within 30 days of making this determination, shall refer the false or misleading certificate to the Attorney General for prosecution for fraud.

§19531. If any fiberglass manufacturer provides the department with a false or misleading certificate concerning the percentage of glass cullet used pursuant to this division pursuant to Section 19520, the department, within 30 days of making this determination, shall refer the false or misleading certificate to the Attorney General for prosecution for fraud.

§19532. If any fiberglass manufacturer provides the department with a false or misleading certificate concerning why the fiberglass manufacturer was unable to meet the content requirements due to technical infeasibility pursuant to Section 19522, the department, within 30 days of making this determination, shall refer the false or misleading certificate to the Attorney General for prosecution for fraud.

§19533. Information on glass cullet prices or other prices obtained by the department in the course of an audit is proprietary information and the

department shall not make this information available to the general public.

§19534. This division does not prevent a person from selling or using fiberglass made of 100 percent virgin content, as long as the fiberglass manufacturer meets the content requirements of Chapter 2 (commencing with Section 19510).

§19535. (a) Any person who violates Chapter 2 (commencing with Section 19510) or this section is guilty of an infraction punishable by a fine of not more than one thousand dollars (\$1,000).

(b) In addition to subdivision (a), any person who violates this division may be assessed a civil penalty by the department of not more than one thousand dollars (\$1,000) for each violation, pursuant to a notice and a hearing conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. Any civil penalties and fines received pursuant to this section shall be deposited in the Fiberglass Recycled Content Account, which is hereby established in the California Beverage Container Recycling Fund, and the funds in that account may be expended by the department for the administration of this division upon appropriation by the Legislature.
